Report of the Board of Selectmen

Your Board of Selectmen respectfully report their activities of the past year and its recommendations for the coming year.

After the 1971 Town Elections at which time the Board was increased from three to five members, James D. Mullen, Jr. was elected Chairman and Charles C. Willis elected as Clerk.

Regular meetings were held on Monday evenings and on many other necessary occasions. We also attended many hearings for other Town Boards in order to keep abreast of the overall activities in Easton.

Our community continues to grow, with many homes and apartment houses being built. Due to the great increase in building, we recommend the hiring of a full time Building Inspector. With this growth, we have also added to the already heavy burden of the Highway Department in the collection of rubbish and plowing and sanding of the additional streets. Our Highway Departmeent continues to be overburdened by its many operations and requests from citizens. We now have a list of priorities which the Highway Department can follow. They include repairs, tarring and widening of Town streets, and a sidewalk program. Our Superintendent puts in many hours over and above his usual days work, especially during snow and ice storms. Your Board is asking that an Assistant Superintendeent be appointed to alleviate this condition. Some new equipment will also be asked for this year due to obsolesence and age.

The maintenance of our Town Office Building has progressed as voted at the 1971 Town meeting. We hope to accomplish further work on the outside of the building this coming year. Jobs such as painting and repairing doorways and windows this time of year are most difficult because the hearing rooms are so hard to heat. The beauty and the general good condition of the building must be preserved. During the year, Carl Larson retired as custodian. We wish to thank Mr. Larson for his years of faithful service and wish him many years of happy and healthy retirement. Frederick Murphy of Bay Road was appointed to take over the custodial position.

Bids for the preparation of the Prospect Street Sanitary Land Fill site will be advertized shortly, although some doubt is present as to whether or not the Massachusetts Department of Natural Resources will accept the site due to the possible pollution of the Hockomock Swamp, which is in the process of being purchased by the Commonwealth of Massachusetts. Other methods of collecting and disposing of rubbish and garbage are now being investigated by your Board and will be properly explained before Town Meeting.

Drainage on public roads plus subdivisions continue to plague your Board. The Pickering Engineering Corp. of West Bridgewater was hired on a case to case basis to be used by all Town Departments requiring engineering services, especially the Board of Health. Planning and Zoning Boards, the Building Inspector and the Highway Department. A master plan for an overall drainage system for the town was suggested and postponed because of cost and the resultant effect on the tax rate. We do recommend the continuance of the practice of hiring engineering services on a part time basis until such time as the town establishes a Department of Public Works.

Our Administrative Assistant resigned in Novembeer 1971 for a more lucrative position in Westbrook, Maine. Your Board feels than an officer such as this is a real necessity to the smooth operation and functioning of various Town Departments, and establishes a closer liaison between the departments. A new Administrator will soon be selected from over 100 applications received.

Most Town Departments have organized for the purpose of collective bargaining in order to effect increased salaries and fringe benefits.

The work of the Police Department is increasing all the time, as can be seen by a perusal of the report of that department. Dreystadt American of Brockton has furnished the Police Department a car to be used by the Safety Officer in his work. The Board wishes to thank publicly Dreystadt American for their generosity and interest in promoting safety in Easton.

The Congress of the United States appropriated money to be used by cities and towns to alleviate the unemployment problem under a National Manpower Act, handled through the Commonwealth of Massachusetts. The Town of Easton, through your Board, was able to procure three Laborers for the Highway Departmeent, and a secretary for the combined Boards of Health and Planning together with the Building Inspector. We were also able to establish a Child Care Center at 89 Center Street to accommodate about twelve children of working mothers. All these salaries or hourly rates of pay will be taken care of by the Commonwealth out of Federal Funds allotted for this purpose and at no cost to the Town of Easton.

Your Board hopes during 1972 to complete the work caused by the flood of 1968 at the corner of Sullivan Avenue, Pond Street, and Mechanic Street. Some work has been accomplished. We propose to acquire a strip of land at Mechanic and Pond Streets to widen the corner and make it more accessible to our large fire trucks and school buses. This also would generally clean up an area close to our Easton Historical Building which will be a center of attraction during our coming 250 year anniversary of the Incorporation of our town in 1975.

The Selectmen's Office is open 9 a.m. to 5 p.m. daily except Saturdays and Sundays. Our telephone numbers are 238-4341 or 238-4342. We hope that during 1972-1973 more citizens will take an active part in the affairs of our community by offering their services to the various Boards or Committees of the Town to achieve the end we are all working toward — namely, to make Easton a better community in which to live.

We wish to express our thanks to the many Boards and Committees for their support and assistance during the past year.

Respectfully submitted,

JAMES D. MULLEN, JR., Chairman
CHARLES C. WILLIS, Clerk
ARTHUR H. TUFTS
JAMES H. HEALEY
LEWIS N. ARIES, JR.

Report of the Board of Assessors

To the Citizens of Easton:

We submit the following report of the Town of Easton as assessed January 1, 1971:

Value of Assessed Real Estate	$65,249,450.00
Value of Assessed Personal Estate	3,264,720.00
Total Assessed Value of Personal and Real Estate	$68,514,170.00
Number of acres of land Assessed	15,401
Number of Dwellings Assessed (including 42 Trailers)	3,005
1971 Tax Rate	$54.00

Recapitulation

Amount Raised and Appropriated at Annual Town Meeting		$4,156,247.00
Amount Appropriated from Available Funds		162,,453.76
Bond and Interest Charges		1,085,549.00
County Retirement		76,155.80
Court Judgment		7,000.00
School Lunches		20,260.23
State Recreation Areas		18,079.03
State Recreation Areas — 1970 Underestimate		1,104.74
Audit of Accounts		5,588.81
Motor Vehicle Excise		1,345.05
Mosquito Control		5,983.22
State Assessment System		486.28
Old Colony Planning Council (1971 and 1970 underestimate)		2,813.27
Overlay Deficit for Prior Years		133.25
County Tax		89,095.11
Overlay		122,518.29
Gross Amount to be Raised		$5,754,812.84
Estimated Receipts	$1,713,787.44	
Overestimates (Cherry Sheet)	3,766.46	
Available Funds		
Water Department	101,832.00	
Water Funds	107,720.00	

Available Funds to Reduce Tax Rate	67,320.00	
Available Funds	18,886.76	
Overlay Reserve	16,735.00	
Overlay Reserve	25,000.00	
Total Available Funds and Estimated Receipts		$2,055,047.66
Net Amount to be Raised by Taxation on Property		$3,699,765.18

Although there was a increase in 1971 of $3,471,769 in the assessed valuation of the Town, the amount to be raised by taxation also increased $967,795.34 and the net result was a $12.00 tax increase, bringing the tax rate up to $54. per thousand.

Data processing of tax bills became a reality in 1971 and we are very pleased with the system being used. The transition went very smoothly and tax bills were ready for mailing within two weeks after the setting of the tax rate.

Your Board can see no prospect of a lower or stabilized tax rate as building of homes continues at a faster pace each year. The result being a larger school population and more town services being required. Brockton Taunton Gas Company has built a large storage facility in the west side of Town near the Mansfield line, which is the first large non-residential building Easton has had for many years.

Respectfully submitted,

FREDERICK J. MEADE, Chairman
WILLIS G. BUCK, Clerk
JOHN A. KEACH, JR.

Report of Maternal and Child Welfare Nursing Service

To the Selectmen and Board of Health
of Easton:

The following is the annual report of the Maternal and Child Welfare Nursing Service for the year 1971.

Eight Well Child Conferences were held during the year by the Easton Nursing Association, Inc. at the nursing office, Frothingham Memorial House. Dr. Clara Waldinger, Pediatrician, Assistant Professor of Pediatrics at Boston University, was the attending physician. The Well Child Conferences are for well children only, of pre-school age, residents of Easton, and provide a physical examination, as well as immunizations. The following immunizations are available: Diphtheria, pertussis (whooping cough), and tetanus antigen, smallpox, measles, mumps, rubella (German measles), and Sabin trivalent oral polio vaccines. The tuberculin Tine test is also available. Referrals are made to the family physician of any defects found.

11 infants and 89 pre-school children attended the conferences in 1971.

There were 19 infant and 12 pre-school visits to the clinic conferences during the year.

53 injections of DPT (diphtheria, pertussis, and tetanus) were administered to 15 infants and 38 pre-school children.

2 injections of DT were given to 2 pre-school children.

42 drinks of Sabin Trivalent oral polio vaccine were given to 10 infants and 32 pre-school children.

26 pre-school children had mumps vaccine.

17 pre-school children had measles vaccine.

49 pre-school children had rubella vaccine.

4 preschool children received smallpox vaccine.

2 infants and 41 pre-school children received the Tine tuberculin test.

10 infants and 77 preschool children had physical examinations.

Of the children attending the clinic, 23 children completed the primary series of Sabin Trivalent oral polio immunization and 3 children had booster doses.

5 infants and 6 pre-school children completed the basic series of DPT antigen and 31 pre-school children received booster injections, plus 2 children who received booster injections of DT.

The Maternal and Child Health Supervision, exclusive of children attending the clinic-conferences, is as follows:

		Cases	Visits
Ante-Partum		9	11
Post-Partum		118	154
Newborn		100	109
Infant		72	91
Pre-school	1- 4	164	252
School	5- 9	151	224
School	10-14	49	68
School	15-17	19	30
Adult	18-21	7	11
Adult	21-64	55	146
Adult	65+	57	142
Other			76
Unclassified			184
		801	1,500

In addition to the above figures, there were 67 visits to the nurses made by residents of Elise Circle Elderly Project, during the time the nurse is present there each month.

Several memorial gifts were received during the year. There were also monetary donations and gifts of equipment. The Association is very grateful for this consideration.

The services of the Easton Nursing Association, Inc. are available to any resident of Easton. Hospital beds and other sickroom equipment for home use are also available, at no charge, at the nursing office.

The nurses can be reached at the Easton Nursing Association, Inc. office, Frothingham Memorial House, Barrows Street, North Easton.

Office hours: 9:00 A.M. to 12:30 P.M. Monday through Friday.

Telephone: 238-2651.

Following is the report of acute communicable cases and visits made by the nurses in 1971.

	Cases	Visits
Tuberculosis-active	1	4
Tuberculosis-inactive	3	5
Tuberculosis-contacts	15	22
Mumps	30	30
	—	—
Total	49	61

Contacts by telephone and mail were made to individuals delinquent in regard to check-up visits. Mantoux tuberculosis testing is now available to Easton residents at the nursing office, and 34 people received this test during the year. The staff nurses also participated in a Mantoux testing program at Stonehill College. This was done on people found to have a positive reaction to the Heaf tuberculin test as evidenced by a prior screening clinic.

Respectfully submitted,

MARY E. LAWSON, R.N.

Report of the Board of Health

To the Citizens of Easton:

On the first of January 1971 the Board of Health put its new Rules and Regulations for Sanitary Sewage Systems into effect. These regulations had been completely rewritten and presented at open meetings prior to adoption; they were published in last year's Town Report. These efforts, along with the cooperation of the designing engineers, have made the testing, designs, and installations much more reliable and the Town records accurately reflect the installed systems.

The new procedure guide (as published with this report) will assure to home buyers just what has been installed since it has been certified by the registered designing engineer and checked by the agent for the Board of Health.

We have during this past year engaged Mr. Everett Erickson as their agent. He has been extreemly helpful and valuable in the implementation of this program.

The Board of Health was retained as an elected Board by referendum last March. We feel this action by the voters endorses our stated need for an independent Board to review all public health matters of our Town.

We note also that the voters rejected Fluoridation of the water supply. This we feel was a distinct set back to the dental health of a large part of our present population who cannot yet vote and will be reflected in the continued decay rate of teeth and the resulting high dental bills born by us as private family expenses as well through taxes paid for Medicaid Dental care. The State Department of Public Health has continued its efforts by again ordering the MDC to begin Fluoridation. The Town of Easton must be given another opportunity to reconsider this vital public health issue in the future.

The Board has continued its efforts in public health by reporting communicable diseases; inspection of food handling establishments — as restaurants and stores; milk inspection; issuance of all permits for piggeries; garbage contracts and transportation, trailer parks; non-alcoholic bottling; day camps; funeral, and plumbing permits, etc.

BOARD OF HEALTH REGULATIONS

PROCEDURES TO BE FOLLOWED BY APPLICANTS FOR SEWAGE DISPOSAL PERMITS

1. Secure the services of a registered engineer qualified in matters of sewage disposal, who will make the necessary soil tests and prepare the design for the proposed sewage disposal system in accordance with published regulations adopted by the Board of Health and State Sanitary Code. The Board of Health must be notified when soil tests are to be made so that its agent may be present to observe tests.

2. Submit with the application form, in triplicate, the prepared plans of the designing engineer.

3. After receiving construction permit contact Board of Health upon completion of leaching area excavation. If material is to be replaced, have sample of gravel fill on site. Board of Health agent must inspect excavation and proposed gravel fill.

4. Contact Board of Health upon completion of system, but before backfilling, for final inspection. Design engineer must be present at final inspection by Board of Health agent to record actual grades and distances. "As built" drawings shall be submitted and certificate of compliance must be signed by both design engineer and Board of Health agent before Occupancy Permit will be issued by the Building Inspector.

5. Board of Health agent will be present at regular meetings of the Board to review rejected applications. Please call secretary to the Board for appointment.

Respectfully submitted,

DONALD F. CRAIG, Chairman
HERBERT L. EVERETT, M.D.
GEORGE LUKE
Board of Health

Report of the Planning and Zoning Board

To the Citizens of Easton:

The Planning & Zoning Board endeavors to assure the residents of Easton that functional and effective land use planning is a primary requisite for the purpose of protecting the safety, convenience and welfare of the public. Merely a presentation of a satisfactory plan does not accomplish the results — satisfactory physical completion of the proposed developed area is mandatory. The volume of work is steadily increasing, resulting **now** in meetings every week, physical inspections of land use changes every weekend and preparation of documents for the overall development of Easton, including new subdivision rules and regulations, apartment zoning, a new zoning map and master drainage plan. Physical inspections by the board members are conducted in detail and in a professional manner to assure compliance with the subdivision rules and investigations of complaints.

The increased work load, in-depth review and inspection to safeguard the taxpayers' interest generates voluminous "paper work". Thereby, requiring secretarial service on a full time basis which is not presently available. Resulting rejection of not providing this needed secretarial service reflects in high maintenance costs of roads and municipal services in the future — How? The secretary supports the administrative tasks of the Board members.

To offset expenditures incurred by the Board as a result of the functioning of the Board, revenue is now derived, under the new subdivision laws, from charging $2.00 per each copy of the regulations vs. previously dispensing them free.

Second, in lieu of receiving only Twenty-five ($25.00) dollars previously for advertising, notices and engineering **for each subdivision,** the new regulations will require Thirty ($30.00) dollars to cover the cost of advertising and notices **plus $25.00 for each lot** within the subdivision.

Sixty plans not requiring approval under the subdivision control law were approved.

Six subdivisions have been approved. Camelot Estates on the south side of Beaver Dam Road with 84 lots. Pinebrook

Village on the west side of Washington Street with 8 lots. Walter Endriunas - Extension of Shady Rest Road - with 19 lots. Beaver Brook Acres off the south side of Rockland Street with 63 lots. Crestwood off the south side of Highland Street with 7 lots. Olde Farm Trust off the south side of Prospect Street with 41 lots.

Six proposed subdivisions were presented. Wingate Chadbourne off Bay Road and Prospect Street with 26 lots. Robert Leonard off Summer Street with 70 lots. Easton Meadows Realty Trust on the west side of Washington Street with 25 lots. Olde Farm Trust off the north side of Prospect Street with 43 lots. Antosca Construction Co. Inc. on the north side of Beaver Dam Road with 33 lots. Douglas King Builders, Inc. on the north side of Norton Avenue with 39 lots.

Respectfully submitted,

EDMUND J. McADAM, JR., Chairman
DAVID T. THERRIEN, Clerk
CHARLES J. MALCOSKY
JEROME H. FLETCHER
JOHN E. GRANT
Planning & Zoning Board

Report of the Old Colony Planning Council

The basic planning guide for the region has been completed by the OCPC staff. This document should prove to be the most valuable planning tool available to the member communities. The document contains information covering regional goals, policies and objectives, existing land use, physical features, population factors, economic and social factors and a future land use guide. The Council hopes to publish this document for distribution and use by the various town boards and officials.

During 1971 the Council initiated an Economic Base Study. This study will delineate industrial inventories, job habits, available manpower skills, in addition to specific recommendations to revise the industrial growth sector of our economy. An advisory subcommittee of private citizens has been formed to work closely with our consultant and staff to achieve a viable report.

The three year study of the regional water and sewer problems was completed in 1971. The findings and recommendations are contained in a summary report which is available at the Council office. 1971 also saw the completion and publication of the study on regional housing issues. A subcommittee has been formed with representatives from all member communities.

The open space project designed to develop techniques for securing citizen participation in planning school playgrounds for urban areas was also completed. A written report, available upon request to the Council, describes the methods and materials used, its success and failures.

A concerned interest and involvement on the part of citizens remains our greatest challenge. The expertise within the communities is essential if we are to effectively plan for the future, and develop an environment compatible with our regional needs.

Respectfully submitted,

RICHARD A. HAM, Delegate
RICHARD CHASE, Alternate
Old Colony Planning Council

Report of the Inspector of Milk

During 1971 samples of milk were collected from local and town dealers who sell milk in Easton. These samples were tested for the percentage of butterfat, total solids, sediment and plate for bacteria count. Samples of milk were also collected from local stores and school cafeterias and given similar tests.

The local farms on which milk was produced and retailed in Easton were inspected for conditions of the herd, barn, milk room, refrigeration and condition of milk utensils.

Licenses issued to stores for the sale of oleomargarine numbered fourteen, milk and cream licenses for vehicles numbered fourteen, and store licenses for the sale of milk and cream numbered twenty-four.

Respectfully submitted,

WILLIAM H. TUFTS
Milk Inspector

Report of the Plumbing Inspector

To the Board of Health of Easton:

There were 178 permits issued in the year 1971 and the fees collected amounted to $2,343.00

Respectfully submitted,

GEORGE E. SAWYER
Plumbing Inspector

Report of the Inspector of Animals

To the Selectmen of Easton:

I hereby submit my report for the year ending December 31, 1971.

During the year, inspection of all dairy cattle was made and conditions and cleanliness of the premises where they were kept. The horses were also inspected and the buildings where they were housed.

There were 4,315 cattle shipped into the Town of Easton and 4,282 cattle sold. The above cattle were shipped into the town from out of state. These cattle were inspected and ear tag numbers sent to the Department of Livestock Disease Control.

There were 71 dogs quarantined for 10 days because of dog bites and inspected again at the end of 10 days for rabies. Last year there were only 57 dog bites; however, as the town population increases the people bring in their dogs or purchase some to protect them and their property.

The inspection of 198 grade cattle and 4 pure bred cattle, 11 dairy heifers, 4 pure bred heifers, one to two years of age, 40 dairy heifers, under one year of age, 1 bull, 6 beef cattle, 34 horses, 21 ponies, 2 sheep and 2 swine.

I wish to thank the people of Easton and especially the boys and girls for your cooperation.

Respectfully submitted,

WILLIAM H. TUFTS
Inspector of Animals

Report of the Dog Officer

Gentlemen:

I herewith submit my report as Dog Officer for 1971.

820	Calls received and investigated
300	Outgoing calls
90	Dogs reported missing
70	Dogs returned home or were found
71	Stray dogs, held 10 days and disposed of
141	Dog and cats, hit by cars, fatal
30	Dogs, new homes found for them
3	Cases of animal damage, sheep & rabbits involving dogs

I wish to thank the Selectmen, the Town Clerk's Office, the Police Department and the Highway Department for their assistance during the year.

Respectfully submitted,

ROLAND W. CARLSON,
Dog Officer

Report of the Wire Inspector

To the Honorable Board of Selectmen
Town of Easton, Massachusetts

The following is the report of the Inspector of Wires for the year ending 1971.

Edison Permits	308
Services	208
Rough Wiring	130
Electric Ranges	32
Electric Dryers	46
Locked Premises	5
Trailers	4
Construction Services	37
Oil Burners	62
Carnivals, etc.	1
Add Outlets	136
Miscellaneous	48
Electric Water Heaters	48
Fire Calls	4
Pools	18

The latest edition of the Massachusetts State Electrical Code was used for all inspections with no special rules applied.

Once again I would like to thank the Board of Selectmen, the Town Clerk's office and the people of Easton for the splendid cooperation they gave to this department.

Respectfully submitted,

ALBERT M. GREINER
Inspector of Wires

Report of the Building Inspector

To the Board of Selectmen:

This is my annual report for the year ending December 31, 1971.

New Homes	114
New Apartment Buildings	17
Commercial	3
Additions	76
Apartment Buildings	17
Apartment Units	167
Trailers	3
Earth Removal	6
Pools	15
Signs	4
Demolishing	1
Total Estimated Cost	$8,531,980.00
Total Fees Collected	$13,502.29
Total Permits Issued	240

It is no longer advisable or practical to operate this Department on a part time basis.

I feel that in order for this Department to function properly and protect the safety of the citizens of Easton, this Department should be incorporated with the Departments of the Planning Board and Board of Health. This would improve communications between Departments. This would require a full time Building and Zoning Inspector and a full time secretary.

In view of the projected developments and building that have been submitted it will be impractical to continue with the present system.

Respectfully submitted,

ALEXANDER PIRES
Building and Zoning Inspector

Report of the Gas Inspector

To the Board of Selectmen:

I respectfully submit my report as Gas Inspector for the year ending December 31, 1971.

The receipts through December 31st were $1,453.00, the cost of running the Gas Inspector's department was $1,300.00, making the department self supporting.

The records indicate that 65% of all new home building in Easton is gas heated.

391 inspections were made during the 12 month period.

I wish to thank the Selectmen for their support and cooperation of their office staff.

Respectfully submitted,
ROBERT TUFTS,
Gas Inspector

Report of the Easton Housing Authority

To the Selectmen of Easton:

The year 1971 at the Easton Housing Authority has proven conclusively that demand for housing for the elderly in our community. At the end of 1971, no less than 87 approved applications for housing are on file. Only three vacancies occurred in 1971 and each was filled immediately. All of the 87 approved applicants meet the state requirements for housing but unfortunately with only 64 units we have been unable to satisfy the great demand.

Authority plans for 1972 include early submission of applications to both state and federal governments for an additional 96 units. It is hoped that upon completion of these anticipated units, that the demand for housing can be satisfied.

During the year 1971, Mr. Harland F. Almquist was re-elected to a five year post on the Authority and Mr. MacKenzie Smith, was elected to fill the unexpired term caused by the resignation of Mr. George T. McGarry.

The Elise Circle Club, under the able leadership of Mrs. Olive Willis, experienced an extremely successful and active year. Highlight of the year for the Elise Circle Club was the tremendously well organized and successful Harvest Bazaar.

It was with deep regret that the Authority accepted the resignation of Mrs. Sylvia C. Gardner as Executive Director in September. Mrs. Gardner had been actively engaged in work with the Authority since its inception. Mr. Richard C. Dailey was appointed to fill the position of Executive Director.

Respectfully submitted,

LEO F. KENT, Chairman
HARLAND ALMQUIST
HOWARD L. CHANDLER
MacKENZIE SMITH
ROBERT E. WEST, JR.

Report of the Sewer Construction Committee

To the Selectmen of Easton:

The Sewerage Construction Committee has continued and will continue as a standing Committee, until construction commences in Town and a Sewer Commission properly established by law can take over our function.

This year there has been minimum activity as the committee is awaiting the results of the Old Colony Planning Council Sewer authority. Contact has been maintained with the Old Colony Planning Council and with Metcalf and Eddy. Metcalf and Eddy have been unable and will be unable to complete their study until an Old Colony Planning Council authority has been established and established a direction and method of the disposal of the effluent on a regional basis.

A report will be made to the town on a continuing basis as developments occur to permit further activities to help the portions of the Town really needing sewers.

Respectfully submitted,

RICHARD H. CHASE, Chairman
MacKENZIE SMITH, Secretary-Treasurer
DONALD F. CRAIG
RUSSELL POLLARD
GEORGE LUKE
Sewerage Construction Committee

Report of the Charter Commission

To the Citizens of Easton:

The Easton Charter Commission submits the following report:

At the annual Town Election held on March 22, 1971, the citizens of Easton voted to elect a commission to frame a charter for Easton. At the same time, nine citizens of Easton were elected to serve as Charter Commissioners, as provided under Article LXXXIX of the Amendments to the Massachusetts State Constitution, more commonly known as the "Home Rule Amendment."

During this time, the Charter Commission has held a total of 28 meetings. Meetings were held with all Town Officials, Board and Commission members and Department Heads to obtain their views and suggestions for the Charter. A total of three Public Hearings were held to obtain citizens' views on framing of the Charter. To assist in drafting of the Charter and to obtain the necessary legal guidance, the firm of Municipal Consultants, Inc. of Canton, Massachusetts was engaged by the Charter Commission. Mr. Michael F. Curran of that firm, one of the leading municipal government and Home Rule Charter authorities in the state, worked closely with the Charter Commission throughout the charter preparation.

As required by the Home Rule Amendment, the Charter Commission published the preliminary charter in "a newspaper of general circulation". The preliminary charter was published in the "Easton Bulletin" on September 24, 1971. Copies of this issue of the "Easton Bulletin" were distributed to all the homes in Easton by the Charter Commission to afford the citizens of Easton an opportunity to study the preliminary charter. Approval of the preliminary charter was received by the Massachusetts Attorney General's office. Two public hearings were held for interested citizens and one hearing was held for Town officials, Department Heads and Board members to review the preliminary charter.

Based on the views expressed at these hearings, some changes were made to the preliminary charter in an effort to reflect the concern of all our citizens.

The final Charter report was prepared and distributed to all residences in Easton in February, 1972 to afford the citizens of Easton an opportunity to review the entire Charter.

The Charter as prepared is thus the result of an extensive review of our Town Government by members of the Charter Commission and reflects the opinions and recommendations of Town Officials, Department Heads, Board and Commission members and citizens of Easton with whom we have met.

No sweeping changes have been proposed. Instead an effort has been made to better consolidate, coordinate and, in many instances, reaffirm and formalize existing structures.

Highlights of the Charter may be briefly summarized as follows:

(1) The Open Town Meeting is retained.
(2) The position of "Town Administrator" is affirmed with well defined duties and responsibilities.
(3) New fiscal and budgetary control procedures are established.
(4) Tree, Highway and Water Departments have been consolidated.
(5) Methods and procedures for conduct of Board and Commission meetings are set forth.
(6) Provision is made for periodic review and updating of Town By-Laws.
(7) Provision is made for future administrative changes and for Charter revision as necessary.
(8) A Water Resource Advisory Commission is provided.

We ask each citizen to judge the Charter objectively on an overall basis as we feel this Charter provides the Town of Easton with a most necessary base for a well-managed, well-administered Town government to properly handle not only today's problems, but those even more complex problems facing our fast growing community in the years ahead.

We respectfully request your approval of our new town charter with an affirmative vote on the ballot at the March 27, 1972 Town election.

Respectfully submitted,

DONALD E. ANDERSON, Chairman
BERNARD M. FARRELL, Vice-Chairman
JEAN VanORMAN BROWN, Clerk

LEO F. KENT
EDWARD A. MULLEN
RICHARD L. WISE
JAMES F. ANTOSCA
DAVID E. GARDNER
CARL B. HOLMANDER

Report of the Registrars of Voters

Various meetings of the Board were held for registration of voters.

At the close of registration February 23, 1971 the number of registered voters was as follows:

	Women	Men	Total
Precinct One	797	810	1,607
Precinct Two	1,579	1,596	3,175
Precinct Three	867	748	1,615
Totals	3,243	3,154	6,397

All nomination papers were checked and approved at various meetings.

Respectfully submited,

ALBERT J. FLEURY, Chairman
PAUL J. CANTY
JAMES L. STARR
ESTHER C. ANDERSON
Registrars of Voters

The Ames Trust Funds

The following statement is supplied the Town Treasurer by the office of the Trustees of the Ames Trust Fund.

Following is a summary of the Ames Trust Funds held for the benefit of the Town of Easton as of December 31, 1971, together with an estimate of the 1972 income. The estimate for the 1972 income is based on the amounts which the various companies are now paying. This estimate does not allow for any deductions which may have to be made before the net income is paid over to the Town of Easton; neither does it take into consideration any reductions in dividends which might be made by the various companies.

	Book Value	12/31/71 Market Value	1971 Income Paid to Town	1972 Est. Income to Town
Highways Fund	$862,853.96	$1,289,416.00	$70,072.90	$66,000.00
Highways Perm. Fund	37,387.46	48,576.00	2,941.62	2,700.00
Schools Fund	724,366.41	1,091,569.00	58,812.51	55,500.00

ESTHER C. ANDERSON,

Town Treasurer

Report of the Board of Appeals

To the Selectmen of Easton:

We, the members of the Easton Board of Appeals, respectfully submit the following annual report for the year 1971.

Twenty-one petitions were received by the Board during the year, which in conformity with the Law were duly advertised and copies of the same were mailed to the petitioners, the Planning and Zoning Board, the Building and Zoning Inspector and all property owners deemed by the Board to be affected.

The members of the Board, after hearing all the facts and evidence as presented at the public hearings and visiting the premises in question, found as follows:

Petitions granted	15
Petitions denied	5
Petition withdrawn	1
Total	21

Nine of the petitions pertained to set-back, side-yard and frontage requirements.

Five of the petitions pertained to the use of premises.

Seven petitions pertained to special permits issued on a yearly permit basis.

The Board wishes to take this opportunity to thank all Town Officials and Personnel for the assistance and services rendered the Board during the past year.

Respectfully submitted,

JOSEPH M. HURLEY, Chairman
WILLIAM G. BASSETT, Secretary
E. VINCENT CARLSON
JOHN F. MARA
DAVID M. ROHDIN

Report of the Water Commissioners

The Board of Water Commissioners submit the following report for the year 1971.

Following the Town Elections in March of 1971, Mr. John H. McEntee was appointed Superintendent; Mr. George Newman was appointed Assistant Superintendent and Mrs. Dorothy Stone was appointed as Office Manager.

Work is now underway to install a new well located off Washington Street, Route #138 adjacent to our present Pumping Station. It is expected that this new well will be completed by early spring.

We have also placed an Article in the Warrant to transfer the sum of $123,150.00 to the Water Bonded Indebtedness Account.

We want to thank the Selectmen and all other Town Departments for their help and cooperation during the year.

Also our thanks to the employees of the Water Department for their interest and cooperation.

Mr. Russell Pollard who has served as a Water Commissioner for the past 14 years wishes to announce that he will not seek re-election to the post in the Town Elections of 1972.

Respectfully submitted,

RUSSELL A. POLLARD
RAYMOND TAYLOR
RICHARD A. CHASE

Report of the Water Department Superintendent

To the Board of Water Commissioners:

Gentlemen:

I respectfully submit the following report and pumping record for the year 1971.

Month	No. of Gallons
January	30,746,300
February	28,090,200
March	33,429,700
April	30,789,200
May	32,385,900
June	43,860,400
July	43,859,400
August	40,673,500
September	34,607,400
October	33,202,000
November	31,231,500
December	32,182,700
Total	415,059,200

The greatest amount pumped in a single day was 2,258,100 gallons on June 30th.

The greatest amount pumped in one week was during the week of July 4th when 11,936,700 gallons were pumped.

We added 116 new services to the system during the year, increasing the number of active services to 3,131.

The pump at Well #2, Washington Street was pulled out for inspection and overhauled during the early part of 1971. This station is now in good condition.

The water main has been extended up Eastman Street (Route #106) to the new Gas Company plant, at no cost to the Town. This opens up a fairly good section of industrial zoned land in the Town.

Many of the older hydrants in the system are now obsolete and it is impossible to get parts to make repairs, so when repairs are needed we have to replace the old hydrant with a new one.

At this time everything is in good order, generally, throughout the department and I want to thank the Commissioners for their cooperation during the year.

Respectfully submitted,

JOHN H. McENTEE,
Superintendent

Report of Insect Pest Control Superintendent

Board of Selectmen
Town of Easton, Mass.

I respectfully submit the following report for the year 1971.

Most varieties of street trees infested with canker worms were sprayed with SEVIN during the month of June, with the exception of those near swimming pools and other areas that had to be avoided because of drifting spray material.

Oak were sprayed to control the heavy infestation of Oak Leaf Skeletonizer. They were sprayed with a new, recommended, spray called Dylox, with very good results.

Cycon or Malathion was added to spray mixtures when the need of Aphid control was evident.

All Elm trees were sprayed with SEVIN or DYLOX with CYCON added to control Elm leaf beetles.

Tent caterpillar nests were more prevalent this year as were Gypsy Moth egg clusters. Tent Caterpillars feed mostly on Wild Cherry and Apple trees and are controlled to a good extent. Gypsy Moths appear to be moving into the area quite steady and may be a serious problem in the near future.

The late summer application of DYLOX to control the second brood of Oak Leaf skeletonizer had to be abandoned to clean up the debris after a severe wind storm.

A dormant spray of METHOXYCLOR was applied during April to all Elms accessible with the mist blower for the control of the Elm bark beetle, vector of the Dutch Elm disease.

Fifty four Elm specimens were sent to Massachusetts Shade Tree Laboratories for analysis, thirty nine were confirmed as diseased with Dutch Elm, thirty two of these, plus sixteen left from last year have been removed. Ten sterile and twenty two beetle infested Elms were also removed. Stumps were chipped below ground level.

Diseased wood was dumped into a new trench at the Town Forest. The previous trench was full and we had it covered with a solid fill.

Respectfully submitted,

DANIEL B. AMORIM,
Supt. of Insect and Pest Control

Report of the Tree Warden

Board of Selectmen
Town of Easton, Mass.

Pruning of dead and obstructing limbs was accomplished on several streets in Town. Brush and low limbs were cut in other areas as time permitted.

Forty-six Maples, nine Oaks, one Linden, two Pine and one Hickory were removed. The majority were in unsafe condition caused by decay. Two were posted and removed for widening Route 106, the remainder were removed because of windstorm and truck damages. Root damage caused by construction of various kinds is mostly a slow killing process. Many trees have been pruned to the extent that there is little left but to remove the entire tree. The removal of some of the trees on Center Street is a good example of killing by cutting the roots.

Maples, Kwanson Cherry, Mountain Ash and Lindens were planted in various locations in the Town during April and May. In October we planted some Flowering Crabs that were donated to the Town by the Easton Lions Club, an Oliver Ames High School work study group helped in the planting of these trees. I would like to thank both these groups for their parts in this project.

I would like to suggest at this time that the planting of Weeping Willow trees by home owners should be avoided. For all its beauty it is a NUISANCE TREE, there are several insects that invade its foliage and bark, necessitating several sprayings, plus the damage by its roots to cesspools, septic tanks, leaching areas and lawns.

Eradication of Poison Ivy was continued along roadsides, in playgrounds as needed and as was requested on private property.

Most of the stumps of the trees that were removed were chipped below grade.

I wish to thank the men of my department, the Highway Department and the Board of Selectmen for their assistance during the year.

Respectfully submitted,

DANIEL B. AMORIM,
Tree Warden

Report of the Superintendent of Highways

The Honorable Board of Selectmen,
Town of Easton, Mass.

This report will cover the period from January 1, 1971 through December 31, 1971.

We continue with Chapter 90 work from West of Prospect Street to a point East of the five corners. With State aid this project will continue until Route 106 is completed.

The following streets were sand sealed. Rockland, Turnpike, Dean Street and Allen Road and a portion of Depot Street, East of Route 138.

A precast manhole was installed in the area behind the business area of the Town replacing an old cobble stone manhole.

The entrance to the Immaculate Conception parking area was widened and the sidewalk repaired.

The sidewalk at the junction of Sullivan Avenue and Pond Street and Mechanic Streets were rebuilt. Barriers were also put up in the same area.

A new culvert was installed at the end of Ridgewood Road to drain that area.

Numerous culverts and brooks were cleaned. Barriers were repaired or replaced.

The maintenance of Parks, Playgrounds, Cemeteries and grounds at the Town Office were carried out as per schedule.

The inspection of Sub-divisions for road construction and drainage was completed and the reports were given to the proper departments.

The rubbish pickup and the operation of the Landfill are progressing as per schedule.

January and February with their cold winds caused a lot of concern. The equipment and men were taxed to their extremes but did not give up. I am proud of the men, of their determination and willing spirit during this terrible weather.

During November, the Cities Service Oil Company installed a new five thousand gallon gasoline tank in our yard.

We of the Highway Department express our thanks to the Board of Selectmen, All Departments and Commissions for their cooperation.

To the men of the Highway Department I extend my gratitude for a job well done.

Respectfully submitted,

LEON E. CUSHMAN,
Highway Superintendent

Report of the Recreation Committee

The Commission respectfully submits the following report summarizing both its activities and programs for the calendar year of 1971.

The pool programs were again very successful. Approximately 1,000 children of the community received swimming instructions in structured American Red Cross courses. Weekly instructions in adult swimming and handicapped swimming showed a marked rise in the level of participation. In fact, the handicapped swimming program received state recognition after only its third year of existence. This of course, may be attributed to the many fine young people employed at the pool. The competitive swimming team made up of 40 youngsters participated in five dual meets and four invitational meets. The newly instituted canoeing program was somewhat disappointing to this Commission, but this program will be improved during the 1972 season. The canoes were utilized by many residents during the free swim hour for recreational canoeing. Over 2,100 residents registered to use the pool during non-instructional hours. The annual Jaycee - Lions swim meet held in conjunction with the Commission was another huge success. Most participants were youngsters who learned to swim through the structured swimming progam.

The six week summer playground program was again conducted in the five divisional areas of the community. The traditional activities of arts and crafts, competitive games, nature hikes and special activitiy days again characterized the diversified program. Two day trips were scheduled, one to Lincoln Park and one to Benson's Wild Animal Farm. Movies for children were conducted on Saturday morning during the summer in the Gilbert C. Mann Auditorium. The Annual Recreational Track and Field Meet along with the two over-night camp-outs highlighted the completion of a most successful program.

The sole recreational activity during the winter was a skate swap held by the members of the Commission. The growth of this swap is indicated by the extension of the swap into all winter game garments. This annual affair has resulted in a vast savings to many residents of Easton.

The Commission is happy to report that phase two of the three phase master plan for recreation is near completion. All the fraternal organizations, clergy, and young and old of the community have been interviewed by the Commission in order that they may express their recreational needs and intrest. Those needs, and interests consistent with respect to the Commissions' recreational philosophy and broad range goals (Phase I) have been given the utmost consideration in future program development. A priority schedule for the institution of such programs is now a reality and will serve to guide the Commission in its future activities. These two phases will be constantly re-evaluated, modified and adapted to meet the changing structure of our community.

Respectfully submitted,

ROBERT E. WEST, JR., Chairman
JEAN PERRIN
DORIS JOHNSON
JEAN KENT
LESTER W. HOLMES

Report of the Historical Commission

ANNUAL REPORT

Actions which have or might effect the historical character of Easton are always of major concern. During the past year the Historical Commission has supported the extensive work of "Operation Roadblock" and has provided inter-community leadership in initiating legislative action that could result in Bay Road being declared an historical way. In conjunction with this, the historical inventory of Bay Road was completed and filed in the office of the Massachusetts Historical Commission. Another facet of the Commission's responsibilities is to protect the historical features of the town's property. (The replacement of a stone wall on town property adjacent to Bay Road is still unresolved.)

Representatives of local organizations, schools, and businesses met several times during the past year to initiate plans for the appropriate recognition of the 250th anniversary of the town's incorporation and the commencement of the bicentennial activities of the Revolutionary War. A Planning and Budget Committee, consisting of three Historical Commission members and four interested residents, was selected and charged with the responsibility of recommending various types of events and activities. This committee received permission from the Easton School Committee to conduct a schoolwide contest to select an appropriate seal for the occasion. This was held in the fall of 1971 with the results to be determined shortly.

During 1971 the fifth grade pupils of Parkview School conducted a series of activities in order to underwrite the cost of a plaque placed at the Rockery to signify the contributions of Frederick L. Olmstead to Easton, and the Easton Historical Commission was responsible for the erecting of a marker near the locations of the first saw and first grist mills.

It is the hope of the Commission that additional markers, financed by private organizations, will be erected during the next few years in preparation for the 1975 celebration.

The Historical Commission meets the third Wednesday of each month, and all residents are welcome to attend.

Respectfully submitted,
JOHN J. KENT, Chairman
ENIS W. ALMQUIST, Vice-Chairman
HAZEL L. VARELLA, Secretary
WILLIAM T. FLYNN
CLIFFORD G. GRANT
WALTER J. HATCH
DUNCAN B. OLIVER

Report of the Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1971. This department has completed the following work. It has inspected, tested, adjusted where necessary, and sealed the following devices:

Inspections	A	S	NS	C
Scales over 10,000 lbs.		1		1
Scales 5,000-10,000 lbs.		0		
Scales 100-5,000 lbs.	1	17		
Scales 10-100 lbs.		29		
Scales less than 10 lbs.		9		
Gasoline Pump Meters	4	54		
Tank Truck Meters		6		
Grease and Oil		1		
Total	5	117	0	1

A-Adjusted, S-Sealed, NS-Not Sealed, C-Condemned
Complaints-0
Applications for Peddlers License-1
Oil Trucks inspected for seal & Meter readings-6
Trial weighing of commodities sold or put up for sale.

Total Reweighed	112
Number Correct	112
Number incorrect	000

This department has filed its Annual Report with the Director of the Division of Standards, Commonwealth of Massachusetts, State House, Boston.

Receipts	
Fees collected and paid to Town Treasurer	$293.20
State Peddlars	16.00
Total	$309.20
Uncollected	39.00

1971 Budget of Sealer of Weights and Measures

Salary	$600.00
Expense	300.00
Total	$900.00

Respectfully submitted,

BARRY L. WOODWORTH
Sealer of Weights and Measures

Bristol County Mosquito Control Project

ANNUAL REPORT - EASTON, MASS

DECEMBER 31, 1971

On June 30, 1972, the Bristol County Mosquito Control Project will complete thirteen years of service to the Town of Easton and eighteen other communities within the County.

The Project was plagued by the appearance of equine encephalitis again this year. The first case was reported on August 12th, and the last on September 9th. The communities involved were: New Bedford (3), Acushnet (2), Taunton (1), Raynham (1), and Westport (1). We feel that our two-way radio system was instrumental in checking the outbreak, as all areas were sprayed immediately upon receiving notification from the Reclamation Board in Boston or the Lakeville Encephalitis Station.

In March our larvicide program got underway and resulted in the treating of 77 acres before our mist blowers were mounted on the first of May. Adult mosquitoes were on the wing early this year, and our spraying season did not terminate until September 19th.

With the spraying season over, the mist blowers were removed and all crews turned to our brook and ditch maintenance program. This resulted in the removal of obstructions and debris from 3,120 feet of existing brooks and ditches. 3,322 feet of brush was also removed to allow proper drainage and to aid in preventing unnecessary flooding.

All personnel are licensed for the application of pesticides and use only those approved for mosquito control by the Pesticide Board.

We thank the residents of Easton for their continued cooperation.

Respectfully submitted,

FRANK W. DILLINGHAM
Superintendent

Report of the Civil Defense Director

To the Citizens of Easton:

The Easton Civil Defense Agency has completed another very active year and is planning other activities that will benefit the Town in 1972.

During 1971, Civil Defense Personnel and equipment responded to:

40	Fire Alarms
82	Motor Vehicle Accidents
3	Searches for lost persons
6	Mutual aid calls out of town
25	Special details within the town
50	Routine Police Patrols

The total hours involved in these details amounts to approximately one thousand man hours. In addition to this, 2,000 man hours were spent by all Civil Defense personnel, in repair, upkeep and modernization of our station, motor vehicles and equipment.

Mr. Leonard Nordbeck, Safety Officer for the Easton Police Department, was appointed Training Officer for the Auxiliary Police by Chief Joel Johnson. Officer Nordbeck has planned a series of training sessions covering all phases of police operations. We also plan to have speakers from other law enforcement agencies lecture on specialized subjects which we hope will "round out" the training of the Auxiliary Officers and prepare them to perform any police functions in which they may be called upon to participate.

After eleven years of service as Chief of the Auxiliary Police, Harold W. Parrish requested to be relieved of duty in that capacity due to business and personal reasons. He will remain an active member of the Department.

Three members of the Auxiliary Police (Leonard Buck, Robert Cummings, and John Graca) attended a two-day training course at Fitzwilliam, N.H. Leonard Buck and Mike Graca attended a two-day course at the Civil Defense Training School at Topsfield, Mass. Both of these courses dealt mainly with the rescue of persons involved in motor vehicle accidents.

A basic First Aid course was conducted by Captain William Gibson of the West Bridgewater Fire Department for all Easton Civil Defense personnel. An advanced course will be conducted early in 1972.

Again this year, the Auxiliary Police assumed the duties of the regular department for an entire shift so that the regular officers could attend the annual Police Association Ball.

Near the end of the year, the Emergency Telephone Service "911" was accepted by the Town. It is scheduled to be in service by April, 1972. Although this system has no direct connection with Civil Defense, it was through C.D. channels that the first information regarding "911" was obtained and negotiations were established with the Telephone Company. Complete information regarding this service will be given wide distribution via the news media prior to its implementation.

We are still hopeful that when a new vehicle is purchased for the Fire Chief, his present vehicle will be transferred to Civil Defense to replace the 1960 cruiser. This particular vehicle is still "in service", but due to its age and condition it is not considered reliable for day-to-day emergency use.

Overall, our vehicles are in good running condition. We must plan to send two of them out for front end work since we do not have the equipment to do the jobs properly ourselves.

The small tank trailer was used again at the Wheaton Farm to supply water for the people participating in the nature classes.

A generator, obtained through the surplus property program, was overhauled by Civil Defense personnel under the direction of Officer Leonard Nordbeck. It has been installed at the C. D. Headquarters on Sullivan Avenue to supply electricity in the event of a power failure.

In closing, I would like to thank all the Civil Defense personnel for their untiring efforts to make this agency a working part of the emergency services of the Town of Easton.

Respectfully submitted,

DONALD S. WINSHIP, JR.
Director of Civil Defense

Report of the Police Department

Massachusetts State Police
Troop "D" Headquarters
Middleboro, Mass.

The continuation of an increase in nearly all categories of crime made the year 1971 a most busy one for the police department.

Breaks and the use of drugs continue to plague the community but on a much lesser scale than the national trend.

I am most pleased to relate that apprehension of violators disclosed a decided increase which resulted in greater attendance in our courts.

The mandatory age resignation of Patrolman George A. Pierson, after over forty years of faithful service to the town, was regretfully accepted.

For the many calls and letters expressing appreciation for services rendered, the department is collectively most thankful.

The various town departments, as in past years, continue to be of valuable assistance in the functioning of the department.

The cooperative efforts by the department officers to make Easton a desirable law abiding community in which to reside, is personally greatly appreciated.

The reporting of any incident or person of suspicious nature, immediately, will greatly assist the department to serve you more effectively.

Respectfully submitted,

JOEL A. JOHNSON,
Chief of Police

REPORT OF THE SAFETY OFFICER

Joel A. Johnson
Chief of Police
Easton, Massachusetts

Dear Sir:

It is my pleasure to report that we have just completed our first fatal free year since 1942. However, we did have several serious pedestrian accidents, including one that involved a student getting off a school bus. This is the first accident of this type to my knowledge. We are hopeful, that it will be the last.

We have had many speed zone signs erected throughout the town in the past year, and we regret to say that they have become the target of certain parties who take pleasure in destroying them. In order to replace each of these signs, there is a cost to the town of approximately thirty dollars. We would ask that anyone observing such action, would make an effort to identify the parties involved, or to call the police immediately.

We were most fortunate this past fall to receive a car for the use of the Safety Officer. At this time I would like to thank Mr. John Dreystadt, owner of Dreystadts Cadillac and American Motors, also Mr. Lee Van De Carr, Sales Manager for the above firm, for their generosity. The car has proved to be an invaluable aid, and at a minimum cost to the town.

The Safety Patrol at the elementary school level has done another outstanding job, and we have again rewarded them by making our annual trip to Lincoln Park.

Respectfully submitted,

LEONARD R. NORDBECK,
Safety Officer

Easton Fire Department

To the Honorable Board of Selectmen:

I herewith submit the report of the Fire Department of the Town of Easton for the year ending December 31, 1971. In the twelve months period the Department made 462 runs, of these there were 380 alarms and 82 complaints investigated, 4,941 telephone calls answered for the Fire Department, 235 calls answered for the Police Department, 73 various permits issued. Due to the Anti-Pollution laws of no outside burning, the alarms for grass and brush fires were cut in half. Of the number of alarms, 80 were for grass and brush fires and 300 were for building fires or some other type of emergency service. While there were no fires of large proportions, however while most of these were minor, they were nonetheless losses in both money and time to the occupants. Some of the dwelling fires were of a more serious nature and the occupants were forced to seek shelter elsewhere.

All apparatus operated in a most efficient manner and is generally in good condition. The 1967 Chief's car should be replaced this coming year, this car has a lot of miles on it and will be in need of major repairs which could be costly to the town. The 1951 Ford, Engine 3 must be replaced. After considerable time spent canvassing the country we were able to purchase a rebuilt motor for it. This motor should last until we can get delivery on a new truck, which will be about two years.

For the past fifteen years I have pointed out the deficiencies in the man power of the department. It will become more important as our population, industries, apartments, and mercantile establishments increase, that additional manpower be available. In many situations the response of the call members has not been adequate. This is in no way due to lack of interest or shirking of responsibility but rather due to their regular employment and other commitments which prevent their participation as fully as in former years. Each call we must depend more and more on the permanent men answering alarms on their time off. The finest equipment available is of no great value unless there is manpower available sufficiently to operate it in the protection of life and property against fire. I have again requested an article in the warrant for five additional permanent men, to help alleviate this condition.

The Fire Alarm system is in good condition. Our regular maintenance and expansion program was carried out during the year. Tree trimming was done in several areas. Seven new fire alarm boxes have been added. 2124 Central Street at Tyson Road, 5212 Bay Road and Foundry Street, 7314 Easton Knoll Nursing Home Lincoln Street, 7115 Oliver Ames High School, 7111 North Easton Grammar School, 4225 Merry Mac Restaurant Turnpike Street, 5111 Easton Furnace Fire Station. All three stations are now tied into the alarm system. On all box alarms the three stations respond automatically. It is our aim to extend the alarm system this coming year to all subdivisions.

Drills have been held bi-monthly by the three companies during the daylight saving time. Three company meetings have been held monthly during the fall and winter, and fire training films shown. Some members attended a two day seminar at West Bridgewater Fire Station and drill grounds sponsored by the Plymouth County Fire Chiefs association. Four permanent men attended a training course with the Brockton Fire Department.

Inspections of schools, public buildings, Nursing homes, and business establishments, as required by law, were regularly conducted. Fire drills at all schools have been observed. Number of inspections requested by property owners or tenants were made and recommendations were offered where fire and safety hazards were found. Fire Prevention Week was observed October 3, 1971 and many of the townspeople took the opportunity to visit the station and inspect the equipment.

I attended the New England Association of Fire Chief's conference at Portsmouth, New Hampshire, the New England Association of Fire Marshals conference at Provincetown, Mass. I also attended regular meetings of the Massachusetts Forest Fire Councils and various fire prevention meetings throughout the State.

Neither the success we have enjoyed nor the progress we have made would have been achieved without the cooperation of not only our personnel, both full time and call members, as well as the Department heads and many other town employees who also gave their cooperation and assistance whenever it was requested and wherever it was needed.

Again I would like to point out that the Anti-Pollution Law as adopted under provisions of Section 142D, Chapter 111, General Laws, as inserted by Chapter 836 by the Acts of 1969, all burning in the open is prohibited.

I would like to leave a reminder to individuals and organizations that the Easton Fire Department and Fire Prevention Bureau stands ready to assist with advice, information or any other assistance requested.

Respectfully submitted,

RAYMOND M. BUCK,
Fire Chief

Report of the Conservation Commission

The Easton Conservation Commission believes that proper land use and wetland protection are Easton's major problems because substantial areas of Easton are totally unsuitable for development. Many new homes and apartments were built in 1971, some on marginal areas. The building rate will no doubt be rapid until all of Easton's available land is built on. Problems of flooding, faulty septic systems and rapid run-off will increase geometrically unless Easton has adequate zoning and sub-division control laws, and exceptionally good enforcement of these laws. Several subdivisions and roads have already placed an unfair burden on taxpayers in Easton due to poor planning, unsuitable soil conditions and weak enforcement of existing laws. A full time building inspector is a necessity; so is a tough Board of Health. The Commission urges voters to support both.

The Conservation Commission again recommends wetland/flood plain zoning as a basic tool to begin protection of Easton's many wetlands. Hopefully, the Master Plan will be readied for presentation for a Town Meeting vote at the Planning Board's first opportunity.

Because conservation and land use are so closely tied together, the Conservation Commission chairman, John Grant, has agreed to serve on the Planning Board, where he will be able to represent the conservation point of view to other Planning Board members as well as to builders. Close cooperation between the Commission and the Planning Board is essential to the orderly growth of Easton if we are to retain Easton's unique characteristics.

Commission activities in 1971 included attendance at innumerable meetings, Planning Board and Hatch Act hearings, and seminars and meetings with the Department of Natural Resources throughout the year. Commission members devoted well over 600 hours of their time to conservation and town affairs. Members receive no salary or money for out of pocket expenses.

Commission members worked hard in support of the Inland Wetlands Protection Act, Senate Bill 1439, sponsored by the Division of Fisheries and Game and strongly supported by Representative John S. Ames III. The bill was passed near the end of the 1971 session and provides for acquisition of the Hockomock and other wetland areas in Massachusetts by the Division of Fisheries and Game. Protection of the Hockomock will mean more and more to Easton as the years go by. The Hockomock is the largest unspoiled wetland area in New England. It is unique as a sub-arctic tundra area and it teems with wildlife, fish and plant life.

The Commission continues to support Operation Roadblock, the Easton organization that is fighting the re-location of Rt. 123 through Easton.

Awards were made jointly with the Natural Resources Trust of Easton for the best exhibits relating to conservation in both the OAHS and the Junior High School Science Fairs.

The Wheaton Farm barn was treated for termites in May; a new roof will be put on the barn during this winter. The Commission voted to manage the Wheaton Farm fields for wildlife protection because suitable habitat for wildlife is disappearing rapidly. Wheaton Farm was purchased as a conservation area; wildlife management is in keeping with this intent.

Work continues on land acquisition. The Fox Mountain lot, a 35 acre parcel off Poquanticut Ave., is under consideration for acquisition in 1972. On this land the last bear in Easton was shot, in a cave that still exists. Tax possession land suitable for wetland protection and other conservation purposes should also be acquired. The Board of Selectmen have unanimously agreed to this in principle.

A very generous gift of a conservation restriction on 60 acres of land near Flyaway Pond was made by the Ames Rifle and Pistol Club in November, 1971. The restriction protects the land from development, protects Easton's water resources, and offers substantial protection to the Picker Field conservation area. The restriction enables the Ames Rifle Club to continue to operate as they have for over 50 years. The restriction does not include public access.

Easton conservation lands were enjoyed by many residents for walking, fishing and riding. Girl Scouts camped in Picker Field; the Recreation Commission also had a campout in Picker Field in the summer. Boy Scouts used their camping areas at Wheaton Farm; the NRT of Easton used the barn at Wheaton Farm for headquarters for their six week natural history day camp and other educational programs.

In the 1970 Town Warrant, the Commission sponsored an article to establish sign control in Easton. The article was defeated, and the Commission, due to the work load in so may other areas, turned the sign control problem over to a separate committee. The new Sign Control Committee has prepared a much simpler, very good by-law which will be presented at the March 1972 Town Meeting. The Commission urges voters to support sign control for a more attractive community.

In November, the Conservation Commission was awarded a plaque by the Bristol Conservation District for "outstanding achievement in natural resource development." The plaque hangs inside the front door at the Town Office.

Because of a change in Massachusetts law, the Conservation Commission will conduct all Hatch Act hearings beginning in February, 1972. Persons planning to fill or alter a wetland area or brook in Easton must send notice of intent via certified mail to the Conservation Commission at the Town Office, and to the Department of Natural Resources, 100 Cambridge Street, Boston. The Commission will schedule a hearing within 14 days of receipt of notice of intent.

In this report, the Commission would like to thank Mr. and Mrs. William A. Parker for all they have done for conservation in Easton over the last decade. Mr. and Mrs. Parker gave both Picker Field and the Oliver Ames Parker Reservation to Easton for conservation purposes; they generously supported Wheaton Farm; in 1970 they gave a conservation restriction on 55 acres along Queset Brook to the NRT of Easton. The Parkers have consistently helped, advised and cheered for both the Commission and the NRT. We are very grateful for their help and support.

The Commission extends thanks to all Town Boards and citizens for their cooperation in 1971, and especially to the Highway Department and the Tree Department, who are always willing to help.

Respectfully submitted,

JOHN GRANT, Chairman
CLIFFORD G. GRANT
ALLAN E. WATTS
EVELYN M. WHITE, Secretary
CHARLES C. WILLIS

Report of the Department of Veterans' Services

To the Honorable Board of Selectmen:

As you gentlemen know, this Depaartment provides two basic functions: (1) financial assistance with monies appropriated by the Town and processed through the Massachusetts Commissioner of Veterans' Services to Veterans and/or their Dependents in time of distress and hardship; and (2) assist Veterans and their Dependents in processing applications for the many benefits and services provided by the Federal Veterans‘ Administration.

In the first category the cost of maintaining services provided by this Department for 1971 came within pennies of the $36,000 appropriated and the same amount is being requested for 1972 with the provision that additional funds be set aside in the Reserve Fund for any unexpected increase in the case load.

In addition to the twenty-one permanent cases being aided as the year closes, 24 others were temporarily assisted financially throughout the year in the categories of injury or disability, hospitalization and recovery, unemployment and temporary loss of job through labor disputes. While numerically this may not seem like a large caseload, it is within the average of those handled by Agents in many towns who serve in a full time capacity. An original application takes several hours to process and involves continuous repetitive paper work each month it remains active.

In the second category I assisted 157 veterans or their families process applications with the Veterans Administration for divers benefits and furnished many others with information as to what is available to them. Applications are expedited when handled through this office because the Commissioner of Veterans' Services maintains a fully staffed liaison office in the building occupied by the Veterans Administration and specialists in all categories deal directly with their counterparts in the Veterans Administration.

I thank you gentlemen for the opportunity to serve as Veterans' Agent and may I also express my appreciation to other town officials and employees who assisted me throughout the year.

Respectfully submitted,

RICHARD J. KENT,
Veterans' Agent

Report of the Town Accountant

To the Board of Selectmen:

I herewith submit the report of the Town Accountant for the year ending December 31, 1971. This report will list all appropriations, expenditures, credits and balances. A Balance Sheet as of December 31, 1971 will be included listing all debit and credit balances on all open ledger accounts and a Statement of Debt and Deferred Revenue Accounts.

Respectfully submitted,

S. GEORGE LOWNDES,
Town Accountant

Warrants and Proceedings

FOR THE YEAR ENDING DECEMBER 31, 1971

ANNUAL TOWN WARRANT

MARCH 15, 1971

COMMONWEALTH OF MASSACHUSETTS

BRISTOL, SS

To either of the Constables of the Town of Easton in the County of Bristol.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and town affairs to meet in the Oliver Ames High School Gymnasium in said Easton on Monday, the 15th day of March, next, at 8:00 p.m. then and there to act upon the following Articles:

Article 1. To see if the Town will vote to accept the reports of the Selectmen, Assessors, Board of Health, Water Commissioners, Town Clerk, Treasurer, Collector of Taxes, School Committee, Town Accountant, Tree Warden and any committee of the Town and take action relative thereto.

Article 2. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town charges for the ensuing year, including the salaries of the several elective officers of the Town and make appropriations for the same.

Article 3. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day and Armistice Day to be expended under the direction of Elijah A. Morse Camp, Sons of Union Veterans of the Civil War; George S. Shepard, Post No. 7, American Legion; George F. Schindler, Post No. 2547, Veterans of Foreign Wars.

Article 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the Financial years beginning January 1, 1971 and January 1, 1972, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

Article 5. To see what sums of money the Town will vote to instruct the assessors to use from surplus revenue to reduce the tax levy for the current year.

Article 6. To see if the Town will vote to authorize the Selectmen to raise and appropriate for highway purposes, such sums as may be necessary for maintenance, improvement and construction of streets within the Town, said money to be used in conjunction with any money which may be allotted by the State or County for the purpose, or to take any action in relation thereto.

Article 7. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the Department of Public Works and the County Commissioners for the construction and maintenance of Public Highways for the ensuing year, or take any other action relative thereto.

Article 8. To see if the Town will vote to raise and appropriate a sum of money to be expended by the Moth Superintendent in control work against the Dutch Elm Disease.

Article 9. To see if the Town will vote to appropriate a sum of money for the purpose of entering into a contract with a private common carrier for the furnishing of or the defraying of the cost of public transportation in the Town under the authority granted by Section I of Chapter 456 of the Act of 1969, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 10. To see if the Town will vote to appropriate a sum of money for the purchase of a 1971 Cab and Chassis for the Tree Department, and to apply one 1959 Cab and Chassis towards the purchase price of the same, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 11. To see if the Town will vote to purchase two new cruisers for the Police Department and to apply two of the motor vehicles of said Department towards the purchase price of the same and to raise and appropriate a sum of money therefor.

Article 12. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a Four Door Sedan for the Police Department, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 13. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a new type Record and Filing System for the Police Department, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 14. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing Photographic Equipment for the Police Department, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or take any other action relative thereto.

Article 15. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a 1971 ¾ Ton FWD Low Bed Dump Truck for the Highway Department, and apply one 1960 ½ Ton Pick-Up Truck towards the purchase price of the same, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 16. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a 1971 Leaf Vac, as described by Highway Department Specifications of January 11, 1971, for the Highway Department and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 17. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a Rear Loader Refuse Body for the Highway Department and determine whether the money shall be provided by taxation or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 18. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing a 1971 Cab and Chassis for the Highway Department and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 19. To see if the Town will vote to authorize the Fire Chief to appoint five additional permanent firemen to the Fire Department in accordance with the provisions of General Laws, Chapter 48, Section 42, and to raise and appropriate a sum of money therefor.

Article 20. To see if the Town will vote to purchase a new car for the Fire Chief and to raise and appropriate a sum of money therefor.

Article 21. To see if the Town will vote to purchase a Combination Fire Truck for the Fire Department, to replace a 1951 Fire Truck, and to raise and appropriate a sum of money therefor.

Article 22. To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum or sums of money for repairs and restoration of the Town Office Building. Said sums to be spent under the direction of the Board of Selectmen, or take any action relative thereto.

Article 23. To see if the Town will vote to appropriate a sum of money for the purpose of doing further work to close the former Town Dump situated off of Baldwin Street, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 24. To see if the Town will vote to authorize the Moderator to appoint an Incinerator Committee, consisting of Five Citizens of the Town, to be known as the "Incinerator Committee", to conduct a study of the Incineration needs of the Town, said committee to report its findings and recommendations to the next annual meeting, with vacancies in said committee to be filled from time to time by the Moderator, or to take any other action relative thereto.

Article 25. To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of $2,500.00 to keep Oakes Ames Memorial Hall in good order and repair, said sum of money being necessary to pay the maintenance expenses of said hall in excess of the rental and Trust Fund Income, or to take any other action relative thereto.

Article 26. To see if the Town will vote to transfer a sum of money credited to the Water Department to the Water Bonded Indebtedness Account, or take any other action in relation thereto.

Article 27. To see if the Town will vote to set a rate of assessment to be charged to abuttors on public ways for the construction of water mains as authorized by Chapter 40 of the General Laws Sections 42G and 42I inclusive, or take any other action in relation thereto.

Article 28. To see if the Town will vote to authorize the Board of Water Commissioners, for and in behalf of the Town, to purchase, to acquire by gift, or to take by right of Eminent Domain, certain parcels of land situated off Washington Street, Route #138 adjacent to the present Town property, for the development of well sites, and to protect and preserve the purity of said wells, as shown on a Plan in the Town Clerk's Office entitled "Proposed taking by the Town of Easton for Water Purposes", and supposed to be owned by the following owners Parcel #1, South Easton Cemetery Corporation; Parcel #2, David Ames; Parcel #3, Neubert Morse; Parcel #4, Donald Freeman; Parcel #5, Elise Parker, or to take any other action in relation thereto.

Article 29. To see if the Town will vote to raise and appropriate a sum of money, to purchase, to acquire by deed of gift or to take by right of Eminent Domain, and expenses therefor, certain parcels of land situated off Washington Street, Route #138, adjacent to present Town Property for the development of well sites, and to protect and preserve the purity of said wells, as shown on a plan entitled "Proposed taking by the Town of Easton for Water Purposes", and supposed to be owned by the following owners, Parcel #1, South Easton Cemetery Corporation; Parcel #2, David Ames; Parcel #3, Neubert Morse; Parcel #4, Donald Freeman; Parcel #5, Elise Parker, or to take any other action in relation thereto.

Article 30. To see if the Town will vote to authorize the Town Treasurer with the approval of the Board of Selectmen to borrow a sum of money, to issue bonds or notes of the Town therefor and to authorize the Board of Water Commissioners to expend the money for the following purposes to install new wells, pumping stations, pumping equipment, to lay water mains necessary for proper connection to the present mains on well site located off Washington Street. Route #138, adjacent to our present Pumping Station. The bonds or notes of the Town to be paid in no more than twenty (20) years in accordance with Chapter 44 of the General Laws as amended or to take any other action in relation thereto.

Article 31. To see if the Town will vote to authorize the Selectmen to petition the General Court for a law authorizing John H. McEntee to obtain creditable service for retirement purposes for the years during which he was an employee of the North Easton Village District.

Article 32. To see if the Town will vote to increase the salary of the Town Clerk and raise and appropriate a sufficient sum of money to cover the cost of the same.

Article 33. To see if the Town will vote to accept the provisions of section 111G of Chapter Forty-One (41) of the General Laws, a fair and concise summary of said section being, that in any Town which accepts said section, any employee thereof who has worked continuously for five years but less than ten years shall be granted an annual vacation of three weeks without loss of pay, and any employee thereof who has worked continuously for ten years or more shall be granted an annual vacation of four weeks without loss of pay, or to take any other action relative thereto.

Article 34. To see if the Town will vote to raise and appropriate a sum of money to initially install a data processing system in the assessors office, or to take any other action in relation thereto.

Article 35. To see if the Town will vote to authorize the Board of Selectmen, for and in behalf of the Town, to appoint a qualified Registered Civil Engineer and Surveyor, to serve as Town Engineer, with his services as said Town Engineer available to all departments of the Town, and to raise and appropriate a sum of money therefor, or to take any other action relative thereto.

Article 36. To see if the Town will vote to accept the provisions of Section 37F of Chapter seventy-one (71) of the General Laws, a fair and concise summary of said section being, that in any Town which accepts its provisions the School Committee may make expenditures from funds appropriated for School Purposes for the employment of Legal Counsel for the general purposes of the committee, and the provisions of section thirty-seven E (37E) of said Chapter (pertaining to the employment of Legal Counsel for collective bargaining) shall not apply to such employment of Legal Counsel by the School Committee, or to take any other action relative thereto.

Article 37. To see if the Town will vote to appropriate a sum of money for the purpose of rebuilding the leaching field at the Parkview School, and determine whether the money shall be provided by taxation, by appropriation from available funds in the Treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Article 38. To see if the Town will vote to appropriate a sum of money for the purpose of making certain structural changes, and or repairs in the present Junior High School Building situated on Barrows Street, and to determine whether the money shall be provided by taxation, by appropriation from available funds in the treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Article 39. To see if the Town will vote to empower the Easton Housing Authority to expand its facilities by the construction of such additional units for Housing for the Elderly, as said Housing Authority shall determine to be reasonably necessary and feasible, with said project being known as 667.2 or take any other action relative thereto.

Article 40. To see if the Town will authorize the Moderator to appoint a committee to be known as the Sewerage Construction Committee consisting of five (5) citizens of the Town, with preference to be given to the members of the present Sewerage Study Committee, to carry on the necessary work in supervising the construction of said Sewerage System, and its use thereafter, to serve without compensation, to have all the powers and authority usually conferred upon a Board of Sewer Commissioners by law, in accordance with the provisions of section one (1) of Chapter eighty-three (83) of the General Laws, and to enter into, execute and deliver in behalf of the Town, such agreements, contracts and other instruments, as may be necessary in the construction of said Sewerage System, or to take any other action relative thereto.

Article 41. To see if the Town will vote to appropriate a sum of money for the purpose of starting the construction of a Sewerage System, including a treatment plant, outfall sewer, pumping station, interceptors, sewers and appurtenant work, all as shown on plans on file with the Sewerage Study Committee, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Article 42. To see if the Town will authorize the Sewerage Construction Committee, for and on behalf of the Inhabitants of the Town of Easton, to apply for such Federal or state funds as may be available, or may become available as grants or otherwise, to assist the said Town in defraying the cost of preparing construction drawings and contract documents for the initial phase of the sewerage program, or to take any other action relative thereto.

Article 43. To see if the Town will vote to appropriate a sum of money for the purpose of correcting drainage facilities at School Street and Rachel Circle, as recommended in a report and estimate of Consulting Civil Engineers, C. A. Pickering Associates, Inc., dated January 5, 1971, copy of said report and estimate being on file with the Town Clerk's Office, by installation of a new drainage system and repairing and repaving the existing roadway surfaces, all as more fully described in said report and estimate, and determine whether the money shall be provided by taxation, by appropriation from available funds in the treasury, or by borrowing in accordance with the provisions of Chapter Fourty-four (44) of the General Laws, or take any other action relative thereto.

Article 44. To see if the Town will vote to appropriate a sum of money for the purpose of correcting drainage facilities on Pine Lane and Elliot Circle, as recommended in report and estimate of Consulting Civil Engineers, C. A. Pickering Associates Inc., dated January 5, 1971, copy of said report and estimate being on file with the Town Clerk's Office, by installing Drain Manhole, Catch Basins, Headwall, and such other items as are required by said report and estimate, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or by taking any other action relative thereto.

Article 45. To see if the Town will vote to appropriate a sum of money for the purpose of correcting drainage facilities at the intersection of Center Street and Summer Street, as recommended in a report and estimate of Consulting Civil Engineers, C. A. Pickering Associates Inc., dated January 8, 1971, copy of said report being on file with the Town Clerk's Office, by rebuilding existing Catch Basins, installing new Catch Basins, drainage man hole, headwall, storm drain, and doing such other things as are called for in said report, and determine whether the money shall be provided by taxation, by appropriation from available funds in the Treasury, or by borrowing in accordance with the provisions of Chapter Forty-four (44) of the General Laws, or to take any other action relative thereto.

Article 46. To see if the Town will vote to appropriate a sum of money for the purpose of correcting drainage facilities on Calvin Road, Kenneth Road, and Marshall Road, as recommended in a report of Consulting Civil Engineers, C. A. Pickering Associates, Inc., dated January 6, 1971, copy of said report being on file with the Town Clerk's Office, by constructing a new drainage system connecting the existing system on Kenneth Road to the low lying land at Calvin Road and Washington Street, consisting of approximately 900 feet of new twelve inch concrete drain pipe and 4 new structures and such other items as called for in said report, and determine whether the money shall be provided for by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Article 47. To see if the Town will vote to appropriate a sum of money for the purpose of repairing the Bridge Street Bridge in accordance with the report of Consulting Civil Engineers, C. A. Pickering Associates, Inc., copy of said report dated October 9, 1970, being on file with the Selectmen's Office, and determine whether the money shall be provided by taxation, by appropriation from available funds in the Treasury, or by borrowing in accordance with the provisions of Chapter Forty-four (44) of the General Laws, or to take any other action relative thereto.

Article 48. To see if the Town will vote to appropriate a sum of money for the purpose of correcting drainage facilities on Dickerman Road and on Miller Road, as recommended in a report of Consulting Civil Engineers, C. A. Pickering Associates, Inc., dated December 15, 1970, copy of said report being on file at the Town Clerk's Office, by cleaning and rehabilitating existing catch basin covers and structures, installing catch basins at the Northeast intersection of Miller Road and Dickerman Road, connecting the exit of the catch basin to the catch basin at the Southeast corner of Miller Road, exiting the catch basin at the South East corner to the swamp at the Southerly boundary of the subdivision, repaving the roadways with Class I type mix and the roadway shoulders to be repaved to form Cape Cod type Berms, all as described in said report, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Article 49. To see if the Town will vote to appropriate a sum of money to correct drainage conditions on Gilmore Road and on Holly Lane, as recommended in a report of Consulting Civil Engineers, C. A. Pickering Associates, Inc., dated July 2, 1970, copy of said report being on file at the Town Clerk's Office, by filling in a catch basin, removing pavement from and regrading the Easterly side of a portion of Gilmore Road, installing 500 feet of twelve inch drain pipe from Holly Lane to existing drainage system on Pammy's Path, and installing two new catch basins on Holly Lane, all as described in said report, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Article 50. To see if the Town will vote to amend the By-Laws of the Town by adding thereto the following new By-Law entitled

"SIGN BY-LAW"

Article 1. Purpose

Pursuant to the Authority conferred upon the Town by

General Laws, Chapter 93, Section 29, and Chapter 143, Section 3, and all acts in amendment thereof and in addition thereto, and by every other law or power it hereto in any manner enabling, the Town of Easton adopts this By-Law, which shall be known as the Sign By-Law, for the regulation and restriction of billboards, signs and other advertising devices within the Town.

Article II. Definitions

For the purpose of this By-Law, the following words and terms used herein are hereby defined or the meaning thereof is explained or limited:

Accessory Sign: Any billboard, sign or other advertising device that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or the business transacted thereon, or advertises the property itself or any part thereof as for sale or to let, and which contains no other advertising matter.

Board of Appeals: The Board of Appeals established or operating in the Town of Easton under the Zoning Enabling Act, or any amendment thereof, or addition thereto.

Building Inspector: The Building Inspector appointed under the provisions of the Building By-Law of the Town of Easton as now or hereafter in force and effect.

Business Area: Any area included within a district zoned primarily for business, industrial, or commercial purposes under the Zoning By-Law. It does not include any area within a district zoned for residential purposes under said Zoning By-Law, as hereinafter defined, regardless of whether the area is being lawfully used or is available for such use through a special permit or a variance granted by the Board of Appeals or through a non-conforming use or by any other means.

Erected: The word "erected" shall include the words attached, built, constructed, reconstructed, altered, enlarged and moved.

Non-Accessory Sign: Any billboard, sign or other advertising device that does not come within the foregoing definition of an accessory sign.

Parking Area: A public parking area or a private parking area that is open to parking of motor vehicles by customers of the store.

Person: The word "person" shall include one or more individuals, a partnership, an association and a corporation.

Residential Area: A residential area is any area situated within a district zoned primarily for residential purposes under the Zoning By-Law. It includes (district designations).

Sign: The word "sign" shall include any letter, word, symbol, drawing, picture, design, device, article and object that advertises, calls attention to or indicates any premises, person or activitiy, whatever the nature of the material and manner of composition or construction.

Size: In applying the maximum height and width limitations prescribed in this By-Law for signs, any intermediary removable surface to which a sign is affixed shall be deemed to be part of the sign.

Standing Sign: The term "standing sign" shall include any and every sign erected on or affixed to the land and any and every exterior sign that is not attached to a building.

Store: A "store" shall include any establishment, office or place of business.

Street: Any public way or private way that is legally open to public use.

Zoning By-Law: The Zoning By-Law of the Town of Easton as from time to time in force and effect.

Article III. Regulations and Restrictions

Section 1. Residential Areas.

A. Accessory Signs.

1. No accessory sign shall be erected or maintained on any premises in connection with a use permitted in a residential area by the Zoning By-Law, except such accessory sign as may be permitted by the Zoning By-Law.

2. Accessory signs on premises lawfully being used for business or commercial purposes or to mark historic buildings or sites under a valid non-conforminng use or under a permit of a variance granted by the Board of Appeals must comply with the provisions of the Zoning By-Law as to accessory signs in residential districts, provided that there may be more or larger accessory signs with specific permission from the Board of Appeals.

3. Accessory signs on premises in residential districts being used as a hotel or as garden apartments shall be limited to one sign not exceeding twelve (12) square feet in area, provided that there may be more or larger accessory signs with specific permission from the Board of Appeals.

B. Non-Accessory Signs

No non-accessory sign shall be erected or maintained in a residential area

Section 2. Business Areas.

A. Accessory Signs.

1. In business areas accessory signs that comply with the provisions hereinafter set forth are permitted. All other accessory signs are expressly prohibited.

a. Location. The sign shall be affixed to a building, except as hereinafter provided. A sign attached to a building shall be securely affixed to one of the walls or a roof of the building. If affixed to a wall, it shall be parallel with and not project more than twelve (12) inches from the face of such wall and shall not project beyond the face of any other wall of the building. If affixed to the roof, it shall be parallel with the front wall of the store and shall not project beyond the face of any wall of the building. No sign, whether affixed to a wall or roof of a building, shall project above the highest line of the main roof of the building, provided, however, that if the sign is attached to a wall having a parapet extending above the highest line of such roof, then the sign may reach but not project above the top of the parapet wall.

b. Size. A sign shall not be more than three (3) feet overall in height. A sign on the exterior wall of the first floor of a building may extend across the full width of the store wall, unless the store occupies the entire front of a detached building in which event the sign may extend across not more than three-fourths (¾) of the width of the wall. The width of signs of stores occupying other than the first floor of a building shall not exceed three (3) feet.

c. Number. There shall not be more than one exterior sign for each store, except that if the store has a direct entrance into the store in a wall other than the store front, there may be a secondary sign affixed to such wall, and if the store has a wall, other than the store front, that faces upon a street or parking area, there may be a secondary sign affixed to such wall whether or not such wall contains an entrance to the store; provided however, that no store shall have more than two secondary signs in any event. The width of the secondary sign or signs shall not exceed fifty percent (50%) of the maximum permissible width of the sign on the store front. In addition to the foregoing sign or signs, there may be one directory of the occupants or tenants of the building affixed to the exterior wall of the building at each entrance to the building. Such directory shall not exceed an area determined on the basis of one (1) square foot for each occupant or tenant of the building.

d. Special Signs. In particular instances the Board of Appeals may permit more than the number of signs hereinabove permitted or signs of a maximum size or in a location other than hereinabove specified, if it determines that the architecture of the building, the location of the building with reference to the street or the nature of the use being made of the store is such that additional signs or signs of a larger maximum size should be permitted in the public interest. In granting such permission, the Board of Appeals shall specify the size and location of the sign or signs and impose such other terms and restrictions as it may deem to be in the public interest.

e. Construction. No sign shall be painted or pasted directly on the exterior surface of any wall, including windows and doors. All signs must be painted, posted or otherwise securely affixed to a substantial intermediary removable surface and such surface shall be securely affixed to the wall of the building. The foregoing, however, shall not prevent installation of a sign by individual letters or devices cut into or securely affixed to the exterior wall of a building, providing that such letters or devices have a minimum depth or projection one fourth (¼) of an inch. The material of the sign and intermediary surface and the manner of affxation of the sign to the intermediary surface and of the intermediary surface to the wall of the building shall be subject to approval of the Building Inspector for the purpose of protecting the safety of the public.

f. Illumination. Moving and flashing signs are prohibited. No red or green lights shall be used on any sign if, in the opinion of the Building Inspector, such light would create a driving hazard. No sign may be illuminated between 12 P.M. and 6 A.M., except signs identifying police or fire stations and such other signs as the Board of Appeals may specifically authorize to be illuminated at other hours, if the Board finds that the nature of the use of the premises is such that such illumination should be permitted in the public interest.

The provisions of this paragraph shall apply not only to exterior signs but also to interior signs that are designed or placed so as to shine through windows or doors of the building.

g. Standing Signs. Standing signs are prohibited, except as follows:

(1) In particular instances the Board of Appeals may permit standing signs if it determines that the nature of the use of the premises, the architecture of the building, or the location of the building with reference to the street is such that a standing sign or signs should be permitted in the public interest. In granting such permission the Board of Appeals shall specify the size, type and location of the sign and impose such other terms and restrictions as it may deem to be in the public interest.

(2) During the construction of a building a standing sign may be erected on the premises identifying the building, the owner, the contractor, the architects or the engineers but such sign shall not exceed twenty (20) square feet in surface area nor ten (10) feet in any dimension provided it does not exceed 22 feet in overall height. Such sign shall be removed promptly after the completion of the building.

h. Gasoline Filling Stations and Garages.

Gasoline filling stations and garages may, if they elect to do so, divide the one exterior sign affixed to the front wall of the building, to which they are entitled as hereinabove provided, into separate signs affixed to and parallel to such wall and indicating the separate operations or departments of the business, provided however that the total of the widths of the separate signs shall not exceed the maximum width permitted under this By-Law for a single exterior sign on such wall. In addition, one sign, standing or otherwise, indicating the company whose gasoline is being sold may be erected of such type, in such location, and in such manner as the Board of Appeals may permit provided it does not exceed 22 ft. in overall height. The standard type of gasoline pump bearing thereon in usual size and form, the name or type of gasoline and the price thereof shall not be deemed to be in violation of this By-Law. Temporary or movable signs of any and every type are specifically prohibited.

i. Maintenance. All signs whether erected before or after the effective date of this By-Law shall be maintained in a safe condition to the satisfaction of the Building Inspector.

B. Non-Accessory Signs

No non-accessory sign shall be erected or maintained in any business district. This section shall not apply to signs exempted by Section 32 of Chapter 93 of the General Laws.

Article IV. Administration

Section 1. Permits. No sign shall be erected on the exterior of any building or on any land unless and until an application for the erection of such sign has been filed with the Building Inspector, with such information and drawings as he may require, and a permit for the erection of the sign has been issued by him. The fee for such permits shall be determined from time to time by the Board of Selectmen of the Town. The provisions of this section shall not apply to:

A. In residential areas — to permitted signs, except such as by the terms of this By-Law or of the Zoning By-Law are permitted only with specific permission from the Board of Appeals.

B. In business areas — one real estate sign of not over six (6) square feet in total area advertising the sale or rental of the premises on which it is located.

Section 2. Appeal. A person aggrieved by the refusal of the Building Inspector to issue a permit for the erection of a sign or by any order of the Building Inspector under this By-Law may appeal to the Board of Appeals. The provisions of the Zoning By-Law as to the time for taking such appeal and as to the notice of and hearing thereon to be held by the Board of Appeals shall apply to appeals under this By-Law.

Section 3. Enforcement. The Building Inspector is hereby designated and authorized as the officer charged with the enforcement of this By-Law and the provisions of the Zoning By-Law in reference to the enforcement of the Zoning By-Law shall apply also to the enforcement of this By-Law.

Article V — Miscellaneous

Section 1. Temporary Signs erected in the public interest or for political advertising purposes for a period of not more than 30 days shall be permitted. Such signs shall not exceed 100 square feet in area.

Section 2. Non-Conforming Signs. Signs legally erected before the adoption of this By-Law that do not conform to the provisions of this By-Law must be made to so comply within five (5) years after the effective date of this By-Law except that standing signs must be made to comply within five (5) years after the effective date of this By-Law and except that all signs must be made to comply with the provisions of paragraph f, Illumination, of Section 2. A. 1 of Article III within one (1) year after the effective date of this By-Law.

Section 3. Penalty for Violation. Whoever violates any provision of this By-Law shall be punished by a fine not exceeding one hundred dollars ($100.00) for each offense. Each day shall be considered a separate offense.

Section 4. Severability. The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Article 51. To see if the Town will vote to amend the By-Laws of the Town by repealing Article XIX, pertaining to Outdoor advertising, in its entirety, or to take any other action relative thereto.

Article 52. To see if the Town will vote to amend the BY-LAWS of the Town by adding thereto the following new By-Law:

EASTON CABLEVISION BY-LAW

I. Title and Purpose:

This By-Law shall be known as the Easton Cablevision By-Law. It is created for the purpose of authorizing the installation and operation of Community Antenna Television systems, and for the regulation of said systems, in the Town of Easton.

II. Preamble:

This By-Law is adopted pursuant to the authority conferred upon municipalities by Article 89 of the Amendments to the Constitution of the Commonwealth to authorize the Board of Selectmen to grant permits for the operation of antenna television systems within the limits of the Town of Easton, and to enable said Board of Selectmen to regulate the installation, maintenance, and business operation thereof so as to: (1) protect public ways and places against unreasonable impairment or interference and (2) protect the Town, its inhabitants and persons doing business with permittees against loss, damage or other injury from such installation, maintenance, operation or doing business within the Town. The provisions for the issue of permits hereunder imply no intention to create rights generally for persons to engage or continue in the transaction of the business authorized by the permit, but are adopted with a view only to accomplish the foregoing purposes. No holder of such a permit hereunder shall have any property right in any document or paper evidencing the granting of such permit and issued by the Board. The Board, upon the expiration, supension, revocation, cancellation or forfeiture of such a permit shall be entitled upon demand to the immediate possession thereof.

III. Definitions:

The following terms shall, in this By-Law, have the following meanings, unless the context otherwise requires:

A. "Assign" or "assignment" shall include any transfer, except by death, of direct or indirect interests in a permit or permittee (1) totalling 10% or more accomplished within any 12 month period, or (2) which would result in a transfer of control of such permit or permittee.

B. "Board," the Board of Selectmen of the Town of Easton.

C. "Cablecasting" means programming distributed on a CATV system which has been origniated by the CATV operator or by another entity, exclusive of broadcast signals carried on the system. This term shall be construed to be consistent with the same term as used in the Rules of the Federal Communications Commission relative to CATV systems.

D. "CATV operator" or "operator," a person operating a CATV system.

E. "Community antenna television system" or "CATV system," a facility which receives and amplifies the signals broadcast by one or more television stations and redistributes such signals to subscribing members of the public for a fixed or periodic fee, employing wires or cables passing along, over, under, across and upon streets, ways, lanes, alleys, parkways, bridges, highways and other public places, including property over which a community has an easement or right-of-way; it includes facilities which in addition to providing such recepton, amplification and redistribution, are also urged to originate and distribute program material to such subscribers.

F. "Person," shall include a natural person and every form or organization incorporated or unincorporated.

G. "Regulatory agency," any instrumentality, including the executive, legislative or judicial branches, of the government of the United States or of the Commonwealth of Massachusetts having jurisdiction over the subject matter of this By-Law and which shall have exercised that jurisdiction in a manner which shall preempt the authority of the Board with respect to the particular matter.

H. "Town," the Town of Easton.

IV. A. No person shall construct, commence construction, operate or otherwise engage in the business of operating a CATV system in the Town by means of wires and cables of its own or of any other person without first obtaining as herein provided a written permit from the Town. Such permit may by its terms be exclusive or nonexclusive as the Board may determine. Each such permit shall contain at least the following provisions and may contain such other provisions as the Board may deem reasonably necessary to carry out the purpose of this By-Law:

1. The area or areas to be served, which may be less than the entire Town.
2. The completion date of the installation of substantially all equipment, wires and cables necessary to serve the named area or areas.
3. The name of the owner of all such equipment, wires and cables.
4. The date service shall be available to the named area or areas.
5. The rates to be charged to subscribers including:
    a. The maximum duration of each subscription period;
    b. The maximum advance security deposit, if any, to be paid by subscribers; and,
    c. The maximum prepayment for service to be paid by subscribers.
6. The term of the permit, which shall not exceed fifteen years.
7. The following provision with respect to violations: "Violation of any of the terms of this permit or of any provision of the Easton Cablevision By-Law or any regulation thereunder may result in the sanctions provided in that By-Law. If not otherwise specifically provided therein, such sanctions include suspension or revocation of this permit; the imposition of additional terms or conditions reasonably related to preventing or deterring repeated violations; the imposition of criminal penalties in the manner provided by law for violation of Town By-Laws; and, in case of violations which affect or may reasonably be anticipated to affect the continuity or quality of service, or which re-

late to the obligation of the permittee to afford equal opportunities under Section IV. C. 10. or to make its facilities available for public use, the permittee hereby submits to the jurisdiction in equity of the courts of the Commonwealth to enter such decrees as may be required in the judgment of the Court to provide immediate relief, either upon ex parte application or after notice as the granting of immediate relief may require."

B. No such permit or renewal of permit shall be issued except upon written application therefor to the Board on an application form to be prescribed by it. Such form shall set forth such facts as the Board may prescribe as to the citizenship character, and financial, technical and other qualifications of the applicant to operate the system, and complete information as to its principals and ultimate beneficial owners (including in the case of corporation, all stockholders, both nominal and beneficial, and in the case of unincorporated associations, all members and ultimate beneficial owners, however designated) and such other information as the Board may deem appropriate or necessary. Such application shall be signed by the applicant or by a duly authorized person evidence of whose authority shall be submitted with the application. Each applicant shall make full disclosure as to the true ownership of the applicant and of the equipment to be employed in rendering service and as to the source of funds for the purchase, lease, rental and installation of such equipment. Each application shall set forth the equipment to be employed, the routes of the wires and cables, the area or areas to be served, the commencement and substantial completion dates of construction of the system, the date service will be actually available to the areas named and the schedule of proposed rates. Additional areas to be served may be added to the permit from time to time by subsequent supplementary applications or after hearing by direction of the Board.

. Such application shall also require that in the event a permit is issued, the applicant agrees to the following:

1.a. In installing, operating and maintaining equipment, cables and wires, it will avoid all unnecessary damage and injury to any and all trees, structures and improvements in and along the routes authorized.

1.b. Should the poles or other structures upon which the lines used in its transmission or distribution system be removed or be ordered removed in order to place underground other wires located thereon, it will cause its lines to be placed underground.

2. It will indemnify and hold the Town harmless at all times during the term of the permit from any and all claims for injury and damage to persons or property, both real and personal caused by the installation operation and maintenance of any structure, equipment, wire or cable authorized to be installed pursuant to the permit. Upon receipt of notice in writing from the Board, it will at its own expense defend any action or proceeding against the Town in which it is claimed that personal injury or property damage was caused by activities of the permittee in the installation, operation or maintenance of its system.

3.a. It will carry insurance in a form and in companies satisfactory to the Board insuring the Town and itself from and against any and all claims for injury or damage to persons or property, both real and personal, caused by the construction, installation, operation or maintenance of any structure, equipment, wires or cables authorized or used pursuant to the permit; the amount of such insurance against liability for damage to property shall not be less than one hundred thousand dollars as to any one person and two hundred thousand dollars as to any one accident and against liability for injury or death to persons not less than one hundred thousand dollars as to any one person and three hundred thousand dollars as to any one accident.

3.b. It will provide security by a cash deposit made with the Town Treasurer or bond in a form satisfactory to the Board, for the refund to its subscribers in the Town of all deposits and prepayments for service in the event of failure of the permittee to provide its service throughout the period covered by such prepayment.

4. It will not engage directly or indirectly in furnishing, selling, leasing or repairing Federal Communications Commission standard frequency television or radio sets.

5. It will provide cable drops and its service within the areas authorized by the permit at no cost to public schools, police and fire stations, public libraries and any other public buildings at any time designated in writing by the Board.
6. Upon termination of the period of the permit or of any renewal thereof by passage of time or otherwise, it will cease its operations and will remove or cause to be removed its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways and other public places in, over, under or along which they are installed and will restore or cause to be restored the areas to their original condition; if such removal is not completed within six months of such termination, the Board may deem any property not removed as having been abandoned; and if such removal or restoration is not so completed, the Town may cause them to be done and charge the cost thereof to the permittee.
7. Whenever it may take up or disturb any pavement, sidewalk or other improvement of any public place, the same shall be replaced and the surface restored in as good condition as before entry as soon as practicable. If the permittee fails to make such retsoration within a reasonable time, the Town may fix a reasonable time for such restoration and repair to be made by written notice to the permittee and upon the failure of the permittee to comply with the schedule specified, the Town may cause proper restoration to be made and the expense of such work shall be paid by the permittee upon demand by the Town.
8. It will not remove any television antenna of any subscriber or proposed subscriber without his prior written consent. In the event a subscriber already has an antenna installed, it will at no extra charge offer to him and maintain an adequate switching device to allow the subscriber to choose between cable and non-cable reception, unless the subscribed affirmatively indicates in writing that he does not desire such device.
9. Whenever it transposes any television signal from the channel on which it was originally broadcast so

that it is received on a different channel on the receiving sets of subscribers, it will advise subscribers of the receiving channel on which the signal was originally broadcast.

10. If it permits its facilities to be used to originate and disseminate any views concerning a controversial issue or public importance, it will afford reasonable opportunity for the presentation of contrasting points of view over its facilities; provided that, any request for equal opportunities under this subsection 10 is received by the operator within one week after the day on which the prior use occurred.

11. Before commencing construction or in the event construction has been commenced or completed prior to the effective date of this By-Law, it will submit to the Board a bond with corporate surety satisfactory to the Board. The amount of said bond shall be one dollar per person of the total population of the area of the permit, as determined from the most recent state or federal census available from time to time, but in no event shall the amount of the bond exceed $100,000 dollars. The term and condition of the bond shall be the performance of the following conditions:
    a. The satisfactory completion of installation and operation of the system in accordance with the schedule proposed in the application and in accordance with subsection 1 of this section.
    b. The indemnity of the Town in accordance with subsection 2 of this section.
    c. The satisfactory removal of its system in accordance with subsection 6 of this section.
    d. The satisfactory restoration of pavements, sidewalks and other improvements in accordance with subsection 7 of this section.

12. In the event reception of its signals by any subscriber is interrupted for 72 consecutive hours, it will grant such subscriber a pro rata credit or rebate.

13. If the permittee proposes to utilize any structure, poles, lines or other equipment in its transmission or distribution system in which any person other than the permittee shall have any interest, an agreement by such other person to be bound by the terms of the permit and the agreements of the permittee insofar

as they relate to the installation, maintenance and removal of any property utilized by the permittee in which such other person has an interest shall be entered into.

14. It will notify the Board of any proceeding to which it is a party before any regulatory agency.

V. No application under Section IV shall be granted except after a public hearing. Public notice of the filing of each application and of a hearing date within not less than thirty days of the filing of the first such application, shall be given in a newspaper published in the Town by at least two advertisements not less than a week apart placed and paid for by the applicant after advance approval of the form of such advertisements by the Board. In no case shall any application be acted upon by the Board within thirty days of the first of such advertisements. In the event more than one application is filed, the Board shall choose that applicant or those applicants which in its opinion will best serve the public interest. The Board shall issue a public statement in writing containing the reasons for its decision. Any hearing required by this section may be consolidated with any hearing held pursuant to General Laws, Chapter 166, Section 22, relative to poles and wires to be utilized by the applicant.

B. The rights of any holder of a valid permit issued pursuant to General Laws, Chapter 166, Section 22, in the Town prior to the adoption of this By-Law shall not be impaired by the adoption of this By-Law; provided, that such holder, within a period of time set by the Board, agrees to be bound by the terms of this By-Law in the same manner as an applicant hereunder. If a permit issued under General Laws, Chapter 166, Section 22, does not specify the area of Town within which the rights conferred shall be exercised, the Board shall upon receipt of the agreement of the said permittee specify such area.

VI. Each permittee shall install its CATV system and maintain the quality of the signals transmitted over its system to its subscribers in accordance with standards to be prescribed by any regulatory agency. Each such permittee shall also file annually with the Board on forms to be prescribed by the Board a statement of its revenues and expenses and its ownership. Such completed forms shall be kept in a file open to the public.

VII. No application for a permit to operate a CATV system or for renewal or assignment of such a permit shall be considered by the Board unless it is accompanied by an application deposit of $500. The Town shall retain from such deposit only the reasonable cost to the Town of processing such application, including any investigation of the applicant and evaluation of the application, whether by employees of the Town or by persons retained by the Town for that purpose. The balance of the deposit, if any, shall be refunded to the applicant if unsuccessful or applied to the permit fee charged to the applicant if successful. Initial and annual permit fees shall be established annually by the Board in an amount equal to the reasinable expenses incident to the enforcement of this By-Law. Any applicant or holder of a permit shall be permitted to partcipate in any proceedings held to establish the amount of the costs or fees to be charged to such applicant or holder hereunder.

VIII. If at any time after the adoption of this By-Law there shall be granted to the Town additional powers with respect to CATV systems, this By-Law shall be construed to authorize the exercise of such additional powers by the Board to the extent permitted by the action granting such powers.

IX. A. Complaints by any person as to the operation of any CATV system may be filed in writing with the Board which shall within ten days forward copies of such complaints to the permittee.

Any permit issued hereunder may after hearing be revoked by the Board on any of the following grounds:

1. For false or misleading statements in, or material omissions from, any application or any annual return submitted under this By-Law.
2. For failure to file and maintain a bond under section IV. C. 3. b. or to maintain insurance under section IV. C. 3. a.
3. For two or more violations of a different nature within twelve months, as determined by the Board, of commitments of a permittee under section IV. C. 10.
4. For repeated failure, as determined by the Board, to maintain signal quality under the standards provided for in section VI.
5. For any assignment without consent in violation of section X. A.
6. For violation of other obligations of the permittee under section IV, or of the terms of its permit.

B. The Board may, in connection with the determination of any question of fact required to be made in administering this By-Law, retain the services of any person or firm of professional consultants or engineers having no financial interest in the outcome of such determination to investigate and report to it. Such report may be considered by the Board in making its determination of fact, provided that a copy of the report shall have been furnished to any permittee whose interests might be adversely affected by a decision of the Board in the matter.

At any hearing under this By-Law, reasonable opportunity shall be given to all parties to the matter under hearing to inquire into such investigation and report.

. Upon request of the Board, a permittee shall make or provide, or allow and bear the expense of making or providing, any tests, investigations or reports necessary to establish, to the satisfaction of the Board, compliance with all terms and conditions of this By-Law.

X. Any permit issued hereunder may be renewed by the Board for additional periods, each not to exceed ten years. No initial or renewed permit may be assigned without the prior written consent of the Board. Such consent shall be given only upon a written application therefor on forms to be prescribed by the Board. Such forms shall set forth such facts as the Board may prescribe as to the citizenship, character, and financial, technical, and other qualifications of the proposed assignee to operate the system, and complete information as to its principals and ultimate beneficial owners (including in the case of corporations, all stockholders both nominal and beneficial and in the case of unincorporated associations, all members and ultimate beneficial owners however designated) it being the intention hereof that each assignee shall make full disclosure as to its true ownership and as to the source of the funds to be used for the purchase and operation of the system.

The application for consent shall contain such other information concerning the consideration to be paid and other matters as the Board may deem appropriate or necessary and shall be signed by the applicant and by the proposed assignee or by persons duly authorized, evidence of whose authority shall be submitted with the application. In no case shall the consent of the Board to an assignment be given when it appears from the application or from subsequent investigation or otherwise that the consideration being paid in the proposed transaction includes a substantial payment solely for the permit issued hereunder.

B. The Board may upon application by a permittee whose beneficial shares of ownership are the subject of an effective Registration Statement filed with the Securities and Exchange Commission of the United States Government, or are listed for trading on a natiinal stock exchange, exempt transactions in such shares from the requirements of this section entirely or to such lesser extent as the Board may deem consistent with the purposes of this By-Law.

XI. This By-Law shall to the fullest extent legally possible apply to all CATV systems authorized or constructed prior to the effective date hereof. In any case in which prior to such effective date arrangements have been entered into between the Town and an operator by means of contract or otherwise which are inconsistent with the provisions of this By-Law, the Board shall take steps promptly and in any event within ninety days to insure compliance with such provisions.

XII. The Board may issue such regulations as it deems appropriate to carry out the purposes of this By-Law. The Board shall have authority to enter into agreements with similarly authorized agencies of other municipalities in order to carry out the purposes of this By-Law with respect to permittees who hold or may hold a permit from the Town, and such other municipality. The Board may from time to time investigate whether the provisions of this By-Law and the agreements required hereunder are being complied with and any cases of noncompliance shall be made the subject of a hearing under Section IX.

XIII. Nothing in this By-Law shall be construed to bar operation of a CATV system by the Town if otherwise authorized by law so to do, but such operation shall be subject to this By-Law as if the system were privately owned and operated.

XIV. All permits granted shall be subject to the following conditions whether or not set forth in the document or vote granting them:

A. No privilege or exemption shall be granted or conferred by any permit granted under this By-Law except those authorized herein.

B. Any privilege claimed under any such permit by the permittee in any public way or other public property shall be subordinate to any prior lawful occupancy of the public ways or other public property.

C. Any such permit shall be a privilege to be held in personal trust by the original permittee. It cannot in any event be sold, transferred, leased, assigned or disposed of, in whole or in part, either by force or involuntary sale, or by voluntary sale, merger, consolidation or otherwise, without the prior consent of the Board and then only under such conditions as may therein be prescribed. Any such transfer or assignment shall be made only by an instrument in writing, a duly executed copy of which shall be filed in the office of the Board within thirty days after any such transfer or assignment.

D. Time shall be of the essence of any permit granted hereunder. The permittee shall not be relieved of his obligation to comply promptly with any of the provisions of this By-Law by any failure of the Town to enforce prompt compliance.

E. The permittee shall have no recourse whatsoever against the Town for any loss, cost, expense, or damage arising out of any provision or requirement of this By-Law or of any permit issued hereunder or because of its enforcement.

F. The permittee shall be subject to all requirements of pertinent Federal and Commonwealth of Massachusetts laws, rules and regulations, as well as Town By-Laws, rules, regulations and specifications heretofore or hereafter enacted or adopted.

G. Any permit shall not relieve the permittee of any obligation involved in obtaining permits to place or utilize poles or wires in the public ways.

H. The Town shall have the right to purchase the CATV system of any permittee if the Town shall be authorized by law to operate a CATV system.

I. Nothing contained in this By-Law shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, any right of eminent domain which the Town may otherwise have under law.

J. There is hereby reserved to the Town every right and power which is required by law to be herein reserved or provided, and any permittee by its acceptance of any permit, agrees to be bound thereby and to comply with any action or requirement of the Town in its exercise of such rights or power.

K. Neither the granting of any permit hereunder nor any of the provisions contained herein shall be construed to prevent the Town from granting any identical or simliar permit, to any other person, firm or corporation, within all or any area of the Town.

L. There is hereby reserved to the Town the power to amend any section or part of this By-Law so as to require additional bonding or insurance, or greater standards of construction, operation, maintenance or otherwise, on the part of the permittee at any time.

M. Neither the granting of any permit nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the Town.

N. The Board may do all things which are necessary and convenient in the exercise of its jurisdiction under this By-Law and may determine any question of fact which may arise during the existence of any permit granted hereunder.

O. At all reasonable times, the permittee shall permit any duly authorized representative of the Town to examine all property of the permittee, together with any appurtenant property of the permittee situated within or without the Town, and to examine and transcribe any and all maps and other records kept or maintained by the permittee or under its control which deal with the operations, affairs, transactions or property of the permittee with respect to its permit. If any such maps or records are not kept in the Town, or upon reasonable request made available in the Town, and if the Board shall determine that an examination thereof is necessary or appropriate, then all travel and maintenance expenses necessarily incurred in making such examination shall be paid by the permittee.

P. The permittee shall prepare and furnish to the Board at the times and in the form prescribed by the Board, such reports with respect to its operations, affairs, transactions, property, or financial status, as may be reasonably necessary or appropriate to the performance of any of the rights, functions or duties of the Town or any of its officers in connection with the permit.

Q. The permittee shall at all times make and keep in the Town full and complete plans and records showing the exact location of all CATV system equipment installed or in use in public ways and other public places in the Town.

R. The permittee shall maintain an office within the Town limits which subscribers may call at any time, and CATV maintenance service shall be promptly available to subscribers within twenty-four hours.

S. No person, firm or corporation in the existing service area of the permittee shall be arbitrarily refused service; provided, however, that the permittee shall not be required to provide service to any subscriber who does not pay the applicable fees and charges.

T. Before providing service to any subscribed, the permittee shall obtain a signed contract from the subscriber containing a provision substantially as follows:

> "Subscriber understands that in providing antenna service the permittee is making use of public ways within the Town of Easton and that the continued use of such ways is in no way guaranteed. In the event the continued use of such ways is denied to permittee for any reason, permittee will make every reasonable effort to provide service over alternate routes. Subscriber agrees he will make no claim nor undertake any action against the Town of Easton, its officers, or its employees if the service to be provided hereunder is interrupted or discontinued.

U. In the case of any emergency or disaster, the permittee shall upon request of the Board, make available its physical facilities to the Town for emergency use during the emergency or disaster period.

XV. If any provision of this By-Law or of the application thereof to any person or circumstances is held invalid, the remainder thereof and the application of such provision to other persons or circumstances shall not be affected thereby. Should any of the matters regulated by this By-Law be subsequently the subject of valid regulations issued by any agency of the Commonwealth specifically authorized to regulate CATV systems, such valid regulations shall supersede the provisions of this By-Law dealing with matter specifically regulated by such agency. Matters not so specifically regulated shall, to the fullest extent permitted by law, continue to be subject to regulation hereunder.

XVI. Any discretion conferred by this By-Law upon the Board shall be exercised reasonably by the Board and in such a manner as will, in the judgment of the Board, achieve the purposes of this By-Law or to take any action relative thereto.

Article 53. To see if the Town will vote to raise and appropriate a sum of money for the use of its Charter Commission as provided in section 8 (b) of Chapter 43B of the General Laws, or take any other action in relation thereto.

Article 54. To see if the Town will vote to have the Selectmen serve without salary compensation, or to take any other action relative thereto.

Article 55. To see if the Town will vote to support proposed revenue-sharing programs which will be before the 92nd United States Congress (1971) for the purpose of acquiring additional, needed revenue to assist in alleviating demands currently imposed on local property taxes, and to inform the entire Massachusetts congressional delegation of this positive action by town meeting members, or take any other action relative thereto.

Article 56. To see if the Town will vote to accept the report of the Planning and Zoning Board concerning a proposed amendment of the Zoning By-Law of the Town by the addition thereto of a new section entitled "Section 8A - ENVIRONMENTAL PERFORMANCE STANDARDS", as more fully described in the following Article 57, a copy of said report being on file with the Town Clerk's Office, or to take any other action relative thereto.

Article 57. To see if the Town will vote to amend the Zoning By-Law of the Town by adding thereto a new section entitled "Section 8A - ENVIRONMENTAL PERFORMANCE STANDARDS, containing the following provisions:

Section 8A

ENVIRONMENTAL PERFORMANCE STANDARDS

Any use permitted by right or Special Permit in any Zone shall not be conducted in a manner as to emit any dangerous, noxious, injurious, or otherwise objectionable fire, explosion, radio-active or other hazard, noise or vibration, smoke, dust, odor or other form of environmental pollution, electrical or other disturbance; glare, liquid or solid, refuse or wastes; conditions conducive to the breeding or insects, bacteria, rodents, or other substance, conditions or element in an amount as to affect adversely the surrounding environment. The following standards shall apply:

1. Emissions shall be completely and effectively confined within the building, or so regulated as to prevent any nuisance, hazard, or other disturbance from being perceptible (without the use of instruments) at any lot line of the premises on which the use is located.

2. All activities and all storage of flammable and explosive materials at any point, shall be provided with adequate safety devices against fire and explosion and adequate fire-fighting and fire-suppression devices and equipment.

3. No activities that emit dangerous radioactivity, at any point; no electrical disturbance adversely affecting the operation at any point, of any equipment, other than that of the creator of such disturbance, shall be permitted.

4. No emission of visible smoke of a shade darker than No. 1 on the Ringlemann Smoke Chart as published by the U. S. Bureau of Mines shall be permitted except:

   a. For a period or periods of aggregating four minutes in any 30 minutes when No. 2, but not darker, is allowed.

   b. For a period or periods aggregating three minutes in any 15 minutes on No. 3, but not darker, when cleaning, when building a new fire or when breakdown of equipment occurs.

5. No emission which can cause any damage to health or animals or vegetation or which can cause excessive soiling, at any point, and in no event any emission of any solid or liquid particles in concentrations exceeding 0.3 grains per cubic foot of conveying gas or air shall be permitted.

6. No discharge, at any point, into a private sewage system, stream, the ground, or a municipal sewage disposal system of any material in such a way, or of such a nature or temperature as can contaminate any running stream, water supply or otherwise cause the emission of

dangerous or objectionable elements and accumulation of wastes conducive to the breeding of rodents or insects or harmful bacteria shall be permitted.

7. No vibration which is discernible to the human sense of feeling for three minutes or more in any hour between 7 a.m. and 7 p.m., or for 30 seconds or more in any one hour between 7 p.m. and 7 a.m. shall be permitted. No vibration at any time shall produce an acceleration of more than 0.1 gram or shall result in any combination of amplitudes and frequencies beyond the "safe" range of Table 7, U. S. Bureau of Mines Bulletin No. 442.

8. Maximum permissible sound pressure levels at specified points of measurement for noise radiated continuously from a facility between 10 p.m. and 7 a.m. shall be as follows:

Frequency band (Cycles per second	Sound pressure level (Decibel ra. 0.0002 dyne/CM)
20-75	69
75-100	54
150-300	47
300-600	41
600-1,200	37
1,200-2,400	34
2,400-4,800	31
4,800-10,000	28

If this sound is not smooth and continuous, the following corrections should be added to each of the actual decibel levels given:

a. Daytime operation only	+5
b. Noise source operates less than 20 percent of any hour period	+5

9. No emission or odorous gases or odoriferous matter in such quantities as to be offensive shall be permitted. Any process which may involve the creation and/or emission of any odors shall be provided with a secondary safeguard system. No objectionable odor greater than that caused by 0.001202 per thousand cubic feet of hydrogen sulfide or any "odor threshold" as defined Table III in Chapter 5 of **Air Pollution Abatement Manual**, copyright 1951, by Manufacturing Chemists Association, Inc., of Washington, D.C., shall be permitted.

10. No direct or sky-reflected glare, whether from floodlights or from high temperature processes such as welding shall be permitted. By petition.

Article 58. To see if the Town will vote to accept Shady Rest Road from Summer Street to Baltic Avenue, as shown on a plan entitled "Subdivision of Land in Easton, Bristol County, Mass." dated March 7, 1966, on file at the Town Clerk's Office, and approved by the Planning Board, the fee to said Shady Rest Road to be given to the Town by the owners thereof by deed of gift or to take any other action in relation thereto.

By petition.

Article 59. To see if the Town will vote to authorize the Board of Selectmen, pursuant to the provisions of section 4A of Chapter 41 of the General Laws, to appoint Charles Willis to the Conservation Commission, or to take any other action relative thereto.

Article 60. To transact any other business that may legally come before said meeting.

And you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in election, residing in Precinct one, to meet at the Harmony Grange Hall; those residing in Precinct two to meet at the Easton Junior High School Auditorium; those residing in Precinct three to meet at the South Easton School House, on Monday the 22nd day of March next at 10:00 o'clock in the forenoon to bring in their votes all on one ballot for one member of the Board of Assessors, for a term of three years; two Selectmen for a term of three years; one Selectman for a term of two years; Moderator for a term of one year; two members of the School Committee for a term of three years; one member of the Board of Health for a term of three years; one member of the Board of Health for a term of two years; Tree Warden for a term of one year; one member of the Board of Water Commissioners for a term of three years; five members of the Finance Committee for a term of three years; two members of the Finance Committee for a term of two years; two members of the Finance Committee for a term of one year; one member of the Housing Authority for a term of three years; one member of the Housing Authority for a term of one year, nine members of the Charter Commission, and to vote on the following questions:

QUESTION: Shall the Town vote to accept the provisions of section 19B of Chapter 41 of the General Laws and thereby provide permanent tenure for Esther C. Anderson, the present incumbent in the Office of Town Clerk?

(To be voted YES or NO)

A fair and concise summary of section 19B of Chapter 41 of the General Laws is as follows: The said section provides that every Town Clerk under age seventy duly elected or appointed, except a Temporary Clerk, who has served continuously for not less than five years, shall not withstanding any contrary provision of General or Special Laws, hold office during good behavior until he has attained age seventy, in any Town which has accepted said section by a majority vote in the affirmative in answer to the above question placed on the Official Ballot at a regular Town election. (Such a Town Clerk would be subject to retirement under the provisions of law relative to Retirement Systems, and must have been re-elected at the Town election at which the Question was voted on.)

QUESTION: Shall the Town vote to have its Board of Selectmen act as the Board of Health?

(To be voted YES or NO)

A fair and concise summary of Section 21 of Chapter 41 of the General Laws which provides for the above question is as follows:

A majority vote in the affirmative in answer to said question would authorize the Board of Selectmen to act as a Board of Health and perform the duties of such a Board, and upon the election and qualification of the members of the Board of Selectmen, the term of office of the existing Board of Health would thereupon terminate, and all the duties, powers and obligations of said Board would be transferred to and imposed upon the Board of Selectmen.

QUESTION: Shall the Town vote to have its Selectmen appoint Cemetery Commissioners?

(To be voted YES or NO)

A fair and concise summary of the portion of Section 21 of Chapter 41 of the General Laws which provides for the above question is as follows:

A majority vote in the affirmative in answer to said question would authorize the Board of Selectmen to thereafter appoint Cemetery Commissioners and upon the appointment and qualification by oath of such Commissioners their term of office would thereupon commence.

QUESTION: Shall the Fluoridation of the public water supply for domestic use in Easton be continued?

(To be voted YES or NO)

A fair and concise summary of the portion of Section 8C of Chapter 111 of the General Laws which provides for the above question, is as follows:

In any Town where the Board of Health has ordered the upward adjustment of the fluoride content of the water supply under the provisions of this section upon petition of ten per cent of the registered voters of said Town filed in the Office of the Town Clerk within 90 days of the publication of an order of the Board of Health adjusting upward the fluoride content of the water supply for domestic use, the above question must be put on the official ballot at the next annual Town Meeting. If a majority of votes in answer to said question is in the negative the fluoridation of the water supply of such Town shall be discontinued.

QUESTION: Shall a commission be elected to frame a charter for Easton? (To be voted YES or NO)

A fair and concise summary of Article II, Section 3 of the Articles of Amendment of the Constitution of Massachusetts, which provides for the above question is as follows:

Every Town shall have the power to adopt or revise a charter, and a petition for such revision or adoption of a charter must be signed by at least fifteen per cent of the number of legal voters residing in the Town, then the Board of Selectmen shall by order provide for submitting to the voters the question of adopting or revising a charter, and for the nomination and election of a charter commission. If a Town has not previously adopted a charter pursuant to this section the Question shall appear on the official ballot as set forth above. The charter commission shall consist of nine voters of the Town, and the vote on the question submitted and the election of the charter commission shall take place at the same time. If the vote on the question is in the affirmative, the nine candidates receiving the highest number of votes shall be declared elected.

The polls will be open at 10:00 a.m. and shall be closed at 8:00 p.m.

You are directed to serve this Warrant by posting attested copies thereof, one at each meeting house and post-office in said Town, and one at the Oliver Ames High School Gymnasium, and one at the Town Offices, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting, and said Town Clerk is hereby required to make return of this Warrant to the Warden or Deputy Warden at the time and place of holding said meeting for the election of officers, and said Warden is hereby required to make return of this Warrant to the Town Clerk, together with his return of officers elected at the close of said meeting.

Given under our hands this 1st day of February in the year nineteen hundred and seventy-one.

ARTHUR H. TUFTS
JAMES D. MULLEN, JR.
CHARLES C. WILLIS
Board of Selectmen

Annual Town Meeting

MARCH 15, 1971

The Annual Town Meeting was called to order at 8:00 P.M., March 15, 1971 by the Moderator, William F. E. Buchtmann, at the Oliver Ames High School Gymnasium. Voted to recess until 8:15 P.M. to allow all the voters standing in line to be checked in. When the meeting was called to order at 8:15 P.M. the Moderator declared a quorum to be present.

Voted to dispense with the reading of the warrant. Voted to grant permission to the following to attend the meeting: Robert Dray, Jr., Eveline Sawabini, and Wayne Dyer, to handle the microphones; James Wise, Jennifer Smith, Matthew Soeldner, Louise Gorham, Keith Nordling, students from Oliver Ames High School; Vincent Saia, Steven Broussard, Frank Murphy, Joseph Stapleton and Tenneyson Williams, students and Mr. Brendan Synnott, advisor, all from Rindge Technical School of Cambridge; Patsy Murray, Easton Bulletin; Thomas Roulstone, WOKW, and Boston Globe; and Paul Stevens of Boston Herald Traveler; Administrative Assistant, Robert L. Turcotte; Senator John Quinlan; and Miss Louise O'Rourke.

Article 1. Voted to accept the reports of the Selectmen, Assessors, Board of Health, Water Commissioners, Town Clerk, Treasurer, Collector of Taxes, School Committee, Town Accountant, Tree Warden.

Article 2. Mr. Donald E. Anderson, Chairman of the Finance Committee, read the report of the Finance Committee, and discussed the computation of the tax rate. Voted to accept the budget as a whole with the exception of any items that the meeting wished to discuss separately. Mr. Anderson read each item and gave the meeting a chance to hold up any item to be discussed later. Salaries are to be retro-active to January 1, 1971.

ESTHER C. ANDERSON,
Town Clerk of Easton

ADJOURNED ANNUAL TOWN MEETING

March 17, 1971

The adjourned annual Town Meeting was called to order at 8:00 P.M. March 17, 1971 by the Moderator, William F. E. Buchtmann at the Oliver Ames High School Gymnasium. Voted to recess until 8:15 to allow voters to be checked in and to get a count. When the meeting was called to order at 8:15 P.M. the Moderator declared a quorum to be present.

Article 39. Voted to empower the Easton Housing Authority to expand its facilities by the construction of such additional units for Housing for the Elderly, as said Housing Authority shall determine to be reasonably necessary and feasible, with said project being known as 667.2.

Article 40. Voted to authorize the Moderator to appoint a committee to be known as the Sewerage Construction Committee consisting of five (5) citizens of the Town, with preference to be given to the members of the present Sewerage Study Committee, to carry on the necessary work in supervising the construction of said Sewerage System, and its use thereafter, to serve without compensation, to have all the powers and authority usually conferred upon a Board of Sewer Commissioners by law, in accordance with the provisions of section one (1) of Chapter eighty-three (83) of the General Laws, and to enter into, execute and deliver in behalf of the Town, such agreements, contracts and other instruments, as may be necessary in the construction of said Sewerage System.

Article 41. The article was dismissed.

Article 42. The article was dismissed.

Article 43. The article was not a vote.

Article 44. The article was dismissed.

Article 45. The article was dismissed.

Article 46. This article was not a vote.

Article 47. The article was dismissed.

Article 48. The article was dismissed.

Article 49. The article was dismissed.

Article 50. Voted to table the article until next Town Meeting.

Article 51. The article was dismissed.

Article 52. Voted to amend the By-Laws of the Town by adding thereto the following new By-Law: "Easton Cablevision By-Law", as printed in the warrant.

Majority Vote

Article 53. Voted to raise and appropriate the sum of $4,800.00 for the use of its Charter Commission as provided in section 8 (b) of Chapter 43B of the General Laws.

Article 54. Voted to have the Selectmen serve without salary compensation.

Article 55. Voted to support proposed revenue-sharing programs which will be before the 92nd United States Congress (1971) for the purpose of acquiring additional, needed revenue to assist in alleviating demands currently imposed on local property taxes, and to inform the entire Massachusetts congressional delegation of this positive action by town meeting members.

Article 56. Voted to accept the report of the Planning and Zoning Board concerning a proposed amendment of the Zoning By-Law of the Town by the addition thereto of a new section entitled "Section 8A - ENVIRONMENTAL PERFORMANCE STANDARDS", as more fully described in the

Article 57, a copy of said report being on file with the Town Clerk's Office.

Article 57. The article was dismissed.

Article 58. Voted to accept Shady Rest Road from Summer Street to Baltic Avenue, as shown on a plan entitled "Subdivision of Land in Easton, Bristol County, Mass." dated March 7, 1966, on file in the Town Clerk's Office, and approved by the Planning Board, the fee to said Shady Rest Road to be given to the Town by the owners thereof by deed of gift.

(Affirmative 135 Negative 61)

Article 59. Voted to authorize the Board of Selectmen, pursuant to the provisions of Section 4A of Chapter 41 of the General Laws, to appoint Charles Willis to the Conservation Commission.

(Affirmative 171 Negative 19)

Article 60. Voted to adjourn. (10:00 P.M.)

A true record.

Report of the Solid Waste Study Committee

To the Honorable Board of Selectmen:

The Solid Waste Study Committee has made an extensive report on types and methods of incineration, copy of which is on file at the Town Clerk's office.

Respectfully submitted,

ARTHUR H. MOSHER, Chairman
DAVID JACOBSEN
PAUL GREAVES
EDWIN WHITE
JOHN TYLER

Cemetery Commissioners' Report

To the Honorable Board of Selectmen:

Inasmuch as this Commission was formed in June 1971, it has held meetings in the Town office building every second Monday of the month. The purpose of these meetings was to lay out a policy and guide lines pertaining to all the abandoned cemeteries in the Town which total 41.

This commission has requested that a sum of twenty-five thousand dollars ($25,000) be raised and appropriated at the Town Meeting and request that an Article be inserted for maintenance of cemeteries. Under Chapter 114 and Chapter 115 of the General Laws all veterans and other graves must be maintained. All these cemeteries have been neglected for many years.

It is hoped that the voters will see their way clear to help restore the cemeteries to a better condition. Also it is to be remembered that the people who are buried in these cemeteries made this country so that all of us may live in these great United States.

In conclusion the Commission would like to go on record that they have received fair and impartial treatment from you Honorable body.

OSCAR PETERSON
EDWIN BENSON
CARL LUNDIN
EDWARD CEDARHOLM
WILLIAM LAHEY
Cemetery Commissioners

Southeastern Regional School District Vocational-Technical Education

The Committee members who were serving the participating communities in 1971 were Edward A. Raymond and Clement F. Beals, Brockton; Robert B. Snow, Stoughton; Allan B. Temple, Sharon; Robert A. Girardin, Foxborough; Louis E. Tarsa, Jr., Mansfield; Mrs. Ruth B .Brown, Norton; Charles D. Anderson, Easton; Robert B. Ewing, East Bridgewater; and John H. Hamilton, West Bridgewater.

During the year Mrs. Ruth B. Brown and Mr. Allan B. Temple did not seek re-election and were replaced by Mr. Charles McDonald, Norton, and Mr. James Leonard, Sharon.

The organizational meeting is required to be held on the first of April. At this meeting the following officers were elected for a term of one year: John H. Hamilton of West Bridgewater, Chairman; Clement F. Beals of Brockton, Vice-Chairman; Louis E. Tarsa, Jr., Secretary. Sub-committees were appointed to study various issues as the year progressed.

One of the highlights in the District's short history occurred in 1971 when the Southeastern Regional Vocational Technical High School and Technical Institute became fully accredited institutions of learning, now holding membership in the New England Association of Colleges and Secondary Schools.

Recognition of the value of Vocational Technical Education became more paramount with the increase in student applications and with the school functioning at capacity. To satisfy the demand and to offer more opportunities for District students, a concept of satellite schools is being developed. Proposals are being studied to renovate four small and unoccupied schools in Easton, Foxboro, Sharon and Stoughton; ultimately they will be used by Southeastern for new programs. The renovation is to be accomplished by the students of the Plant and Building Maintenance Program.

In order to keep abreast of new industrial techniques and provide District students with an up-to-date education, Adivsory Committees were organized, and a program for a continuous dialogue was set up between the teaching staff and members of industry which represent every occupation that is taught at the school. This type of exchange will certainly assure our students of a realistic preparation for the world of work.

Involvement has been the significant characteristic of our students. This fall, our school was the host for the Southeastern Massachusetts District Association of Student Councils. Over three hundred students attended this conference. Also, a first for Southeastern was the introduction of a new and innovative senior elective program developed by the English Department. Seniors were assigned to visit the area industrial plants and obtain, through interview, all the possible information they could gather concerning specific occupations. They then prepared this information using slides and tapes, and presented these facts to the 9th grade exploratory students. The receptiveness by industry and the students to this program, assured its continuation and adoption into the curriculum.

School construction continues at the school. The students are involved in constructing a system of storage buildings to contain equipment and inventory.

Southeastern graduated its first class that started at the 9th grade level. Despite the decline in our economy, the majority of those available for employment were able to find jobs in the field where they would best use their training.

In March officials from the State Dept. of Corporations and Taxation conducted a detailed audit of all our accounts. The vocational school now serves 91 students from Easton in the regular courses. There are 17 night courses functioning with over 500 pupils enrolled. The school serves the various communities in many unreported small ways. The printing was done on the real estate evaluation book for Norton. $20,000 worth of school equipment was built for the new Bristol-Plymouth Vocational School at a cost of $7,700. School department employees from East Bridgewater, West Bridgewater, Easton, and Norton have received key punch training in preparation for going on the school computer, to which has been added larger disc operating capacity.

During 1971 the assessment costs to Easton for its share of school operating amounted to $113,000 for 91 students; yet in return the town treasurer received a 15% bonus by reason of being a member of a regional vocational district. The amount of such bonus was $104,000.

The pressures to build and expand for the purpose of serving more of the applications for enrollments which we receive, is steadily increasing.

Respectfully submitted,

CHARLES D. ANDERSON,
Vocational District Committeeman
from Easton

Report of the High School Building Committee

Regular monthly meetings of the High School Building Committee were held on the second Thursday of each month. In addition to these regular meetings numerous special meetings were held throughout the year.

Throughout the year the Committee received bids and awarded contracts for the majority of the moveable equipment. These items were handled by the Building Committee and school administration in order to save the profits which would be realized by the architect and general contractor if these items had been a part of the contract.

During the early months of the year the project made good progress and the percentage which the project was behind schedule was reduced. The contractor was most optimistic that the majority of the work would be completed by mid-summer and all work would be completed by the early fall.

The Committee met with H. V. Collins, the general contractor, on several occasions throughout the year and his optimism prevailed. In May it was reported that the project was 2½% behind on a revised schedule. This seemed to indicate occupancy could be assumed by September.

During the early part of the summer several change orders were required in order that the incinerator and boilers could meet the new regulations as set forth by the Division of Environmental Control relative to smoke control.

By late summer the outside physical education and athletic areas were completed and accepted.

In August it became apparent that the building would not be ready for the opening of school in September but the contractor assured the Committee that the classroom areas would be ready shortly thereafter. The Committee notified the School Committee of the delay in order that appropriate steps could be taken to house the senior high school pupils within the existing facilities.

In December the Building Committee voted to accept the building with the exception of the auditorium and industrial arts wing. The School Committee was notified that they could plan to have students move into the building after the Christmas vacation.

Respectfully submitted,

ONE HUNDRED AND FORTY-FOURTH

ANNUAL REPORT

of the

SCHOOL COMMITTEE

and the Eighty-fifth from the office of the

SUPERINTENDENT OF SCHOOLS

of the

TOWN OF EASTON

MASSACHUSETTS

For the year ending December 31, 1971

Report of the School Committee

The School Committee submits the following Annual Report for the year 1971. Your School Committee has tried to keep informed on all school activities and expenses throughout the past year. Considerable time has been spent evaluating the return Easton receives on the money invested in our educational system.

The following report of the Superintendent of schools describes the programs and some accomplishments of the past year. In addition, we would like to note the following areas.

We would like to thank Mr. Phillip Hallowell who has been Superintendent of the Easton schools for the past fifteen years. He has contributed significantly to our educational system in its highest growth period. Now, after forty years in education, he will retire at the end of the 1971-1972 school year. We will sincerely miss him and we offer our best wishes and thanks for a job well done.

FACILITIES

The new high school was delayed in completion and necessitated double sessions during the Fall. These double sessions ended at Christmas vacation when the new high school became available. We would like to sincerely thank the Building Committee and the townspeople for providing Easton with an exceptional facility.

The Unionville School and the South Easton School were not required for classrooms. The Unionville School was loaned to the Southeastern Regional School for use in their program. They will maintain the upkeep of this as a school. The South Easton School was remodeled for much needed administrative office space. The old administrative offices will be used for classroom space in the middle school.

Of continuing major concern is the vandalism that occurs in the school. This cost to the taxpayer over the past year was approximately $2,800.00

FUNDS

We of Easton are very fortunate to have the Ames Funds available to us. The past year this amounted to $69,105. dollars and allowed for improved school programs including the cost of summer school. In addition $5,075. from the Oakes Ames Fund was used to grant scholarships.

COLLECTIVE BARGAINING

This item is time consuming and is presently being continued as no agreement on the salary schedule, effective September, 1972, has been reached.

BUDGET

The significant increases in the budget for this year will be in transportation, salaries and basic services, such as fuel and electricity plus the cost of running the new high school.

CONCLUSION

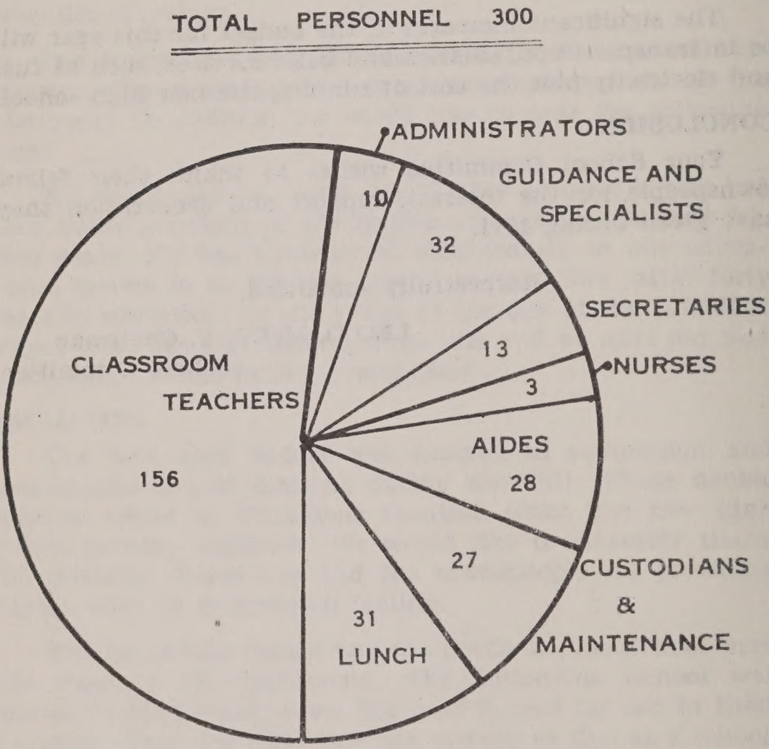
Your School Committee wishes to thank their fellow townspeople for the interest, support and cooperation they have given during 1971.

Respectfully submitted,

LEO D. McEVOY, Chairman
School Committee

PERSONNEL

The heart of our school system is the personnel staff and we are pleased with their overall performance. We thank them for the townspeople.



The above shows the personnel distribution.

FEDERAL PROJECTS

EASTON, MASSACHUSETTS

1972

In addition to the regular school budget the school committee must estimate the amount of money which may be allocated from federal funds during 1972. The anticipated receipts are purely estimates. However, if these funds are not budgeted in advance they may not be expended if received. Some of these funds must also be expended during the fiscal year in which thel are allocated.

Project	Anticipated Receipts	Anticipated Expenditures
Title I	$30,000.00	$30,000.00
Title II	5,000.00	5,000.00
85-864	6,300.00	6,300.00
P.L. 874	25,000.00	25,000.00
P.L. 90-576	30,000.00	30,000.00
	$96,300.00	$96,300.00

Superintendent of Schools

To the School Committee of Easton:

I hereby submit my fifteenth annual report as Superintendent of the Easton Public Schools. This report is the eighty-sixth in a series since the town authorized a superintendent of schools.

The following statement appeared in the **Christian Science Monitor** in September, 1971:

> "The American public school system, like a mammoth dinosaur, has done a remarkable job through the years of ferrying immigrating peoples and their children into the mainstream of economic and cultural life. It is being pressed to do so for black Americans and Spanish-speaking minorities. This is a tremendous undertaking. The marvel is not that American education has failed or is lacking in certain areas, but that it has achieved what it has."

Retirements

During the past year there were four retirements from the Easton school system. The following served faithfully for a number of years: Miss Mary V. Harvey, a teacher at the Parkview School and formerly at the North Easton Grammar School, retired after forty-nine years of service; Mr. John I. Lowndes, teacher at the Oliver Ames High School, nine years of service; Mr. George Larson, custodian at the Parkview School, nine years of service; and Mr. Axel Dahl, custodian at the Parkview School, twelve years of service. We wish them many years of happiness in their retirement.

New School Facilities

During the past two years we have watched with interest the construction of the new Oliver Ames High School located on Lothrop Street. This modern facility which will officially be open for students on January 3, 1972, will make it possible to offer a more varied and interesting program to our students of high school age. The program for the junior high school age students will also be expanded and enriched as a result of moving into the old Oliver Ames High School on Columbus Avenue, now named the Easton Junior High School.

The administrative facilities for the Easton Public Schools are now housed in the former South Easton School located at 580 Washintgon Street. This facility provides more space for planning, evaluating and transacting the business program of the school system. This space has been needed for a number of years.

School Growth

During the past fifteen years we have witnessed a growth in school population from 1,961 pupils in 1957 to a present enrollment of 3,488 pupils. During this same period of time additional classroom facilities have been provided at the Center School; the old Oliver Ames High School, now the Easton Junior High School on Columbus Avenue; the construction of the Parkview School on Spooner Street; and the new Oliver Ames High School on Lothrop Street. This does not mean that the town can rest on its laurels and not continue to build additional school facilities. In my report of last year I emphasized the need for added facilities. Many new homes are now being built in Easton and within two years our present school facilities will be overcrowded with added pupils.

Evaluation

The Oliver Ames High School will be evaluated by the New England Association of College and Secondary Schools during 1973. The citizens of Easton should be reminded that in addition to the fact that we want the best possible education for our children, we must also provide an educational system which will pass the strict standards of the evaluating committee. Standardized tests which are conducted throughout the school system each year indicate that our students should be able to compete with the best throughout the country.

During the past year many courses at the Oliver Ames High School were reorganized into mini-courses to offer a wider variety of selection for the students. A large percentage of our graduating students enter schools of higher education each year.

Pre-Vocational Feeder Program

An innovative program in Easton which has received nationwide attention is our pre-vocational feeder program. This program was organized as a result of a federal grant last year. The grant is continuing this year and possibly next year. This new program has provided additional personnel and materials. The purpose of the project is to give pupils an opportunity to explore twelve of the vocational areas included in the Southeastern Regional Vocational Technical School's curricula. The areas include mechanics, cabinet making, machine shop, mill house carpentry, machine drafting, graphic arts, commercial art, plumbing, electricity and electronics, commercial foods, metals fabrication, and auto body.

Industrial occupations, a term which we will hear more about in American education in the future, is actually being taught in grades seven to twelve in Easton. We are being informed by the Department of Education that this type of education, which has been neglected in the American public school system, will be extended down to the kindergarten level.

The Middle School

With the reorganization of our school system in September, the old Easton Junior High School has been named the Middle School. All of the pupils in grades five and six are housed in this facility. Mr. John Buckley, the principal, has been experimenting with different types of scheduling, programming, and grouping. The emphasis has been shifted from the traditional textbook approach to learning to making the school and the teacher a resource center with a heavy reliance on research. This emphasis requires much more planning for the administration and the teacher, but can only result in a more exciting classroom atmosphere manifesting itself in more pupil learning.

History of Easton

The fifth grade at the Parkview School, after completing their study of the history of Easton, decided to raise money to purchase a bronze plaque to mark the site of the Rockery in North Easton. The work study class at the Oliver Ames High School planted a number of trees on Main Street in North Easton. These two projects not only add to the beauty of the community but also make these young people important participants in town pride and beauty.

Field Trips

Many of our students extend their education beyond the classroom by visiting sites and by attending other cultural events. Classes have attended theatrical and musical productions, and have visited the House of Seven Gables, the Trailside Museum, Mystic Seaport, Plymouth, Worcester Museum, and many other places and events of interest.

Easton has been most fortunate in the caliber of citizens who have been elected to the School Committee. The excellent quality of education found in Easton reflects the sound judgment of the present and former committee members in their conscientious acceptance of their obligations to serve to the fullest all the children of Easton.

Due to retirement, after forty years in public education, this is the last report I will be submitting to the citizens of Easton. It has been a pleasure to work for a school committee which has maintained a close observation of every phase of the school program in order that Easton may be a leading school system in the Commonwealth. Whatever success our educational program has achieved is the direct result of dedicated teachers, able administrators, and cooperative members of the non-professional staff. To have been associated with such a fine group of people will always remind me that Easton has been a wonderful community in which to live and work.

Respectfully submitted,

PHILIP M. HALLOWELL
Superintendent of Schools

Kathleen Mellen	English
Peter O'Brien	English
Hugh Owen	English
Eveline Sawabini	English and Social Studies
Jennifer Smith	English
Marjorie Williams	English and Art
Sharon Williams	English

High honors are earned by pupils whose yearly marks in a particular department are all A's; honors are given those who have received but one B, all other yearly marks being A. Honors are not given in subjects requiring less than two years in curriculum nor to any pupil pursuing a subject less than the maximum number of years.

SCHOOL ORGANIZATION

SCHOOL COMMITTEE

	Tel.
Leo McEvoy, Chairman	
28 Harrison Avenue, North Easton, Mass.	238-2227
Norman A. Anderson	
7 Lothrop Street, North Easton, Mass.	238-3283
Mrs. Elizabeth Ready	
7 Westwood Road, South Easton, Mass.	238-6763
Paul T. Smith	
16 Western Avenue, North Easton, Mass.	238-3604
Wilford Woodworth	
51 Williams Street, North Easton, Mass.	238-6264

OFFICE OF SUPERINTENDENT OF SCHOOLS

Office: 580 Washington Street, South Easton	238-4311

SCHOOL TRANSPORTATION CONTRACTOR

Mitrano Chevrolet Co.	All Routes

SCHEDULE OF "NO SCHOOL" SIGNAL

The sirens of both the North Easton and South Easton fire stations will be used to sound the "no school" signal. The signal will be two blasts sounded three times in succession (2-2-2).

6:45 a.m.—No school all day at the Junior-Senior High Schools.

7:30 a.m.—No school all day in the elementary schools.

"No school" signals will be used only when weather conditions are unusually severe. The scattered population of the town and the extensive pupils transportation system make it necessary to sound the signal, if at all, a considerable time in advance of the opening hour of school sessions. It occasionally happens that weather conditions which appear promising at the hour the signal should be sounded become severe by the time many pupils start for school. Parents are requested to use their judgment in such cases at to whether or not a child should attend a school session. Absences from school under these circumstances will be marked in the school register with distinctive marks and will not be counted against the child's perfect attendance record on the report cards.

Report of the Finance Committee

To the Citizens of Easton:

The Finance Committee hereby respectfully submits its Annual Report, together with recommendations on the Budget and Articles appearing in the Warrant for the 1972 Annual Town Meeting.

General

Included with our report is a glossary of Town Finance Terms to assist the voter at Town Meeting if those terms should be used. In addition, an accounting of Reserve Fund Transfers as voted by the Finance Committee during the year is included.

We have met with every Department Head and Board, Commission and Committee chairman having Budget responsibilities, together with meeting with the Board of Selectmen on several occasions to review and evaluate all Budget requests and Warrant Article requirements.

We feel it most unfortunate that no established wage and salary schedule exists for determining annual salary adjustments for those Town employees not included under Collective Bargaining. As in the past, we have attempted to adjust employee wages consistent with changing job duties and responsibilities. Each Department, quite naturally, is most interested in obtaining the best possible wage treatment for their Departmental employees. The Finance Committee strives to achieve equitability of salary and wage treatment on a town-wide basis. With the current wage control regulations in effect, the Finance Committee has consistently recommended a 5.5% increase, the maximum allowable, for those full-time town employees not covered by Collective Bargaining. It should, of course, be realized that the majority of Town employee salaries and wages are negotiated through Collective Bargaining; by the School Department with the School employees and by the Board of Selectmen with the Fire, Police, Highway, Tree and Water Departments.

With some exceptions, Departmental budget requests and Finance Committee recommendations are increased over last year. The Finance Committee has made a strong effort to carefully scrutinize all budget requests and have recommended deletion of those items not considered necessary for the effective functioning of the Department involved.

It must be recognized that the service requirements of a growing community, coupled with the continual impact of inflation, negate any alternative but increased budget requirements over the preceding year.

General Government

The establishment, by our 1970 Town Meeting, of the position of Administrative Assistant to the Board of Selectmen, we feel, was a major step forward for our Town government. With our rapidly expanding community, the requirements for proper administration of our Town dictate the need for a full-time, professional administrator. The Finance Committee hopes that the existing vacancy in this position will be filled by an effective administrator.

We can anticipate the future need of a full-time Town Engineer, but it was felt that this major step could be deferred, at least another year. Instead, the Selectmen's Budget for Consultant Engineering services has been increased from $8,000 to $10,000. We are in accord with the recommendation of the Board of Selectmen for a full-time Building Inspector. This is a much-needed step that has been postponed before. With some 115 Building Permits being issued in 1971 and the continued housing growth as can easily be foreseen, this requirement, we feel, is self-evident.

Protection of Persons and Property

With the exception of the School Department, this category represents our largest Budget requirement. As our town continues to expand, Police and Fire Department requirements also continue to expand. Just prior to preparing this report, the Board of Selectmen and the Police and Fire Department Collective Bargaining Units, separately established new contracts, following the expiration of the initial two-year contract with each Department. Easton stands high throughout the State in compensation afforded to our Policemen and Firemen. Although no salary increases were granted to Policemen and Firemen, certain tangible benefits were provided. Of most significance, is a four day on, two day off work schedule for the Police Department. This arrangement affords each Policeman an additional sixteen days off-duty per year. In order to offset this loss of police coverage, and in order to provide for increased Police protection requirements, the Board of Selectmen have recommended and the Finance Committee has concurred with, the addition of two Policemen under Article 49 in the Warrant. The request for five additional permanent firemen is not supported by either the Board of Selectmen or the Finance Committee. Additional compensation for Police and Fire Department-oriented educational achievement has also been provided in the new contracts, similar to the long-standing program for school teachers, together with salary increments for longevity.

School Department

Again this year, Easton's proportionate share of the Southeastern Regional Vocational School budget has been reduced, primarily due to increased State reimbursements. However, the Easton School Department Budget has increased a total of 13.7% over the previous year. Most of this increase is related to salaries and wages, together with operating costs of our new High School, and the inflationary impact of goods and services as required for school operation.

Highway Department

The Highway Department Budget has shown notable increases over the last few years, which have been closely monitored by the Finance Committee. This is the second year of a three-year Collective Bargaining agreement between the Town and the Highway Department employees. The cost of Sanitary Landfill operation has had a significant impact on the Highway Department Budget since the Statewide ban on burning. With the advent of our new Sanitary Landfill operation on Prospect Street, this portion of the budget will be reduced by about $25,000 annually.

Other

Other Department Budgets are of lesser magnitude and are generally consistent with last year's appropriations.

Warrant Articles

One of Easton's continually increasing problems involves drainage correction in several areas of our Town. The Board of Selectmen has recommended, and the Finance Committee supports, an annual program for drainage correction based on a schedule of priorities. Under Article 14, the sum of $40,000 is recommended to start this program in 1972. In this connection, we feel it most imperative that all Town Departments and Boards having such responsibility assure that continual site development in Easton does not compound our drainage problems.

The most significant appropriation in our 1972 Warrant is that associated with Sanitary Landfill at our new Prospect Street Landfill site. The need for costly equipment ("Compactor") as required for efficient use of the site, together with new State Board of Health Sanitary Landfill requirements, necessitate an estimated appropriation of $150,000, under Articles 18, 19, and 20. Our present Sanitary Landfill operation at the temporary site on Bay Road required an expenditure of almost $30,000 in 1971 for cover material and other operating expenses. This will be considerably reduced at Prospect Street due to the availability of cover material on the site. The Town, of course, has to provide for refuse disposal and, at the present time, there is no other feasible alternative.

All Warrant Articles requiring appropriations have been carefully reviewed with recommendations made based both on the needs of the Town and the tax rate impact. With new capital requirements arising each year, an effort has been made by the Finance Committee not to unduly postpone current requirements.

With a need to replace the two Police cruisers (which is done annually) and the unmarked sedan, the Finance Committee has recommended the replacement of the Fire Chief's car, be deferred. We have recommended against the proposed new fire engine under Article 26 and the addition of five new firemen under Article 27. Additional improvements to the Town Office Building have been recommended.

Estimated Tax Rate

Our tax rate took a most significant jump in 1971 from $42 to $54, due primarily to the initial impact of the new High School Bond issue. A strong effort has been made by the Finance Committee to avoid any tax rate increase for 1972 to provide some degree of more appropriate tax rate levelling over a two-year period. The lack of a Capital Budgeting program tends to preclude advance formal planning for major capital requirements and the ability to hopefully achieve a more stabilized tax rate.

An accurate projection of our 1972 tax rate is not possible at this time since State "Cherry Sheet" figures, one of the major tax rate factors, are not available. Based on Finance Committee recommendations on all Budget items and Warrant Articles and, based on the Board of Assessors estimate of a $3.5 million increase in our 1972 property evaluation, it is **estimated** that there will be no tax rate increase in 1972.

Conclusion

In an effort to best evaluate our 1972 Budget and Warrant Article requirements, the Finance Committee has held a total of 23 meetings, representing over 800 man-hours. It is sincerely hoped that these recommendations will be given careful consideration by Town meeting voters.

A pre-town meeting sponsored by the Finance Committee will be held on Monday, March 13 at the Town Office to informally review Budget and Warrant Article recommendations with all interested voters of Easton.

We wish to express our appreciation to the Board of Selectmen and all Department, Board and Committee Heads who have taken the time to review their budgets with us.

Respectfully submitted,

( ) Number of Meetings Attended.

TOWN FINANCE TERMINOLOGY

The following terms are frequently used at Town Meetings and in the Annual Report. These definitions are provided to give everyone a better understanding of their meaning.

Surplus Revenue: (Often called "Excess and Deficiency").

This fund represents the amount by which the Cash Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as Free Cash.)

A fund certified annually by the State Bureau of Accounts by deducting from Surplus Revenue all uncollected taxes for prior years. The resulting balance may be used by a vote of the Town Meeting.

Reserve Fund:

This fund is established by the voters at an annual town meeting only and may be composed of 1) an appropriation not exceeding 5% of the tax levy of the preceding year; 2) money transferred from Overlay Reserve; or 3) both. Transfers from the Reserve Fund are within the exclusive control of the Finance Committee and are for "extraordinary or unforeseen expenditures."

Overlay:

The Overlay is the amount set by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted.

Overlay Reserve:

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:

A special account created to provide a reserve for capital expenditures (school construction, etc.). The State will match sums taken from this Fund under certain conditions during the first year only; and in amounts up to a maximum of $100,000. Building up of the Stabilization Fund is important for future planning.

Chapter 90 Funds:

These funds are spent for highway construction and maintenance with cooperation of the town, the county and the State Department of Public Works. The shares are: Town 25%, County 25% and State 50% for new construction and one-third each for maintenance.

The Cherry Sheet:

So-called because of its "cherry" red color, this is a balance sheet issued each year by the Department of Corporations and Taxations. It charges our town with its share of expenses of running various state agencies and county government. It credits our town with its share of corporate excise tax, income tax, sales and use tax and Massachusetts School Funds. The assessors are required to use the estimates given in developing the tax rate.

RESERVE FUND TRANSFERS

At the 1971 Annual Town Meeting, the sum of $25,000 was voted for the Reserve Fund. Transfers from the Reserve Fund were approved by the Finance Committee as follows:

Date Voted	Item Voted	Amount
10/18/71	Care of Dogs (Dog Officer)	$500
10/18/71	Memorial & Veteran's Day Account	300
10/18/71	Civil Defense—Gen. Expense	700
10/18/71	School Dept.—Parkview Leaching Field	4,248
11/ 1/71	Town Office Building Account	1,280
11/ 8/71	Selectman's Office Expense Account	800
11/22/71	Fire Dept.—Vacation & O. T.	4,500
12/20/71	Planning Board—Secretary's Salary	120
12/28/71	Sanitary Landfill (Bay Road)	4,197
12/28/71	Fire & Police Station Expense	761
12/28/71	Town Office Bldg. Expense	565
1/10/72	Selectman's Engineering Expense	2,000
1/10/72	Selectman's Secretary Overtime	27
1/10/72	Town Office Building Repairs	544
1/10/72	Police Court Expense	651
1/10/72	Sanitary Landfill (Bay Road)	3,594
1/10/72	Water Dept. Salary & Wages	79
1/17/72	Veteran's Agent—Expense	14
	Total Transferred	$24,880
	Unexpended Bal. Transferred to Overlay Reserve	$120

TOWN OF EASTON

ANNUAL TOWN MEETING

WARRANT

MONDAY, MARCH 20, 1972

COMMONWEALTH OF MASSACHUSETTS

BRISTOL, SS

To either of the Constables of the Town of Easton in the County of Bristol,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and town affairs to meet in the Easton Junior High School Gymnasium in said Easton on Monday, the twentieth day of March, next, at 8:00 p.m. then and there to act upon the following Articles:

Article 1. To see if the Town will vote to accept the reports of the Selectmen, Assessors, Board of Health, Water Commissioners, Town Clerk, Treasurer, Collector of Taxes, School Committee, Town Accountant, Tree Warden and any committee of the Town and take action relative thereto.

Submitted by Board of Selectmen.

Article 2. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town charges for the ensuing year, including the salaries of the several elective officers of the Town and make appropriations for the same.

Submitted by Board of Selectmen.

Finance Committee recommends that the sums of money as indicated in 1972 Budget be raised and appropriated, or transferred from available funds, for the several specific purposes designated and that the same be expended only for such purposes under the direction of the respective Officers, Boards and Committees of the Town.

Article 3. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day and Veterans Day to be expended under the direction of Elijah A. Morse Camp, Sons of Union Veterans of the Civil War; George S. Shepard, Post No. 7, American Legion; George F. Schindler, Post No. 2547, Veterans of Foreign Wars.

Submitted by Board of Selectmen.

Finance Committee recommends $1,000. Same appropriation as last year.

Article 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the Financial years beginning January 1, 1972 and January 1, 1973, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

Submitted by Board of Selectmen.

Finance Committee recommends approval. The sum of $24,000 has been recommended in the Town Budget for interest payment on short term borrowing.

Article 5. To see what sums of money the Town will vote to instruct the assessors to use from surplus revenue to reduce the tax levy for the current year.

Submitted by Board of Selectmen.

Finance Committee recommends $300,000. With a total of $414,880 certified by the State Director of Accounts, the sum of $114,880 would be retained for emergency use as might be required.

Article 6 To see if the Town will vote to authorize the Selectmen to raise and appropriate for highway purposes, such sums as may be necessary for maintenance, improvement and construction of streets within the Town, said money to be used in conjunction with any money which may be allotted by the State or County for the purpose, or to take any other action in relation thereto.

Submitted by Board of Selectmen.

Finance Committee recommends sum of $10,200 under Chapter 90 to be used in conjunction with County ($10,200) and State ($20,400) funds as provided.

Article 7. To see if the Town will authorize the Board of Selectmen to enter into a contract with the Department of Public Works and the County Commissioners for the construction and maintenance of Public Highways for the ensuing year, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends approval. No appropriation required.

Article 8. To see if the Town will vote to raise and appropriate a sum of money to be expended by the Moth Superintendent in control work against the Dutch Elm Disease.

Submitted by Tree Warden.

Finance Committee recommends $11,517. Of this amount, $11,317 is for salaries and $200 for expenses. (1971 appropriation was $10,984.)

Article 9. To see if the Town will vote to appropriate a sum of money for the purpose of entering into a contract with a private common carrier for the furnishing of or the defraying of the cost of public transportation in the Town under the authority granted by Section I of Chapter 456 of the Act of 1969, and to determine whether the money shall be provided by taxation or by appropriation from available funds in the Treasury or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends $10,818. (1971 appropriation was $8,690.) Bus service has been expanded for 1972.

Article 10. To see if the Town will vote to appropriate a sum of money for the purpose of purchasing two new cruisers for the Police Department, and to apply two of the motor vehicles of said department toward the purchase price of the same, and determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Police Chief.

Finance Committee recommends $7,575. Continuation of yearly replacement program is deemed to be the most economical arrangement.

Article 11. To see if the Town will vote to appropriate a sum of money for the purchase of a sedan for the Police Department, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Submitted by Police Chief.

Finance Committee recommends $3,274. Service mileage and condition of present vehicle dictate need for replacement.

Article 12. To see if the Town will vote to appropriate a sum of money for the purpose of paying a yearly salary to each member of the Board of Selectmen, and to determine whether the money shall be provided by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee does not recommend. The 1971 Town Meeting approved Article 54 to have the Board of Selectmen serve without salary. An appropriation of $4,500 has been requested (¾-year), based on an annual salary of $1,200 per Selectman.

Article 13. To see if the Town will vote to increase the salary of the Town Clerk and raise and appropriate a sufficient sum of money to cover the cost of the same.

Submitted by Town Clerk.

Finance Committee recommends $545. This recommendation is based on a 5.5% increase over present total salary of Town Clerk (which includes salary as Town Treasurer and Tax Collector.)

Article 14. To see if the Town will vote to appropriate a sum of money to correct the drainage conditions of the public ways of the Town, and to determine whether the money will be provided by taxation, or by appropriation from available funds in the treasury, or by borrowing under authority of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Highway Superintendent.

Finance Committee recommends $40,000. This is based on request by Selectmen to establish drainage correction program on a priority basis to continue each year as required.

Article 15. To see if the Town will vote to appropriate a sum of money for the purpose of installation of a fire prevention system in the Town Office Building, and determine whether the money shall be obtained by taxation or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends $5,000. This will provide for a smoke and heat detection system, considered necessary to avert a possible major fire loss to our Town Office Building.

Article 16. To see if the Town will vote to appropriate a sum of money for the purpose of making further repairs and capital improvements on the Town Office Building and determine whether the money shall be provided by taxation, by appropriation from available funds in the treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends $9,000. This amount to be expended for: (1) Exterior painting, (2) repair to west end of building, (3) repairs to south side of building facing Elm Street. The sum of $12,000 has been requested.

Article 17. To see if the Town will vote to appropriate a sum of money to reconstruct a road at King Avenue extension, and to determine whether the money shall be provided for by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Highway Superintendent.

Finance Committee does not recommend. It is not felt that this work is of sufficient priority to undertake at this time. The sum of $1,174 has been requested.

Article 18. To see if the Town will vote to appropriate a sum of money to purchase a Compactor for the Prospect Street Sanitary Landfill site, and determine whether the money shall be provided for by taxation, by appropriation from available funds in the treasury, or by borrowing under authority of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Highway Superintendent.

Finance Committee recommends $48,000. Cost of a new "Compactor" includes trade-in of present Landfill bulldozer. Equipment considered necessary for efficient Sanitary Landfill operation.

Article 19. To see if the Town will vote to appropriate a sum of money for the development of the Prospect Street Sanitary Landfill Site and determine whether the money shall be provided for by taxation, by appropriation from available funds in the treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends approval. The sum of $95,000 has been estimated. Requirements for development of Sanitary Landfill site in accordance with State Board of Health requirements.

Article 20. To see if the Town will vote to appropriate a sum of money for the purpose of paying for necessary engineering an dsurvey work in the preparation of the Prospect Street Landfill Site for operation, and determine whether the money shall be provided for by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Recommendation will be made at Town Meeting. Sufficient information was not available on which to base a recommendation.

Article 21. To see if the Town will vote to appropriate a sum of money for the purpose of reimbursing C. A. Pickering Associates for engineering services, topographic survey and map, laboratory work and report, all on the Prospect Street Sanitary Landfill Site during 1971, and to determine whether the money will be provided for by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends $4,860.33. This expense has been incurred by the Selectmen's Office in 1971 and was not paid due to insufficient funds.

Article 22. To see if the Town will vote to authorize the Board of Selectmen, acting for and in behalf of the Town, to purchase, to acquire by gift, or to take by right of eminent domain, a certain parcel of land situated in that part of Easton known as North Easton, at the junction of Pond Street, Mechanic Street, and Sullivan Avenue, as shown on a plan of land on file with the Town Clerk's Office, for Highway Department purposes, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee does not recommend. It is felt there is not a sufficient need by the Town for taking of this land.

Article 23. To see if the Town will vote to appropriate a sum of money to be used to purchase, to acquire by gift, or to take by right of eminent domain a certain parcel of land situated in that part of Easton known as North Easton, at the junction of Mechanic Street, Pond Street, and Sullivan Avenue, as shown on a plan on file at the Town Clerk's Office, for Highway Department purposes, and to determine whether the money will be obtained by taxation or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee does not recommend. $1500 has been requested.

Article 24. To see if the Town will vote to appropriate a sum of money for the purpose of making necessary repairs to Fire Station Number 2 (South Easton Station), and to determine whether the money will be obtained by taxation or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Fire Chief.

Finance Committee recommends $1,250. $12,000 has been requested. It is not felt necessary to make additional repairs as requested at this time.

Article 25. To see if the Town will vote to purchase a new car for the Fire Chief and to raise and appropriate a sum of money therefor.

Submitted by Fire Chief.

Finance Committee does not recommend. $3,529 has been requested. It is felt that the present vehicle can be retained an additional year.

Article 26. To see if the Town will vote to purchase a Combination Fire Truck for the Fire department, to replace a 1951 Fire Truck, and to raise and appropriate a sum of money therefor.

Submitted by Fire Chief.

Finance Committee does not recommend. $42,698 has been requested. It is felt that the present compliment of fire protection vehicles is adequate at this time.

Article 27. To see if the Town will vote to authorize the Fire Chief to appoint five additional permanent firemen to the Fire Department in accordance with the provisions of General Laws, Chapter 48, Section 42, and to raise and appropriate a sum of money therefor.

Submitted by Fire Chief.

Finance Committee does not recommend. $25,000 has been requested. (After 1 year, this total salary will be $51,000 annually, based on current contract.) With our present 13 permanent firemen and call firemen roster, it is felt that coverage is adequate for our present needs.

Article 28. To see if the Town will vote to transfer a sum of money credited to the Water Department to the Water Bonded Indebtedness Account, or take any other action in relation thereto.

Submitted by Water Department.

Finance Committee recommends $123,150, as certified by the Board of Water Commissioners. This transfer reduces the appropriation under Item 801-20 (Maturing Debt and Interest) in the Town Budget by this amount.

Article 29. To see if the Town will vote to authorize the Board of Water Commissioners to petition the General Court to enact legislation to enable the Town to appropriate a sum of money for the purpose of refunding water betterment assessments erroneously collected from Leo J. Sullivan, et ux on a certain parcel of land, Lot number 25, Easterly side of Foundry Street, as shown on the Maps of the Town Assessors, there being no record that the Sullivans are the owners of said parcel of land, with said sum of money to be refunded to the said Leo J. Sullivan, et ux, or to take any other action relative thereto.

Submitted by Water Department.

Finance Committee recommends. No appropriation is required. The sum of $1,012.50 would be requested at a future Town Meeting, pending Legislative action.

Article 30. To see if the Town will vote to authorize the Board of Water Commissioners to Petition the General Court to enact legislation to enable the town to appropriate the sum of $3,544.47 from Water Department funds, for the purpose of paying said sum of money to the Bristol County Retirement Association annuity savings fund on behalf of Water Department Superintendent John H. McEntee, for required payments of five per cent of regular compensation, plus accumulated interest, for the period from August 6, 1945 to December 31, 1957, inclusive, or to take any other action relative thereto.

Submitted by Water Department.

Finance Committee does not recommend. No appropriation is required. The sum of $3,544.47 would be requested at a future Town Meeting, pending Legislative action.

Article 31 To see if the Town will vote to appropriate a sum of money for the purpose of installing a Local Government Radio Service, consisting of a basic radio, duplexer, antenna, remote control, roof tower and mast, miscellaneous fittings and cable, for the use of all departments of the Town, and determine whether the money shall be obtained by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by CD Director.

Finance Committee does not recommend. $3,500 has been requested. Considerably more money would be required before this proposed Radio System would be effective.

Article 32. To see if the Town will vote to appropriate a sum of money for the Ames Free Library to be used towards its free public Library Services, and to thus make the Town eligible to receive state aid for the support of said Ames Free Library in accordance with the provisions of General Laws, Chapter Seventy Eight (78), section 19A, and to determine whether the money will be provided by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by David Ames.

Finance Committee recommends $1,000. This appropriation could make Easton eligible for State Aid support of the Ames Free Library.

Article 33. To see if the Town will vote to amend the by-laws of the Town by inserting after Article XIX the following new article:

Article XX EXCAVATION SAFETY BARRIERS

Section 1 - Any person or entity who excavates land or is in charge of excavating land or who is the owner of land which is or has been excavated in the Town of Easton shall erect barriers or take other suitable measures for the protection of the public within two days of being notified in writing by the Building Inspector or the Selectmen of the Town that any such excavation or excavations constitute a hazard to the public safety.

Section 2 - Any person or entity who violates any of the provisions of this by-law shall be subject to a fine of not more than $200.00 per day for each day such person or entity is in violation of such notice commencing with the fourth day thereof. Each day that such violation continues shall constitute a separate offense.

Section 3 - The Superior Court shall have jurisdiction in equity to compel compliance with the terms of this by-law as provided in Massachusetts General Laws, Chapter 40, Section 21, Clause 19 as amended.

Submitted by Planning Board.

Refer to Town Meeting. No appropriation.

Article 34. To see if the Town will vote to rescind its action taken under Article 24 of the 1961 annual Town Meeting which established the Recreation Commission.

Submitted by Recreation Commission.

Refer to Town Meeting. No appropriation.

Article 35. To see if the Town will vote to amend the By-Laws of the Town by inserting after Article XX the following new Article:

Article XXI - **RECREATION AND YOUTH COMMISSION**

Section 1. **Composition, Term of Office**

There shall be a Recreation and Youth Commission consisting of five members appointed by the Board of Selectmen to serve for overlapping terms of three years.

Section 2. **Powers and Duties**

The Recreation and Youth Commission shall have all of the powers which a Recreation Commission or a Youth

Commission may have under the general laws, which shall include but not be limited to the design, execution and coordination of programs which may be established to meet the challenges, opportunities and problems of the youth of the Town and to the design, execution and coordination of programs which may be established of a recreational nature for residents of the town without regard to their age.

Section 3. **Revolving Fund**

The Recreation and Youth Commission is hereby authorized to accept grants or gifts from the federal government, from a charitable corporation, from a private corporation or from an individual. Such sums as may from time to time be received shall be deposited with the Town Treasurer and held as a separate account. The Recreation and Youth Commission is further authorized to deposit to the said fund all sums received by it in connection with the conduct of programs or activities it is authorized to conduct. The Recreation and Youth Commission may, with the approval of the Board of Selectmen, expend funds from the said account without further appropriation, in such manner and at such times as shall in the discretion of the Recreation and Youth Commission best serve and promote the purpose for which such commission was established.

Section 4.

Upon the effective date of the by-law adopted under section one of this vote, the members of the Recreation Commission then in office, shall assume all the powers and duties of the Recreation and Youth Commission and shall serve until the expiration of the term of their appointment and until successors to their offices are appointed in accordance with the provisions of the said by-law.

Refer to Town Meeting. No appropriation.

Article 36. To see if the Town will vote to transfer the care, custody, management and control of a certain parcel of land situated southerly of Lincoln Street, abutting land now or formerly of John W. Mahoney and land now or formerly of Frank Maliff, as shown on a plan on file with the Town Clerk's office, from the Water Department to the Recreation Commission, with said land to be used for recreation purposes, it having been determined by the Water Commissioners that said land is no longer needed for water supply purposes, the necessary advice and approval of the Department of Public Health having first been obtained, or to take any other action relative thereto.

Submitted by Recreation Commissioners.

Refer to Town Meeting. No appropriation.

Article 37. To see if the Town will vote to authorize the Recreation Commission or any Board or Commission that is created in its place, to petition the General Court to enact legislation to enable the Town to establish in the Town Treasury a Revolving Fund in which shall be deposited the receipts of the Recreation Commission, or of any Board or Commission that is created in its place with all such funds to be kept in a separate account, separate and apart from the other funds and money of the Town, and the principal and interest thereof to be expended at the direction of the Recreation Commission, or its successors in office, without further appropriation, in such manner and at such times as shall in the discretion of the Recreation Commission, or its successors in office, be deemed to be in the best interest of promoting recreational purposes, or to take any other action relative thereto.

Submitted by Recreation Commissioners.

Finance Committee does not recommend. The Finance Committee generally advocates against establishment of Revolving Funds, which removes Town Meeting from any control of expenditures.

Article 38. To see if the Town will vote to appropriate a sum of money for the purpose of constructing two tennis courts at the Unionville Playground, and determine whether the money shall be obtained by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Recreation Commission.

Finance Committee does not recommend. $4,900 has been requested.

Article 39. To authorize the School Committee or any other Town Department of the Town of Easton to enter into an agreement with the Southeastern Regional School District as provided by section 4A of Chapter 40, M.G.L. whereby the regional district shall provide for the town at such cost to the Town as shall be mutually agreed, data processing services and related activities and undertakings in accordance with such agreement.

Submitted by Board of Selectmen.

Refer to Town Meeting. No appropriation.

Article 40. To see if the Town will vote to amend the By-Laws of the Town so that clause "c" of Section 2. (Personnel Regulations), Article XIV, is repealed in its entirety and the following new clause "c" is substituted therefor:

c. Permanent Employees shall, for the purpose of this by-law, be defined as being those employees that have been in the service of the Town for more than six months, and the following rules shall apply to them:

1. A Department Head may recommend the discharge of a Permanent Employee for good and sufficient cause.
2. Good and sufficient cause for discharge shall consist of any one of the following reasons, or any combination of the same:
   Unsatisfactory work performance, Unsatisfactory conduct during working hours, insubordination or unsatisfactory attitude or appearance.
3. Charges made against an employee by a department head must be in writing, with one copy to the employee, and the original copy to the Board of Selectmen, or other appointing authority.
4. Hearing must be held within ten days of the presentation of written charges, by the Board of Selectmen or other appointing authority.
5. Decision of Board of Selectmen or other appointing authority must be made within five days of the conclusion of the Hearing, and such finding will be either to discharge such employee, place such employee on probation, or to dismiss the charges.

Submitted by Board of Selectmen.

Refer to Town Meeting. No appropriation.

Article 41. To see if the Town will vote to amend the by-laws of the Town by repealing Article XV of the Town By-Laws, pertaining to earth removal, in its entirety, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Refer to Town Meeting. No appropriation.

Article 42. To see if the Town will vote to amend the By-Laws of the Town by adding thereto a new Article XV entitled "Earth Removal By-Law, which provides as follows:

Article XV—Earth Removal By-Law.

Section 1 Purpose

A. For the purpose of this by-law "earth" shall include soil, loam, sand, gravel or stone.

B. The "inspector" shall be the building inspector (or such person as may be appointed by the selectmen to carry out these duties) and the "board" shall mean the Board of Selectmen.

Section 2 Authority

A. Authorization for the removal of earth from any parcel of land in the Town of Easton, not in the public use, shall be made by the Board of Selectmen in accordance with the requirements herein.

B. Issuance of permits shall be made by the Building Inspector after approval of the Board of Selectmen.

C. The removal of "earth" from any parcel in the Town of Easton, not in public use, is forbidden except as herein provided.

Section 3 Administration

A. Any person desiring to remove "earth" except as provided in Section 3H shall make application to the Board of Selectmen via the Building Inspector.

B. The Board of Selectmen will act upon the application for approval of earth removal only when proper plans have been submitted to the Building Inspector and when all the information is in conformance with the requirements stated herein.

C. The Building Inspector shall make his favorable or unfavorable recommendations to the Board of Selectmen within thirty (30) days after the receipt date of the application.

D. The Board of Selectmen shall upon receipt of the application from the Building Inspector:

1. Return within thirty (30) days the application to the applicant to clarify or provide additional documentation and return said revised application to the Building Inspector, or;

2. The Board of Selectmen shall within forty-five (45) days hold a public hearing after first giving fourteen (14) days notice of the time and place of the hearing in a newspaper having general circulation in the Town of Easton and by posting a notice of said hearing in the Town Offices and by mailing notice thereof to all abutters and town department heads.
3. The applicant shall pay all costs incident to the foregoing advertising and mailing requirements.
4. The applicant shall prior to receiving his permit, deposit twenty-five (25) dollars for each acre involved, with the Board of Selectmen, which shall use such monies in hiring engineers or surveyors for examination of the work to be performed under permit and reporting on such to the Board.
5. Within fourteen (14) days after the public hearing the Board of Selectmen shall notify the Building Inspector of their decision. If approved the Building Inspector shall issue the necessary permits. If not approved the Building Inspector shall so notify the applicant.

E. Any permit issued by the Board shall automatically expire upon the termination date stated therein. A permit for any removal hereunder shall not be issued for more than one (1) years duration.

F. Approval of the renewal of a permit for a period not in excess of one (1) year may be made by the Board of Selectmen without a hearing, provided the applicant re-submits to the Board via the Building Inspector a revised plan reflecting the existing conditions at the time of the renewal request and after a report from the Building Inspector that all conditions then applicable have been complied with and that the work has been carried on continuously and in good faith.

G. No permit shall be required for the moving of earth on an individual parcel.

H. The Building Inspector, without reference to the Board may issue a permit without a hearing for the removal from the site, for any of the following purposes:

1. Where necessary as part of farm, garden or nursery activities.

2. As part of cemetery operation.
3. Where incidental to landscaping or similar activities for which building or zoning permits are not required.
4. Where such soil, loam, sand or gravel or stone is not necessary in connection with the construction of a building being built in accordance with a permit issued by the Building Inspector, the amount to be removed to be limited to the volume of the foundation and basement of the building.
5. Where such earth is not neded in connection with the construction of a private road.

I. Earth removal activities in lawful operation on any parcel of land at the time this by-law is adopted may continue unless and until abandoned for more than twelve (12) consecutive months. However unless specifically authorized by a new permit issued here-under:

1. The depth of excavation shall not be increased below the grade of the lowest point excavated on the effective date of this by-law.
2. The total area of excavation within the parcel shall not be increased by more than fifty (50) percent over its area on said effective date.
3. The average amount of material extracted or removed per day shall not be increased by more than fifty (50) percent over such daily average for the twelve (12) consecutive months perceeding said effective date (or for the actual period of operation if less than twelve months).

J. No permit shall be issued for the removal of earth in any location if such removal:

1. Will endanger the public health or safety or constitute a public nuisance.
2. Will produce noise, dust or other effects observable at the lot lines in amounts seriously objectionable or detrimental to the normal use of adjacent property.
3. Will result in the transportation of materials in such a manner as to cause traffic congestion or hazards, particularly on residential streets.
4. Will result in the transportation over ways which will be unduly injured thereby.

5. Will result in a change in topography and cover which will be disadvantageous to the most appropriate use of the land.

K. In approving the issuance of a permit, the Board may impose such reasonable conditions, beyond these herein stated, as it sees fit, and such conditions shall be written upon and shall constitute part of the permit.

L. Upon petition of the owner, permit holder or abutters, the Board may hold a new hearing and reissue or modify the permit, subject to any regulations not in conflict with this by-law.

Section 4 Requirements

A. The application shall be submitted with one original and four copies each of the application and necessary plans made by a Registered Professional Engineer or a Registered Land Surveyor which shall show in detail the following specific information and documentation.

1. The location of the proposed excavation and locus plan.
2. The legal name and address of the owner(s) of the property involved.
3. The legal name and address of the petitioner(s) which address shall be used by the Board for all correspondence thereafter.
4. The existing and proposed topography based on a current survey showing five-foot contour intervals one hundred feet beyond the proposed excavation and elevations along the property lines. Elevations shall be related to USGS data. Final grades and provisions for drainage after excavation must be shown.
5. All buildings on said property and buildings within one hundred (100) feet of said property lines.
6. All adjacent roads, their elevations and established grades.
7. All adjacent waterways, brooks and swamps and their elevations. (HWL)
8. Any and all existing bench marks.
9. The locations and use of all proposed structures to be erected and used in connection with the earth removal operations.

10. The plan shall bear appropriate cross sections and computations of the volume of material to be moved, stockpiled, striped and removed, certified by the person preparing the plan.
11. The plan shall be drawn to a horizontal scale of 1″ equals 40′, and vertical scale 1″ equals 4′.
12. A lot of soil borings taken to the depth of the proposed excavation shall accompany the plan. The number of borings taken will vary with the size and geological make-up of the site, minimum one boring per acre. The log shall show the elevation of maximum high water level.
13. The Board may require additional information if in their best judgement such information is deemed prudent.
14. Proposed plan for the area after completion of the earth removal including finished grades, plantings, drainage structures, services to remain and information necessary to conform to Restoration Standards Section 6.
15. No permit for the removal of earth shall be approved by the Board if the work extends within (300) feet of a way open to public use, whether public or private, or within (250) feet of a building or structure unless the Board is satisfied that such removal will not undermine the way or structure.
16. No permit for the removal of earth shall be approved by the Board of Selectmen or Building Inspector except upon condition that a cover of topsoil of not less than five (5) inches in depth shall be replaced or allowed to remain, except when due to construction of roads, buildings or other premanent physical features, such provision is impractical.

Section 5 Operation Standards

A. No excavation not intended for approved building purposes will be closer than 200 feet to an existing public way unless specifically permitted by the Selectmen; and no excavation will approach neighboring lot lines closer than 50 feet where excavation is not permitted. Natural vegetation shall be left and maintained on the undisturbed land for screening and noise reduction purposes.

B. Operation hours shall be only between 7:00 a.m. and 5:00 p.m. on weekdays and loaded trucks may leave prescribed premises only within such hours. All loaded vehicles shall be suitably covered to prevent dust and contents from spilling and blowing from the load.

C. The active gravel removal operation area shall not exceed a total area of 5 acres at any one time.

D. All trucking routes and methods will be subject to approval of the Chief of Police.

E. All access roads shall be constructed at an angle to the public way or constructed with a curve so as to screen the operation from public view.

F. All access roads leading to public ways shall be treated frequently with oil, stone or other suitable material to reduce dust and mud for a distance of 200 feet back from said public way.

G. No gravel shall be removed closer to the maximum ground water elevation than would preclude its subsequent re-use according to existing public health standards. These elevations shall be established from test pits and the level related to permanent monuments on the property. This information shall show on the topographic plan.

H. During operations, when an excavation is located closer than 300 feet from a residential area or public way and where the excavation will have a depth of more than 15′ with a slope in excess of 1:1, a fence at least 3 feet high shall be erected to limit access to this area.

I. No area shall be excavated so as to cause an accumulation of free standing water. Permanent drainage shall be provided as needed in accordance with good engineering practices. Drainage shall not lead directly into streams or ponds.

J. All topsoil and subsoil shall be stripped from the operation area and stockpiled for use in restoring the area after the removal operation has ceased.

K. The Selectmen or their agents shall be free to inspect the premises at any time.

L. No excavation shall be allowed closer than 100 feet from a natural stream. Said distance may be increased at the discretion of the Board of Selectmen if they deem it to be in the public interest.

M. Excess loam shall be removed only for use within the Town.

Section 6 Restoration Standards

A. No slope shall be left with a grade steeper than 2:1.

B. All debris, stumps, boulders, etc., shall be removed from the site and disposed of in an approved location, or in the case or inorganic material, buried and covered with a minimum of two feet of soil.

C. Following excavation and as work proceeds, ground elevations shall be established as shown on the completed topographical plan.

D. Retained subsoil and topsoil shall be respread over the disturbed area to a minimum depth of 5 inches. This soil shall be treated with 3 tons of lime per acre and 1,000 pounds of 10-10-10 fertilizer per acre and seeded with a grass of legume mixture. Sufficient trees and shrubs of approved species will be planted in order to provide screening, natural beauty, and to reduce erosion. The planted area shall be protected from erosion during the establishment period using good conservation practices.

E. Upon completion of the operation, the land shall be left so that natural storm drainage leaves the property at the original natural storm drainage points and so that the area of drainage to any one point is not increased.

F. Within sixty days after termination of gravel operations all equipment, buildings, structures and unsightly evidence of operations shall be removed from the premises.

Section 7 Bond

A. The Board of Selectmen shall require a suitable bond or other security not to exceed $3,000 for each acre on which the permit has been issued to cover the cost of the restoration. This bond would be released only after the land has been restored in full compliance with this earth removal by-law.

Section 8 Enforcement

A. The inspector may enter upon the premises from time to time to inspect and ensure proper compliance with this by-law.

B. The Board may order the revocation of, or suspension of a permit if the conditions established hereunder are not complied with; but the permit-holder in such situations shall not be relieved of his obligations thereunder.

C. The inspector, if he concludes that there has been a violation of this by-law, shall give written notice to the offender, applicant, or legal representative, to the address stated on the initial application, and if applicable, a notice ordering cessation of the improper activities.

D. If a permit-holder or other offender persists in such violation the inspector shall seed the imposition of the penalties authorized by paragraph 17 of Section 21 of Chapter 40, G. L. through appropriate legal action, and the penalty for removing earth in violation of this by-law shall be a fine of not more than fifty dollars ($50.00) for the first offense, not more than one hundred ($100.00) for the second offense, and not more than two hundred dollars for any subsequent offense. Each day of non-compliance shall constitute a separate offense.

E. If the offender holds a permit issued under the by-laws, such permit may be revoked by the Building Inspector.

Submitted by the Board of Selectmen.

Refer to Town Meeting. No appropriation.

Article 43. To see if the Town will vote to accept the report of the Planning and Zoning Board concerning a proposed amendment of the Zoning By-Law of the Town by the addition thereto of a new section entitled "Section 8A Signs", as more fully described in Article #44, a copy of said report being on file with the Town Clerk's Office, or to take any other action relative thereto.

Submitted by Planning Board.

Refer to Town Meeting. No appropriation.

Article 44. To see if the Town will vote to amend the Zoning By-Law of the Town by adding thereto a new section entitled "Section 8A Signs", containing the following provisions:

SIGNS

Section 8A Signs

8A-1 General. All signs shall comply with the regulations for the erection and construction of signs contained in the Building Code of the Town of Easton and other applicable town regulations, except as shall be under the jurisdiction of the State Billboard Act, Chapter 93 of the General Laws (Chapter 584, Section 4 of the Acts of 1955 and as amended). Signs shall be permitted in accordance with the following regulations:

8A-2 Signs Permitted in Any Residential Zone

a. One professional sign, such sign shall not exceed one square foot in surface area.

b. One identification sign for each dwelling unit, provided: such sign shall not exceed one square foot in surface area; if lighted, it shall be illuminated with white light by indirect method only; and it shall not be used other than for identifying the occupancy.

c. One identification sign for each membership club, funeral establishment, hospital, church, other place of public assembly, community facility or public utility use, provided; the sign shall not exceed twenty square feet in surface area; if light, it shall be illuminated with white light by indirect method only; and it shall be set back at least one-half of the required depth of the front yard.

d. One unlighted temporary sign offering premises for sale or lease for each parcel in one ownership, provided: it shall not exceed six square feet in surface area; and it shall be set back at least ten feet from the street lot line.

e. One unlighted temporary sign of an architect, engineer or contractor erected during the period such person is performing work on the premises on which such sign is erected, provided: it shall not exceed four square feet in surface area; and it shall be set back at least ten feet from the street lot line.

f. One unlighted temporary sign relating to a new residential subdivision during the actual period of construction, provided: it shall not exceed 20 square feet in surface area; and it shall be set back at least ten feet from any street lot line.

8A-3 Signs Permitted in any Business or Industrial Zone

Exterior signs pertaining to buildings, structures and uses on the same premises as the location of such sign are permitted subject to the following restrictions.

a. No sign shall obstruct visibility in such a way as to constitute a hazard to the safety of persons traveling upon public way.

b. The top edge of such sign, whether free-standing or not, shall be placed not higher than the main roof of the highest building located on the premises, or if no building exists, the average height of the main roofs of the buildings on the next adjacent properties where buildings do exist.

c. Such signs shall be affixed and maintained in such a way as to be safe and free of hazard to the public, and shall be maintained in good repair.

d. No sign or display may be moving, or make use of blinking or intermittent lights or any other animation.

e. No sign shall exceed 100 square feet gross display area, a double face sign shall be deemed to be one sign, except that both sides shall be computed in determining gross display area.

f. Each business unit or industrial unit is permitted not more than two (2) signs, but excluded from this sub-section are signs necessary for public safety or convenience.

g. One ground sign for each establishment, provided: it shall not exceed 100 square feet in surface area; it shall be set back at least 15 feet from any street lot line; it shall not be erected so that any portion of it is over 30 feet above the ground or sidewalk.

8A-4 General Provisions Pertaining to Signs in all Zones

a. No political signs are permitted within the Town of Easton, except upon vehicles or in windows of buildings.

b. No commercial advertising shall be affixed upon or painted upon any rock, tree, or utility pole within the Town of Easton.

c. No billboard or sign of a general advertising nature which does not pertain to a building, structure or use on the same premises as the location of such sign shall be permitted within the Town of Easton.

d. Signs may be placed along traveled ways for the purpose of indicating directions or business or institutional facilities by special permit of the Board of Appeals which shall, in addition to other requirements for the granting of special permits, allow such signs only if they are reasonably needed for directional purposes, and are reasonable in size and location.

e. Nothing herein shall be construed to prohibit the placement within the Town of Easton of street signs, traffic signs, directional signs or other lawful signs by the Town of Easton or any other governmental authority or agency.

f. All signs, whether lighted internally or by indirect lighting, shall be illuminated by white light only.

g. Signs within a "B" or "I" zone shall be lit only during the business hours of the premises they serve. Signs within an "R" zone shall not be lit after 12:00 Midnight.

h. Any lawful sign existing at the time of adoption if this section may be continued and operated in like manner as it was prior to the adoption of this section.

Refer to Town Meeting. No appropriation.

Article 45. To see if the Town will vote to accept the report of the Planning and Zoning Board concerning a proposed amendment of the Zoning By-Law of the Town consisting of the repeal of Sub-Section 3-3 in its entirety, a copy of said report being on file at the Town Clerk's office, or to take any other action relative thereto.

Submitted by Sign Control Committee.

Refer to Town Meeting. No appropriation.

Article 46. To see if the Town will vote to amend the Zoning By-Law of the Town by the repeal of Sub-Section 3-3 Signs, in its entirety, Sub-Section 3-3 Signs providing as follows: "In Single Residence Zones only the following types of signs may be erected or placed: (a) Real Estate sign advertising rental, lease or sale of the premises, and not exceeding twelve (12) square feet in area. (b) Sign or bulletin board incidental to a permitted use, and not exceeding twelve (12) square feet in area unless authorized by the Board of Appeals, and in no case to exceed sixteen (16) square feet in area.", or to take any other action relative thereto.

Submitted by Sign Control Committee.

Refer to Town Meeting. No appropriation.

Article 47. To see if the Town will vote to accept the report of the Planning and Zoning Board concerning a proposed amendment to the Zoning By-Law of the Town, by the repeal of sub-section 8-2A (Apartment Houses) in its entirety and the substitution therefor of a new sub-section8-2A, as more fully described in the following Article, a copy of said report being on file with the Town Clerk's Office, or to take any other action relative thereto.

Submitted by Planning Board.

Refer to Town Meeting. No appropriation.

Article 48. To see if the Town will vote to amend the Zoning By-Law of the Town by repealing Sub-section 8-2A (Apartment Houses) in its entirety, and substituting therefor the following new Sub-section 8-2A:

8-2A Apartment Houses

1. Definitions:

A. Building Area: The total ground area taken on a horizontal plane at the mean grade level of each building and accessory building but not including uncovered entrance platforms, terraces and steps.

B. Court, Inner: An open, outdoor space enclosed on all sides by exterior walls of a building or by exterior walls and property lines on which walls are allowed.

C. Dwelling, Multi-Family: A building containing three or more dwelling units constructed on a single lot. (Apartment house)

D. Dwelling Unit: Maximum two bedrooms each, arranged as a single housekeeping unit, including permanent provisions for cooking, living, sanitary, and eating facilities.

E. Story: That portion of a building between a floor and the next floor above.

F. Story, Basement: The lower most story of which any portion of the floor is below the exterior grade.

G. Use: The purpose for which a structure or lot is arranged, designed, or intended to be used, occupied or maintained.

H. Use, Accessory: A use incidental and subordinate to the principal use of a structure or lot, or a use, not the principal use, which is located on the same lot as the principal structure. Accessory use by area shall not exceed 10% of the area of the total use of the structure and/or on which it is located.

I. Use, Principal: The main or primary purpose for which a structure or lot is designed, arranged, or intended, or for which it may be used, occupied or maintained under this By-Law. Any other use within the main structure or the use of any other structure or land on the same lot and incidental or supplementary to the principal use and permitted under this By-Law shall be considered.

J. Yard: The open, unoccupied space on the lot between the property line and the front, rear or side wall of the building.

K. Yard, Front: A yard extending for the full width of the lot between the front line of the nearest building wall and the front property line.

L. Yard, Rear: A yard, except by an accessory structure or accessory use as herein permitted, extending for the full width of the lot between the rear line of the building wall and the rear property line.

M. Yard, Side: Yard extending for the full length of a building between the neraest building wall and the side lot line.

2. The lots upon which apartment houses may be permitted in General Residence, Business or Industrial Zones, as shown on the "Protective By-Law Map of Easton, dated October 2, 1967", shall conform to and be subject to the condition and restrictions set forth herein.

A. Minimum lot area: 40,000 square feet.

B. Minimum lot frontage: 250′ lineal feet on a public way.

C. Minimum lot depth: 160 lineal feet.

D. Minimum front yard set back: 50 lineal feet.

E. Minimum side yard set back: 25 lineal feet.

F. Minimum rear yard set back: 40 lineal feet.

G. Maximum building height: 40 lineal feet.

H. Maximum number of stories above exterior grade: 3.

I. Maximum building area: 25% of lot area.

J. Maximum number of dwelling units per 40,000 sq. ft. lot;

4-two bedroom dwelling units; or,
8-single bedroom dwelling units; or
any combination thereof.

K. In the case of lots in excess of 40,000 square feet in area, the requirements shall be the same as set forth herein with the exception that 8,000 square feet of land shall be required for each single bedroom dwelling unit and 16,000 square feet of land shall be required for each additional 2-bedroom dwelling unit, in excess of the 4-two units or 8-single dwelling units set forth as a maximum under sub-paragraph (j) above. However, in no case shall the maximum number of bedrooms in any building exceed twenty-four (24) bedrooms.

L. Each dwelling unit shall have two separate exits.

M. Inner courts shall not be permitted.

N. Where a building faces one or more streets, each such face shall be considered the front in determining set back requirements.

O. There shall be a paved driveway, paved walk, unobstructed way or any combination thereof, adequate to accommodate fire apparatus within forty feet of the building.

P. Automobile parking spaces shall be required within the lot area. There shall be paved parking spaces for automobiles which shall not be less than one and one-half (1½) automobile spaces for each dwelling unit and reasonably accessible. Such parking spaces shall not be within fifteen feet of any lot line nor in the front yard of any lot. All parking facilities so provided are to be for the exclusive use of residents of the property or their guests.

Q. Screening and Buffers: Screening and buffers shall be required. This strip shall be at least 20 feet in width, it shall contain a screen of trees and shrubs at the time of occupancy of such lot and shall be maintained by the owners. A solid wall or fence, not to exceed six feet in height, complemented by suitable plantings, may be substituted for such landscape buffer strip. The strip may be part of the yard area.

R. No apartment dwelling units shall be allowed in a basement story.

3. Administration:

A An applicant desiring to erect or cause to be erected an apartment building on a lot shall submit an application including the site and building plans, to the Planning and Zoning Board to determine that said proposed apartment building and use, conform to the by-laws.

B. The application shall clearly state all particulars and accompanied by all plans necessary to allow the Board to fully understand the intent of said lot, construction and development. The application and/or accompanying plans shall indicate the record owner, location, easements or other legal restrictions and applicable information stipulated under the paragraph Definitive Plan, sub-paragraph Contents, of the Rules & Regulations Governing the Sub-division of Land, Town of Easton, Massachusetts, latest edition.

C. Upon receipt of an application, the Planning and Zoning Board shall forward to the various Town Departments having jurisdiction, one copy of said application and accompanying plans. The Board shall hold a public hearing to acquaint all interested parties with the proposal. The Planning and Zoning Board shall not approve any such application or plans for said apartment until written comments and recommendations of the various Town Departments have been returned or until thirty days have elapsed after forwarding said documents to the departments.

D. Twelve copies of the application, accompanying plans and documentations are required to be submitted to the Planning and Zoning Board.

E. The hearing date shall be no more than forty-five (45) days from the date of application. The notice of the public hearing will be published by the Board in a daily newspaper in general circulation in the Town of Easton, at least fourteen days prior to the hearing date. Further, the Board shall send a copy of said notice by certified mail, return receipt requested to each of the abutters, as depicted in the most recent tax list. The applicant shall deposit forty dollars ($40.00) to cover the cost of advertising and notices plus five dollars ($5.00) for each dwelling unit to cover the cost of engineering services and inspections.

Submitted by Planning Board.

Refer to Town Meeting. No appropriation.

Article 49. To see if the Town will vote to appropriate a sum of money to pay the salaries of two new Police Officers for the Police Department and determine whether the money shall be provided for by taxation, or by appropriation from available funds in the treasury or to take any other action relative thereto.

Submitted by Police Chief.

Finance Committee recommends $15,300 to provide additional Police coverage as felt necessary. Recommended amount is based on three-fourths of year at annual rate of $10,200 per patrolman.

Article 50. To see if the Town will vote to accept the provisions of Section 108L of Chapter 41 of the General Laws, Career Incentive pay program, a fair and concise summary of said section 108L being as follows: the career incentive pay program offers base salary increases to regular full time members of Police Departments, as a reward for furthering their education in the field of police work, and any Town which accepts the provisions of this section and provides career incentive salary increases for police officers shall be reimbursed by the Commonwealth for one half the cost of such payments upon certification by the Board of Higher Education.

Submitted by Board of Selectmen.

Finance Committee recommends approval. No appropriation. This provision is already included in Police Department contract and funds are provided in the Police Department budget.

Article 51. To see if the Town will appropriate the sum of $25,000.00 to be expended by the Cemetery Commission for the restoration of the abandoned cemeteries in the Town of Easton. This $25,000.00 will be considered similar to a revolving fund. No further funds for this endeavor will be needed for 5 years, and to determine whether the money shall be obtained by taxation, by appropriation from available funds in the treasury, or by borrowing under the provisions of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Cemetery Commissioners.

Finance Committee recommends no appropriation. Finance Committee has not been adequately apprised of the planned expenditure of this amount to justify any recommended appropriation.

Article 52. To see if the Town will vote to authorize the Cemetery Commissioners to petition the General Court to enact Legislation to enable the Town to create a Revolving Fund for the deposit of Cemetery Funds, with appropriation for cemetery purposes, gifts from the Federal Government or charitable organizations or gifts from private corporations or individuals, for cemetery purposes, to be deposited thereto, and to be held as a separate account by the Town Treasurer or to take any other action relative thereto.

Submitted by Cemetery Commissioners.

Finance Committee does not recommend. The Finance Committee generally advocates against establishment of Revolving Funds, which remove Town Meeting from any control of expenditures.

Article 53. To see if the Town will vote to amend the By-Laws of the Town by inserting the following new By-Law after Article XXI and create a Council on Aging pursuant to the provisions of Section 8B of Chapter 40 of the General Laws:

Article XXII Council on Aging

Section 1. The Board of Selectmen shall appoint a Council on Aging for the purpose of coordinating or carrying out programs designed to meet the problems of the aging in co-operation with programs of the Commission of Aging established under Chapter 6, Section 73 of the General Laws.

Section 2. The Board of Selectmen shall appoint the Council on Aging consisting of seven (7) members. Upon acceptance of this by-law, the Board shall appoint three (3) members for three (3)years, two (2) members for two (2) years and two (2) members for one (1) year term. Members can be reappointed for concurrent terms. The members of the Council shall serve without pay.

Section 3. Whenever a vacancy shall occur in the membership of the Council, by reason of death, resignation, inability to act or for any other reason, the vacancy shall be filled by appointment by the Selectmen for the remainder of the term.

Section 4. The Council of Aging at its first annual meeting and thereafter, annually in April of each year, shall elect from its membership; a President, a vice-president, a secretary, and a treasurer. Each officer shall hold office until the next annual election. In the event a vacancy occurs in any of the offices above, the Council shall hold a special meeting for the purpose of electing one of its members to fill such vacancy.

Section 5. The Council shall prepare and submit an annual report of its activities to the Town and shall send a copy thereof to the Commission of Aging.

Section 6. The Council may appoint such clerks and other employees as it may require.

Submitted by Board of Selectmen.

Finance Committee recommends. No appropriation. (See Article 54.)

Article 54. To see if the Town will vote to appropriate a sum of money for the use of the Council on Aging and determine whether the money shall be provided by taxation or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends $1,000.

Article 55. To see if the Town will vote to amend that By-Law which precludes the use of coin operated machines to allow their use under the following circumstances:

1. By non-profit organizations
2. For purpose of skill and recreation only as opposed to games of chance.
3. After licensing for the specific purpose and location by the Board of Selectmen.

Petitioned by Wilford Woodworth.

Refer to Town Meeting. No appropriation.

Article 56. To see if the Town will vote to accept Kimberly Drive as a public highway, as shown on a plan entitled "Plan of Land in Easton owned by Eldon H. Gardner" as on file at the Town Clerk's Office, and approved by the Planning Board on August 13, 1968.

Petitioned by Eldon Gardner.

Refer to Town Meeting and recommendations of appropriate Town Departments. No appropriation.

Article 57. To see if the Town will vote to appropriate a sum of money to correct drainage conditions on Gilmore Road and on Holly's Lane, as recommended in a report of Consulting Civil Engineers, C. A. Pickering Associates, Inc. dated July 2, 1970, copy of said report being on file at the Town Clerk's Office, by filling in a catch basin, removing pavement from and regrading the Easterly side of a portion of Gilmore Road, installing 500 feet of Twelve-inch drain pipe from Holly's Lane to existing drainage system on Pammy's Path and installing two new catch basins on Holly's Lane, all as described in said report and to determine whether the money shall be provided by taxation, or by appropriations from available funds in the Treasury, or to take any other action relative thereto.

Petitioned by Peter Perron.

Finance Committee does not recommend. $5,900 is requested. It is recommended that drainage correction be performed on a Town-wide priority basis. (See Article 14)

Article 58. To see if the Town will vote to accept Baltic Avenue from Summer Street to the easterly side of Lots 9 and 10 as shown on a plan entitled "Lots in Easton owned by Ernest Gailis, Jr." dated September 14, 1965 on file at the Town Clerk's Office.

Petitioned by Walter Endrunas.

Refer to Town Meeting and recommendations of appropriate Town Departments. No appropriation.

Article 59. To see if the Town will vote to accept Meetinghouse Lane as far as station 950 ft. as recommended by C. A. Pickering Associates and approved by the Planning Board, as shown on a plan by Roy C. Anderson, dated October 1, 1968. The fee to said Meetinghouse Lane to be given to the Town by the owners by deed or gift.

Petitioned by James Riley.

Refer to Town Meeting and recommendations of appropriate Town Departments. No appropriation.

Article 60. To see if the Town will vote to raise and appropriate a sum of money to cover operating expenses for "Project Talk" now leasing the former police station on Mechanic Street. "Project Talk" was established to provide the Town with a hot line for the purpose of being available to anyone with a problem of Drugs, communication, personal, etc.

Petitioned by Wilfred Roberge.

To be dismissed based on private funds to be made available. $350 requested.

Article 61. To see if the Town will vote to authorize the Board of Selectmen, for and in behalf of the Town, to purchase, to acquire by gift, or to take by right of Eminent Domain, for Conservation purposes, as requested by the Conservation Commission, a certain parcel of land, sometimes known as the "Fox Mountain Lot", consisting of thirty-five (35) acres, more or less, situated to the East of Poquanticut Avenue, owned now or formerly by Edwin White and Evelyn White, husband and wife, as shown on a plan on file with the Town Clerk's Office, or to take any other action relative thereto.

Submitted by Conservation Commission.

Finance Committee recommends. No appropriation. (See Article 62)

Article 62. To see if the Town will vote to appropriate a sum of money to purchase, to acquire by gift, or to take by right of Eminent Domain for Conservation purposes, as requested by the Conservation Commission, and the expenses therefor, a certain parcel of land, sometimes known as "the Fox Mountain Lot", consisting of thirty-five (35) acres, more or less, situated East of Poquanticut Avenue, owned now or formerly by Edwin White and Evelyn White, husband and wife, as shown on a plan on file with the Town Clerk's Office, and determine whether the money will be provided for by taxation, or by appropriation from available funds in the treasury, or to take any other action relative thereto.

Submitted by Conservation Commission.

Finance Committee recommends. No appropriation. Required amount of $5,400 to be taken from Conservation Commission budget.

Article 63. To see if the Town will vote to authorize the Board of Selectmen to sell and convey the fee in certain parcels of land, being Tax Possessions of the Town, to the Commonwealth of Massachusetts, acting by and through its Division of Fisheries and Game, Tax Titles having been obtained from the following owners, the said parcels being situated in the Hockomock Swamp area, Parcel number 1, Flora H. Biron, Little Cedar Swamp, "Richmond Lot", 8.41 acres; parcel number 2, Gustavus Dean, 5.00 acres; Parcel number 3, W. S. Gilmore, 2.16 acres and a parcel of unknown acreage; Parcel number 4, Samuel Gilmore, 5.00 acres; Parcel number 5, Powell Pryor, 2.50 acres; Parcel number 6, Louis B. Robinson, "Great Swamp", 7.00 acres; Parcel number 7, William J. R. Totman, E/Turnpike St., 3.00 acres; Parcel number 8, Lizzie P. Dean, "Great Cedar", 46.00 acres; Parcel number 9, Roy W. Hurst, "Great Swamp" #1, 13.00 acres, "Great Swamp" #2, 5.00 acres, "Great Swamp" #3, 2.50 acres; Parcel number 10, George S. Sanderson, U-56 Lots 1 & 2, 3.28 acres, all of said parcels being more or less, and also certain parcels of land situated in the Cranberry Meadow Swamp area, the Tax Titles having been obtained from Lewis Brothers, and shown on the Assessors Maps, R-11, Lot 18, 3.11 acres; R-11, Lot 16, 10 acres; U-41, Lot 2, 6.05 acres; U-41, Lot 3, 3.85 acres; R-12, Lot 1, 3.59 acres and R-12, Lot 2, 6.03 acres, all of the same being more or less, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Finance Committee recommends. No appropriation.

Article 64. To see if the Town will vote to authorize the Board of Selectmen, for and in behalf of the Town, to layout, alter and relocate, at the intersection of Foundry and Prospect Street, the Southeast and Southwest corners of said intersection, and to purchase, to acquire by gift, or to take by right of Eminent Domain, certain parcels of land, Parcel Number One (1), consisting of 1632 square feet, more or less, owned now or formerly by Halsey Coombs and E. June Coombs, and Parcel Number Two (2), consisting of 193 square feet, more or less, owned now or formerly by C. Donald Anderson and Olive W. Anderson, as shown on a plan of land entitled "Plan of Land Takings at Southeast and Southwest Corners of Intersection of Foundry and Prospect Streets" on file at the Town Clerk's Office, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Recommendation to be made at Town Meeting.

Article 65. To see if the Town will vote to accept the Layout, alteration, and relocation, of the Southeast and

Southwest corners of the intersection of Foundry and Prospect Streets, and to appropriate a sum of money, to purchase, to acquire by gift, or to take by Right of Eminent Domain, certain parcels of land, and the expenses therefor, Parcel Number One (1) consisting of 1632 square feet, more or less, owned now or formerly by Halsey Coombs and E. June Coombs, and Parcel Number Two (2), consisting of 193 square feet, more or less, owned now or formerly by C. Donald Anderson and Olive W. Anderson, as shown on a plan of land entitled "Plan of Land Takings at Southeast and Southwest Corners of Intersection of Foundry and Prospect Streets", on file at the Town Clerk's Office, and determine whether the money shall be provided for by taxation, by appropriation from available funds in the Treasury, or by borrowing under authority of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Recommendation to be made at Town Meeting.

Article 66. To see if the Town will vote to appropriate a sum of money for the Highway Department for the construction and relocation of Prospect Street and Foundry Street, at the intersection of Prospect and Foundry Street, in that part of Easton known as South Easton, and determine whether the money will be provided for by taxation, by appropriation from available funds in the treasury, or by borrowing under the authority of Chapter 44 of the General Laws, or to take any other action relative thereto.

Submitted by Board of Selectmen.

Recommendation to be made at Town Meeting. Appropriation required not known at this time.

Article 67. To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of $2,500.00 to keep Oakes Ames Memorial Hall in good order and repair, said sum of money being necessary to pay the maintenance expenses of said hall in excess of the rental and Trust Fund Income, or to take any other action relative thereto.

Submitted by Oakes Ames Hall Association.

Finance Committee recommends $2,500. This has been an annual requirement.

Article 68. To transact any other business that may legally come before said meeting.

And you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in election, residing in Precinct one, to meet at the Harmony Grange Hall; those residing in Precinct two to meet at the Easton Junior High School Auditorium, Columbus Avenue; those residing in Precinct three to meet at the Holy Cross Church Hall, on Monday the 27th day of March next at 10:00 in the forenoon to bring in their votes all on one ballot for one Moderator for a term of one year; one member of the Board of Assessors, for a term of three years; one Selectman for a term of three years; two members of the School Committee for a term of three years; one member of the Board of Health for a term of three years; Tree Warden for a term of one year; one member of the Board of Water Commissioners for a term of three years; five members of the Finance Committee for a term of three years; two members of the Finance Committee for a term of one year; one member of the Housing Authority for a term of five years; one member of the Housing Authority for a term of four years; one Collector and Treasurer for a term of three years; and to vote on the following questions:

QUESTION: Shall this Town approve the new Charter recommended by the Charter Commission, summarized below.

(To be voted YES or NO)

SUMMARY: The proposed Charter provides (1) that the present open town meeting, the present five member Board of Selectmen (elected for overlapping terms of three years) and the present five member School Committee (elected for overlapping terms of three years) be retained; (2) the present position of Administrative Assistant is redesignated, Town Administrator, and the powers and duties of the office are defined and delineated: (3) new fiscal and budgetary control procedures are established; and, (4) a combined department of public works is established.

QUESTION: Shall Licenses be granted in this Town for the operation, holding or conducting a game commonly called Beano?

(To be voted YES or NO)

A fair and concise summary of Chapter 486 of the Acts of 1971, which provides for the above question is as follows:

If a majority of the votes cast in the Town in answer to said question are in the affirmative, the Town shall be taken to have authorized the operation, holding or conducting of the game called Beano, and any fraternal organization, religious organization, veterans organization, or volunteer fire company, may if the application is approved by the Board of Selectmen, apply to the Commissioner for a license to conduct such game.

The polls will be open at 10:00 a.m. and shall be closed at 8:00 p.m.

You are directed to serve this Warrant by posting attested copies thereof, one at each meeting house and post-office in said Town, and one at the Easton Junior High School Gymnasium, and one at the Town Offices, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting, and said Town Clerk is hereby required to make return of this Warrant to the Warden or Deputy Warden at the time and place of holding said meeting for the election of officers and said Warden is hereby required to make return of this Warrant to the Town Clerk, together with his return of officers elected at the close of said meeting.

Given under our hands this 29th day of February in the year nineteen hundred and seventy-two.

JAMES D. MULLEN, JR.
CHARLES C. WILLIS
ARTHUR H. TUFTS
LEWIS N. ARIES, JR.

BUDGET NOTES

(Reference to Town Budget on Preceding Pages)

1. Budgeted amount is for nine months, based on annual salary of $16,000 and annual expenses of $500.

2. Finance Committee has recommended an increase in Selectmen's expense from $400 to $425 per Selectman; $600 per Selectman had been requested.

3. All Town Department consulting Engineering services are provided for under Selectman's budget.

4. Significant increase over last year is due to Presidential and State primaries and regular elections in 1972, plus longer voting hours as now required by State Law.

5. Moderator's salary was increased to $100 by motion from floor at 1971 Town Meeting. The Finance Committee feels that the previous amount of $25. is more appropriate.

6. The sum of $699.53 remains in the Industrial Development Commission Fund and will be used for this budget requirement.

7. This item provides for replacement of the Police radio system base station transmitter and one cruiser mobile unit which has been recommended for replacement to insure proper operation of this vital communication link. A mobile unit for the unmarked sedan is also included.

8. The requested addition of one laborer for the Tree Department has not been recommended.

9. A full-time building inspector has been recommended at an annual salary of $11,500. ($13,000 was requested). Salary recommendation provides for continuing the current salary for both the Building Inspector and Assistant Building Inspector for three months and for a full-time Building Inspector for nine months.

10. Full-time clerk is to be shared by Building Inspector, Planning Board and Board of Health. Clerical work for Building Inspector formerly provided in Selectman's budget.

11. This item allows the Civil Defense to purchase Government Surplus equipment, as it may be available, for any Town Department.

12. Major increase is for printing of Zoning By-Laws. Although budget for the Planning Board is increased significantly over last year, receipts will be significantly increased due to new policies of the Board.

13. Request to provide two tennis courts at the Unionville playground was not recommended.
14. An additional $700 over requested amount was recommended to complete ice skating rink at Easton Center.
15. $5,400 of this amount will be used for purchase of land for Conservation purposes (see Article 62 in Warrant).
16. Revolving Fund balance as of 1/1/72 was $9,485.97.
17. Second year of 3-year contract.
18. Request for Assistant Superintendent and Laborer not recommended. Three additional Laborers have been added under the Federal Employment Opportunity Act at no cost to the Town.
19. Landfill expense is based on $13,470 for first six months at Bay Road site and on $1,890 for remaining six months at Prospect Street site.
20. Total amount recommended by Finance Committee for Highway Department Budget has been reduced for purposes of appropriations by $67,000 with available Ames Highway Fund ($30,000 for salaries and $37,000 for expenses.)
21. Care of cemeteries is currently provided by Highway Department. No specific program for additional cemetery care and restoration was provided to justify any expenditure recommendation.
22. Total recommended amount for School Budget is reduced, for purposes of appropriation, by Ames and Public Funds totaling $155,825 ($89,283 applied to salaries and wages and $66,542 applied to Operating Expenses).
23. This total Budget amount is transferred from available Water Department Funds and is not reflected in tax levy appropriation.
24. The sum of $123,150, included in the total amount, is to be transferred from the Water Department Bonded Indebtedness Account (Article 28 in Warrant) and is not reflected in tax levy appropriation.
25. The total amount of $25,000 is transferred from the Overlay Reserve Account and is not included in tax levy appropriation.
26. Significant increase over 1971 is due to increased Group Insurance rates, together with additional town employees.
27. The Stabilization Fund balance as of January 1, 1972 was $132,651.73.
28. Actual amount for Town Report not available. The sum of $4,500 has been estimated.
